VOL. 60. NO. 87 VICTORIA, B. C., WEDNESDAY, APRIL 12, 1922 PRICE FIVE CENTS

Attorney-General Will Issue Fiat For Prosecutions

Hon. A. M. Manson Announces Police Commissioners Must Decide Character of Enforcement; Action Will Commence April 16.

The Lord's Day Act is to be enforced in Victoria.

Hon. A. M. Manson, Attorney-General, announced this afternoon that fiats for prosecution would be issued in accordance with the requests of the Board of Police Commissioners.

Not Retroactive.

Mr. Manson, however, ordered that prosecutions for non-observance of Sunday laws should not start until next Sunday. Persons and firms whose names were taken last Sunday for keeping open shop and for the prosecution of which the Police Commissioners have made application, need fear no prosecution. Mr. Manson said this afternoon that the cases against them would go no further.

The Attorney-General made the announcement of his decision after a conference at noon with H. S. Stevenson, chairman, and William Leal, secretary, representing the Victoria branch of the Retail Merchants' Association; J. D. O'Connell, representing the Retail Section of the Chamber of Commerce, and C. T. Cross, of the Liberty League.

Both Mr. Stevenson and Mr. Leal announced that the decision of the Attorney-General was highly satisfactory to them.

Mr. Manson decided that as no declaration of intention on his part had been given before last Sunday, it would not be fair to prosecute persons who kept open last Sunday just as they have done business on every Sunday previously.

Before he left for the steamer this afternoon on his way to Prince Rupert, Mr. Manson issued a statement embodying his decision.

Replies to Mayor.

At the same time he dictated his answer to Mayor Marchant, chairman of the Board of Police Commissioners.

"I have considered very thoroughly this matter of taking proceedings against certain individuals under the provisions of the Lord's Day Act, and I have had the benefit of the views of the Police Commission, the Ministerial Association, and the Retail Merchants' Association," Mr. Manson said to the Mayor.

"I have been advised, as you know, by yourself and your fellow commissioners that the enforcement of the Lord's Day Act in this city was not an issue at the time of your election as police commissioners. Commissioner North is not in accord with the majority of the Board in the matter.

"I gather from the press that the City Council has passed a resolution asking that I postpone issuing my fiat pending an application to the Federal Parliament for an amendment to the Act.

Should Issue Fiat.

"In the face of these premises and after most mature consideration and in face of the fact that by statute the municipal authorities are clothed with the responsibility of law enforcement, I have concluded that I should favorably consider the application for a fiat.

Against Discrimination.

"I feel that the scheme of the Act is for enforcement on a local basis, and that the responsibility is that of local Police Commissioners.

"I propose, however, to impose this limitation that there shall not be discrimination in prosecution as between members of the same class. I note in the resolution of the Board of April 7 that the Chief of Police was to be instructed to close all stores that are operating contrary to the Lord's Day Act. It would not be just, for instance, to permit a drug store to vend merchandise which an-

(Concluded on page 4)

VENIZELOS SAYS ATHENS REPORT IS RIDICULOUS

Athens, April 12.—The report that former Premier Venizelos has been invited by King Constantine to resume the premiership is characterized in responsible circles as "mere conjecture." It has been hoped, it was stated, that the former premier would devote his activities while abroad to supporting the national cause, in the general effort to obtain an honorable peace with the Turks and safeguard the national interests. His sudden return to Europe was thought to be in connection with this movement.

M. Venizelos, interviewed in Washington Monday, characterized as "ridiculous" the report that he had been asked by the King to head the Cabinet. He said he would probably leave shortly after May 1 for Paris.

MOSCOW TEMPLE STRIPPED OF JEWELS

Robbers Took Treasures from Chapel of Iberian Virgin

Negotiations On for Requisitioning of Church Treasures

Moscow, April 12.—In the midst of the negotiation of requisitioning of church treasures, the famous chapel of the Iberian Virgin, in Red Square, at the gates of the Kremlin, was entered by robbers, who secured jewels valued at five million gold roubles by stripping some of the most sacred ikons in Russia of their diamonds and pearls and taking bejewelled, crowns and other valuables.

The robbers cut a hole in the roof of the chapel the night of April 7 and descended into the church by means of a rope ladder. The jewelled copy of the most holy Iberian ikon, brought to Moscow in 1648 from Mount Athos and before which innumerable Emperors paid homage every time they passed into the Kremlin, was stripped of all its jewels and also partly defaced. The tiny chapel, which has always been the Mecca for the devout of orthodox faith, was strewn with broken lamps and other sacred furnishings which the robbers apparently were unable to carry off with them.

When the news of the robbery gained circulation the chapel was thronged with crowds of the faithful who attended a special service.

BRITISH PREMIER ON DISARMAMENT

Correspondence With League of Nations Union Published

London, April 12.—Correspondence between the League of Nations Union and Mr. Lloyd George, British Premier, regarding a reduction of armament by European nations, was made public last night.

The executive committee of the Union represented to Mr. Lloyd George that at a recent conference in Birmingham the Union had decided to urge that any guarantee given France and Belgium should be a part of a general defensive alliance based on a reduction of armament.

Mr. Lloyd George replying, said it was proposed to discuss at Genoa merely that the states represented there should give a mutual undertaking to refrain from aggression. He said the guarantee to France rested upon special grounds, being one of the main conditions upon which France accepted certain important provisions of the Treaty of Versailles, including the formation of the League of Nations.

Replying to Mr. Lloyd George's letter, Lord Robert Cecil said the executive committee was not dealing with the proposed pledge against aggression, but with the suggested Anglo-French and Anglo-Belgian agreements and must express the hope that the British Government would not revert to the system of partial alliance, which it was one of the objects of the covenant of the League of Nations to terminate

BILL TO REDUCE NUMBER OF LORDS

Substitute "Aristocracy of Brains for Aristocracy of Birth"

London, April 12.—An endeavor to substitute an "aristocracy of brains for an aristocracy of birth," is embodied in a bill for the re-constitution of the House of Lords, which Colonel Claude Lowther to-day obtained permission of the House of Commons to present. He gave this description in making application for the privilege of presenting the measure which provides for a reduction in the number of members of the Upper House from 730 to 300, apart from princes of the blood. It also contains a provision for the creation of peers for life, with uninheritable titles and privileges.

RECIPROCAL TARIFF BETWEEN AUSTRALIA AND NEW ZEALAND

London, April 12. — (Canadian Press Cable)—An agreement has been signed for a reciprocal tariff between Australia and New Zealand, according to a Reuter dispatch from Melbourne.

EARLDOM CONFERRED ON NOTED STATESMAN; SIR ARTHUR BALFOUR

London, April 12.—King George has conferred an earldom upon Sir Arthur James Balfour, it was officially announced to-day.

TRUCE DECLARED ON FERMANAGH BORDER

Pact Arranged by Ulster and Free State Troops

Does Not Bind Supporters of De Valera

Belfast, April 12.—A truce has been declared between the Ulster special constables and the Free State troops which have been in menacing proximity along the Fermanagh border between Ulster and Southern Ireland, it was announced to-day.

Sir Basil Brooke, commanding the Fermanagh specials, crossed into Free State territory at Black Lion, near Belcoo, yesterday and conferred with the rival leaders.

Agreement.

The interview was harmonious and an agreement was reached under which both sides will withdraw their forces a short distance from the border line. Each commander agreed to punish infringers of the pact.

Massing on Levan.

The pact does not bind the supporters of Eamonn de Valera, who are massing on the shores of Lough Levan, near the town of Garrison, where they have erected a large telescope and are keeping constant watch upon the specials. Last evening a dozen motor cars brought reinforcements for the republicans.

HOUSE SHORTAGE ACUTE IN LONDON

People Find It Difficult to Secure Shelter

London, April 12.—(Canadian Press Cable)—Remarkable stories concerning the house shortage in London were told yesterday in the Bow Street County Court during the hearing of a number of possession summonses.

One man said he had packed his family in one room while he slept in a shed in the garden throughout the Winter.

A woman said it was now customary to read the death notices and then inquire at the house whether the death meant accommodation for a lodger.

Another man told the court he had never lived with his wife because his landlady refused to have her in the house.

A new employment for commercial travelers was revealed, namely, seeking houses and rooms for clients on commission.

PREMIER DUNNING ISSUES MANIFESTO

To Carry Out Mandates Given by ex-Premier Martin

Regina, April 12.—Declaring his intention to carry out the mandates given by ex-Premier Martin at the provincial election last year, Hon. C. A. Dunning, Saskatchewan's new Premier, last night issued a manifesto to the people of the Province. In his declaration of policy Premier Dunning makes an appeal for the support of the farmers in the following terms:

"On the basis of record and policies, both myself and government have at least an equal right for the support of the farmers of Saskatchewan with those who are opposed to the government in the legislature, whether they be members of the Grain Growers' Association or not."

"The government," says the manifesto, "desires to set its course in a manner which will merit confidence by reason of sane progressive, liberal policies and administration, endeavoring to avoid on the one hand the expensive errors of extreme radicalism and on the other hand the equally harmful errors of reactionary policies."

PRINCE OF WALES ARRIVES IN JAPAN

Welcomed on Reaching Yokohama by Premier Takahashi

Received by Empress at Imperial Palace at Tokio

Tokio, April 12.—The Prince of Wales arrived here this afternoon on a special train from Yokohama, and was driven in an open carriage, escorted by cavalry, to the Imperial Palace, where he was received by the Empress. Later he went to the Akasaka Palace, where he will reside while in Tokio.

Thousands of Japanese and foreign visitors joined in welcoming the British Prince here.

Premier Takahashi, in his official message of welcome on the Prince's arrival, said that the Royal visitor's coming to Japan would go down in history as an epoch heralding the growing harmony and accord between the East and West.

Greeted At Yokohama.

Yokohama, April 12.—The Prince of Wales arrived to-day for his official visit to Japan. Thousands greeted him as he landed from the British battlecruiser Renown, which brought him from India.

His reception was carried out according to the programme to the minutest detail.

While the occasion was essentially Anglo-Japanese, the American colony was assigned to an advantageous spot from which to view the procession.

The Renown was escorted from sea by the Japanese light cruiser division and in the bay six battleships, including the famous Mutsu, joined the escort. As the vessels entered the harbor there was a roar of guns and a shrieking of sirens. Every class of society was represented in the crowds on the wharves.

The Prince was conveyed from Yokohama to Tokio in a special train, three coaches of which were especially built for his visit.

FORESTRY CAR IS VIEWED BY MANY

Crowds View Striking Forest Exhibits Here Now

Why Canada must conserve its present vast forest resources if its industries and agriculture are to thrive is strikingly explained by exhibits in the Canadian Forestry Association's forestry exhibition car which reached Victoria yesterday afternoon, and is now open to the public at the Esquimalt and Nanaimo Railway station here.

Since its arrival the car has been visited by large numbers of Victorians who are showing keen interest in the effort of the Forestry Association to educate Canadians to save their forests from destruction through carelessness. From the time it was opened at ten o'clock this morning the car was filled with people anxious to view the exhibits on show and this afternoon school children will visit the car.

The car will remain in Victoria until to-morrow afternoon when it will be hauled by the up-Island train as far as Shawnigan where it will be held until the next day. The car will then make a tour of the chief up-Island points before being taken to the Mainland. As it came out here direct from Ottawa without a stop it will work slowly back to Eastern Canada, stopping at all important points en route and arriving in Ottawa some time in June. Then it will tour the Maritime Provinces This is the third year in which the car has been in operation.

Striking Exhibits.

"The Forestry Protection School on Wheels," as the car is called, has been fitted up at enormous expense by the Forestry Association which has a membership of 13,000. It contains samples of all Canadian woods and exhibits showing their various uses as well as attractive charts and diagrams all illustrating the importance of Canadian forests. Models indicating the varied uses of timber, from canoes to railway ties, also are contained in the elaborate exhibits. A striking model landscape, showing how forest fires destroy the fertility of farm lands by robbing them of an adequate water supply, is a feature of the car's "cropping" forests instead of "mining" them and so ruining them for all time. Models of animals and birds which, by destroying insects, help to conserve forests, also are shown.

"The people of Victoria are showing a very gratifying interest in the forestry car," G. Gerald Blythe, assistant secretary of the Forestry Association, who is in charge of the car, told The times this afternoon. "Over eight hundred people looked over the exhibits this morning and we are expecting that this number will be greatly increased by the end of the day. To-morrow we expect even a larger crowd. The exhibition car was prepared at enormous expense, but we believe that by personally showing everyone why the forests of our country should be protected and securing their assistance in helping to conserve our virgin timber lands, if they only by making sure that their own camp fires are extinguished, the money will be well spent. Everywhere the car has been great interest has been shown, and the tour thus far has been a complete success."

The car's up-Island itinerary is as follows: Duncan, April 15; Chemainus, April 17; Ladysmith, April 18; Nanaimo, April 19; Parksville, April 20; Courtenay, April 21; and Alberni, April 22.

SENT UP FOR TRIAL.

Montreal, April 12.—George McConnell, 18, was yesterday sent up for trial on a charge of stealing $4,915, from the Royal Bank of Canada.

HOUSE OF COMMONS REJECTS EFFORT TO LIMIT SPEECHES

London, April 12. — (Canadian Press Cable) — The House of Commons spent a couple of lively hours yesterday discussing whether there was any occasion to shorten the length of speeches. The suggestion was put forward that time records showing the length of speeches should be set up in the hope that their moral influence would be sufficient to curtail unnecessary loquacity.

The House, however, would not entertain the idea and rejected the suggestion on a free vote by 199 to 21.

ASSISTING BRITISH SETTLERS OVERSEAS

Provisions Contained in Empire Settlement Bill

London, April 12.—(Canadian Press Cable)—The Empire Settlement Bill, which was introduced in the House of Commons on April 7 by Lieut.-Colonel Amery, parliamentary secretary of the Admiralty, as a Bill to make better provision for furthering British settlement in the overseas Dominions, contains the following provisions:

The Secretary for the Colonies, Right Hon. Winston Churchill, will be associated with the Government of any of the Dominions or with approved private organizations in the United Kingdom or in the Dominions to co-operate in carrying out agreed schemes for affording joint assistance to suitable persons in the United Kingdom who intend to settle in any part of the overseas Dominions. An agreed upon scheme may be either for the development of the land settlement scheme or for facilitating settlement in or migration to any part of the Dominions by assistance with passage money or initial allowances for special training.

State Contribution.

The contribution of the Department of the Secretary of State for the Colonies is not to exceed half the expenses of any schemes undertaken and the liability of the Department in contributions under the scheme is not to extend beyond fifteen years after the passing of the Act.

The aggregate amount of expenditure under the Act is not to exceed £1,500,000, the first year or three millions in any subsequent year. The Bill was given its first reading on April 7.

In welcoming the Bill, The Times reviews the activities of the overseas Dominions to the same end. It says the duty falling upon the Imperial Government of recruiting settlers whom the Dominions will be able to absorb demands the unflagging energy of the Government and a high standard of efficiency in its officers. Only by giving pound for pound, effort for effort, sacrifice for sacrifice The Times says, "will the people of the Dominions make the introduction of the Bill the beginning of a new chapter in the Empire's history."

GASOLINE CARS FOR BRANCH RAIL LINES

Plan Considered to Give Service and Meet Operating Costs

Ottawa, April 12.—The future of the self-propelled gasoline railway car, to meet the needs of branch lines service and with due regard to operation costs has been considered by the Canadian National Railway management, according to Hon. W. C. Kennedy's railway statement in the House yesterday.

Hon. Mr. Kennedy said that a problem which in recent years had confronted every management was that of providing suitable service on branch lines at a cost not out of proportion to the earnings and capable of meeting many cases of motor car competition. This self-propelled gasoline car seemed to be most suitable. The Canadian National Railways had been active in obtaining experience with this plan of operation. Much would depend upon the attitude of railway labor toward the gasoline car, which could take care of branch line service, if expenses of operation were not made too costly in the matter of wages. In this effort to cut heavy costs and yet provide reasonable service, the co-operation of railway labor was invited.

"As a matter of fact," the minister stated, "these branch lines suffer not only from heavy costs of operation but from the competition of the motor car and motor truck, a competition which is increasingly felt each year by all railways."

BLIZZARD RAGES IN SUNNY ALBERTA

Lethbridge, Alta., April 12.—Another blinding snowstorm descended on Sunny Alberta on Tuesday evening and a real North Dakota blizzard is raging this morning. Another four and a half inches of snow had fallen up to 7 o'clock and the snowfall is continuing.

COMMONS ADJOURNED

Ottawa, April 12. — (Canadian Press)—The Commons stands adjourned until Wednesday, April 19. The Senate will not sit until Tuesday, April 25.

OPPOSING FACTIONS OF SOUTH IRELAND

De Valera, Burgess, Collins and Griffith to Attend

Rival Leaders to Meet at Peace Conference

Belfast, April 12.—The Peace Conference between the leaders of the opposing parties of Southern Ireland will open in Dublin to-morrow afternoon, it was announced here to-day. The Conference, which was to have opened to-day was postponed so as to enable Archbishop Byrne of Dublin, to attend.

Lord Mayor O'Neill, of Dublin, informed the Belfast Telegraph correspondent in Dublin to-day that Stephen O'Mara, Lord Mayor of Limerick, also had been invited to the conference and had accepted. The other invitations, acceptance of which was announced yesterday, were extended to Eamon deValera, Charles Burgess, Michael Collins and Arthur Griffith.

Lord Mayor O'Neill, who has been largely responsible for the move to bring the rival leaders together, was asked as to the scope of the conference and whether it was called to discuss the question of unity or only the best means of restoring order:

"You never know what will happen," was his reply.

Raids.

Dublin, April 12.—The Home Minister announced that organized raids were now being made on republican as well as Provisional Government courts and the evidence indicated that the same forces were acting against both courts, "the object clearly being to disestablish law and order and create chaos and anarchy."

LEFT AS TOURIST; DIED BY ASSASSIN

Untimely Fate of Woman Passenger on World Tour

An assassin's bullet brought to an end the life of Mrs. W. J. Snyder, of Brazil, Ind., who left here as a tourist on the Pine Tree State when that vessel sailed to the Orient.

The steamer, on her return yesterday, brought some details of a tragedy which was briefly cabled on March 29 from Shanghai. Mr. and Mrs. Snyder, on a world tour, debarked to see the city when the liner arrived at Shanghai from Manila, and when they went ashore they became involved in a dispute in which two Koreans attempted to assassinate General Tanaka, former Minister of War in Japan, who was also a passenger on the ship.

A fusilade of shots were fired, and five person dropped, including Mrs. Snyder, who died later. The other bystanders hit by the bullets were not seriously wounded.

It is understood the attempted assassination arose out of events in Korea. Shanghai has an uneviable record for political assassinations owing perhaps to the protection to fugitives afforded by the international settlement.

CONDITION OF PRINCESS ELIZABETH OF GREECE IS CAUSING ANXIETY

London, April 12.—The condition of Princess Elizabeth, wife of Crown Prince George of Greece, is causing anxiety, says a Central News dispatch from Athens, dated Tuesday. Fever has developed and the patient has a temperature of between 102 and 104 with some hemorrhage.

(An Athens dispatch last Friday said Princess Elizabeth was seriously ill of typhoid fever.)

OVER $1,000 FROM ANGLICANS

Splendid Response for Save the Children Fund

The Save the Children Fund is greatly increased to-day by the splendid beneficence of the Anglican Churches of the Diocese, which contributed through the Synod office the generous sum of $957.79. This, however, does not represent all the contributions of the Anglican Churches of Victoria and district, as many sums have been sent to the treasurer from individual churches which if totalled would bring the gifts of these churches to well up over $1,200.

The total amount to date from Victoria to this fund is close upon $5,000, and all this is in money. The treasurer despatched an additional £100 to London this week before the Diocesan contribution reached. He will now be able to cable another £200, which will bring the total from Victoria to this fund close upon £1,000. This we are assured will provide for the feeding of 1,000 children daily spread over a period of five months. Further contributions may be sent to the Treasurer,

(Concluded on page 4)

MOTHER ARRESTED.

Winnipeg, April 12.—Following the verdict of a jury that Tilda Fehr, 10 months old, of Haskett, Man., had died from blows on the head, delivered by her mother, Mrs. David Fehr, has been placed under arrest. Mrs. Fehr is alleged to have slapped the baby so severely on the head that its skull was fractured.

Plan Is to Limit Armaments For Definite Period

Premier Lloyd George Expected to Suggest Agreement at Genoa For "Army Holiday" Patterned After Washington Naval Pact; France Opposed to Discussion of Armaments at Economic Conference.

Genoa, April 12.—Prime Minister Lloyd George of Great Britain is expected to propose at the earliest opportunity, probably at to-morrow's sitting of Commission No. 1 of the Economic Conference, a pact or understanding that no nation shall attack another, thus abolishing the possibility of war for the duration of the pact, Reuter's correspondent to-day says he has learned.

Army Holiday.

Genoa, April 12.—Prime Minister Lloyd George of Great Britain contemplates suggesting an agreement for limitation of armaments in Europe for a definite period, according to an unverified report, before the adjournment of the present International Economic Conference. "The army holiday," it is thought, will be patterned after the naval holiday completed at the Washington conference.

Disarmament continues to be the most discussed question among the delegates here, although barred from formal consideration following an initial tilt between the French and Russian delegations when M. Tchitcherin, Soviet Foreign Minister, endeavored to bring it before the conference.

France's Attitude.

The statement of Louis Barthou, head of the French delegation, to the Associated Press yesterday explaining why France cannot discuss armament at Genoa probably will remain the basis of the French attitude on this question, despite the attempts of the Russian delegation or other national groups to raise the issue.

"This is a purely economic conference," said the French leader last night, again emphasizing France's position, "and we have simply got to stick to our agenda as America did at Washington, otherwise we will get nowhere."

Asked if France would be disposed to discuss disarmament at some later conference, M. Barthou replied: "If I wanted to say the easy, pleasant thing, my answer would be yes, and yet the real answer of France is, we don't know.

Have Menace.

"Don't forget that we have before us a great army in Russia, and while Germany certainly is not a menace at present, we have a menace in the potentially great German army of the future. You have, perhaps, observed the anodyne texture of the German Chancellor's speech before the Genoa conference. We do not know what Germany will do, but I can say this, my latest official reports from Paris do not indicate that Germany is in a tractable spirit concerning the vital matters embodied in the Versailles Treaty."

M. Barthou emphasized that a disarmament programme is under consideration by the League of Nations, which, he said, it would doubtless give proper attention.

Strange Bedfellows.

Genoa, April 12.—Politics is making strange bedfellows in Genoa, or rather, economics is doing so, if one chooses to accept the statement, reiterated fifty times daily by its framers that the Genoa conference is not political.

It certainly is unusual to find the soviet chief, Tchitcherin, sitting visavis with Constantine Diamandy. Four years ago the Bolshevists had Diamandy in jail in Petrograd. At that time he was the Roumanian minister accredited to the Kerensky government, and the diplomats of the whole world were storming against the soviet's violation of his diplomatic immunity.

The sight of Adolph Joffe and the German chancellor, Dr. Wirth, in conversation, recalls Joffe's very sudden expulsion from Berliu four years ago. He was then Bolshevist ambassador in Berlin, according to the terms of the Brest-Litovsk treaty, but the

(Concluded on page 4)

Allied Demands For Recognition Amaze Russians

Genoa, April 12.—The Russian soviet delegation to the economic conference is staggered and amazed at the sweeping political changes in the Soviet Government suggested in the report of the Allied experts on Russia, now before the sub-commission entrusted with formulating plans for Russian reconstruction.

Lenine, Trotzky, Tchitcherin and other of the Bolshevik leaders have repeatedly said that the recognition of Russia's old debts would be a subject for negotiations looking toward the recognition of the Soviet Republic. The demand embodied in the report for general recognition of the rights of personal property and better protection for foreigners contemplate changes in the soviet government, however, which would, in the opinion of the Russian delegation, as expressed to-day, wipe out communism utterly and impair the sovereignty of the Russian government.

MINING PROPERTIES MAY BE DEVELOPED

By New Treatment of Zinc Ores in Kootenay District

Nelson, April 12.—A zinc schedule, the first in the history of Canadian mining, has been issued by the Consolidated Mining & Smelting Company of Canada, in connection with its smelter at Trail, and particularly in connection with a special plant now being built by the corporation to treat the custom zinc ores of the Slocan and other silver-lead-zinc sections on similar lines to the treatment of its own enormous tonnage from the Sullivan mine. It is expected this new departure will lead to the opening of many properties that otherwise would not have an incentive to open, besides assisting many now operating.

The smelter will pay for from 60 to 85 per cent. of the zinc, for 80 per cent. of the gold and the silver in said zinc ore, and for 89 per cent. of the lead, less five units. The gold, silver and lead recoveries will be in the smelting of the residues after the leaching out of the zinc, and the smelting charge will be less as the zinc tenor increases. This is the greatest advance in Kootenay mining since the conquest of the complex Sullivan ores by the Consolidated at a cost of $3,000,000.

NAVAL SQUADRON BACK AT HALIFAX

Halifax, April 12.—The Canadian naval squadron, consisting of the light cruiser Aurora, destroyers Patriot and Patricia, and the submarines Ch-14 and Ch-15, have arrived in Halifax from West Indian waters.

CASE MAY GO TO JURY LATE TO-DAY

Arguments for Defence Closed in Arbuckle Trial

San Francisco, April 12.—If it be true that Roscoe C. (Fatty) Arbuckle has a "million dollar defence" as charged by the prosecution, declared Gavin McNab in closing arguments for the defence to-day in the film comedian's manslaughter trial, then the state has a "five hundred million dollar prosecution, with police and sheriffs and all the property of the city at its command."

McNab will be followed by Leo Friedman, assistant district attorney and the case is expected to go to the jury late to-day.

The defence attorney said he did not know where the prosecution got its information about any "million-dollar defence." He attacked the prosecution for keeping two of its main witnesses, Zey Provost and Alice Blake, in seclusion under the care of an attache of the sheriff's office.

McNab credited the prosecution with saying that it was afraid the witnesses would be tampered with, and then asked "why attempt to convict a man on testimony that can be tampered with?"

TOURIST TRAFFIC MEANS PROSPERITY

M. J. Carrigan of Seattle Gives Able Address

Industries Follow Settlement, Business Men Told

Acknowledging with a due sense of approaching the reciprocal spirit shown by the Seattle Chamber of Commerce, James H. Beatty to-day introduced M. J. Carrigan, director of the Seattle Chambers tourist bureau which is spending this year the sum of $100,000 on publicity at the luncheon of the Tourist Group of the Victoria Chamber and members of the executive of the Victoria and Island Publicity Bureau.

There are twelve and a half million cars in the world, ten million of which are privately owned, only one million of these have traveled over 200 miles from home.

These cars will carry one-third of the population of the United States, yet it is a fact that to-day the rail and steamship lines are carrying seventy-five per cent of the traffic, though it is possible for the latter to carry a greatly decreased proportion of what the automobile will carry.

Every man when he buys a car has in the back of his head the resolve that he is going to make a long trip some day and the idea is in the mind of every man and woman in Canada and the United States to-day.

The automobile has changed the life of the American continent.

The tourist industry is the greatest unorganized industry in the country. It is the outgrowth of the past six years he said.

A Large Income.

The Seattle Chamber of Commerce with a membership of 3,000, has an annual income of $300,000, Mr. Carrigan proceeded. It has two sources of membership and budget.

For two years the Chamber has spent between $75,000 and $100,000 in industrial advertising, but it was discovered that the tourist traffic was what was needed to build up population. "Population is followed by industry," said the speaker, who went on to explain the wonderful success of California, where the 4,000 miles of splendid hard surface roads were paid for by the tourists.

In 1920 tourists left $175,000,000 in California and the majority of land sales in that State were made to tourists, and the same applies to other years and to other States, he said.

"The continued growth and prosperity of the Pacific Northwest depends upon the attraction to it of more man-power."

After outlining the publicity campaign carried on by the Seattle Bureau, which is extremely far-reaching in its ramifications, Mr. Carrigan pointed out the importance of following up the advertising with personal service.

Half Million Tourists.

"We are counting on 500,000 tourists going to California this year, of whom 300,000 will reach Seattle.

"Fifty thousand cars will come north over Alderman Todd's Pacific Highway, of whom many will visit Vancouver Island."

The speaker paid a high tribute to Alderman Todd and George I. Warren for the co-operation which has been built up between Seattle and Victoria.

Mr. Carrigan said the Seattle Bureau intended sending as many visitors to Victoria as possible.

"Every man in Victoria should know about what Victoria and the Island has to offer. Study up the subject and be prepared to meet your visitors with cordiality and the ability to tell them all they want to know about your Island," said the speaker, who went on to quote figures to show how the tourist traffic had spelled prosperity and development.

"The Sidney-Anacortes motor car ferry service will enable us to send you fifty tourists where we could send you one before. The man who conceived the idea of that ferry in years to come will be held in loving memory by the people of Victoria," said the speaker.

Mr. Carrigan was generously applauded for his splendid address.

GREAT BRITAIN RESUMES LEAD IN SHIPBUILDING

Orders for 2,235,998 Tons on Hand; Lloyds Figures

New York, April 12.—(Canadian Press)—With world shipbuilding rapidly reverting to the pre-war scale, Great Britain has resumed her great lead over the other countries of the world in the construction of ships of all classes. At the same time the United States, despite the great agitation for increased maritime power, has fallen behind.

This is disclosed by a statement issued here to-day by Lloyds. It shows that the shipyards of the United Kingdom have orders in hand totalling over 500,000 gross tons more than before the war. The United States yards have orders in hand for only 136,000 gross tons, a decrease of about 10 per cent. from the figures for July, 1914. All other countries than the United States and Great Britain, with the exception of Germany, for which no authentic figures are available, now have under order more than double the pre-war construction aggregate for these nations. The figures showing the amount of shipbuilding orders now in hand gave a clear indication of the lead held by Great Britain.

They are: United States, 136,266 tons; United Kingdom, 2,235,998 tons; all other countries, 1,307,358 tons.

The British dominions, according to Lloyds' figures, now have 63,650 tons under construction against 66,469 tons on January 1, 1922.

HEINTZMAN & CO.
GIDEON HICKS, Manager
Opposite Post Office Phone 1241

April 8, were laid to rest yesterday afternoon. Service was held at the Thomson Funeral Home at 2 o'clock. The Rev. Samuel Cook, of the Fairfield Methodist Church, conducted a very impressive address. There were many friends present, and the casket was covered with beautiful floral designs. Interment was made in Ross Bay Cemetery.

The death occurred at an early hour this morning at the family residence, 1165 Chapman Street, of William Waggott Harker, aged 59 years, a native of England and a resident of Victoria for the past fourteen years. The late Mr. Harker was for many years in charge of the cycle department of Plimley & Ritchie, Limited, and has many friends in the city who will regret to hear of his demise. He is survived by his widow and two sons—William and James—and one daughter, Elsie. The remains are reposing at the Thomson Funeral Home until Friday, April 14, when they will be removed to the Fairfield Methodist Church, where services will be held at 2 o'clock, Rev. S. Cook officiating.

EXPERTS SEEKING BEST WAY TO SAVE B.C. MONEY ON P.G.E.

Premier Oliver to-day received the draft report of W. P. Hinton on the office organization of the Pacific Great Eastern Railway.

"This report deals with office organization and operation," the Premier said. "I cannot say anything about it at present."

Mr. Hinton is former general manager of the Grand Trunk Pacific Railway.

In connection with his plan to reduce the losses of the Province on the P. G. E., the Premier decided to take advantage of the railway experience of Mr. Hinton and invited him to review the office and management organizations.

Investigation into the engineering features of the P. G. E. is now being carried on by John G. Sullivan, the Premier said. Mr. Sullivan is former chief engineer of the C. P. R. He has been chosen by the Government from a list of competent engineers nominated at the request of the Premier by E. W. Beatty, president of the C. P. R., and D. B. Hanna, chairman of the Canadian National Railways.

Mr. Sullivan will advise the Government on the feasibility of linking up the P. G. E. with the transcontinental railways by building a connection between Clinton and Ashcroft. He will also take up the question of abandoning the railway through the heavy mountain section between Clinton and Squamish and turning it into a highway.

Mr. Sullivan was born in 1863 at Bushnell's Basin, New York State, took an engineering course at Cornell University, and was graduated in 1888. He entered the service of the Great Northern Railway as rodman and instrument man, and by 1890 was assistant engineer of the Spokane Falls and Northern Railway. Other important positions held by him were: Assistant engineer of the Great Northern Railway, 1890-92; assistant engineer of the Alberta Railway & Coal Company, 1893-4; locating engineer of the Butte, Anaconda & Pacific Railway, 1894; principal engineer on the Kaslo & Slocan Railway, 1895; reconnaissance engineer, Columbia & Western Railway, 1896-7; divisional engineer of construction, C. P. R., 1900-1905; assistant chief engineer on the Panama Canal project, 1905-07; manager of construction, Eastern lines of C. P. R., 1907-08; assistant chief engineer, C. P. R., Montreal, 1908-11; assistant chief engineer of Western lines of the C. P. R., 1911; chief engineer of Western lines, 1911-1915; chief engineer of the C. P. R. 1915-18; consulting engineer of the C. P. R., 1918-20. Mr. Sullivan is now chairman of the Manitoba Drainage Commission, and resides at Winnipeg.

Mr. Sullivan was chairman of Committee No. 16, Economics of Railway Location, American Railway Engineering Association, 1914-17, and president of the association in 1918. He is also a member of the American Society of Civil Engineers and of the Canadian Society of Civil Engineers.

OBITUARY RECORD

The funeral of Stuart Everitt Coupland, son of Mr. and Mrs. J. W. Coupland, of 1031 Pandora Avenue, who was accidentally killed in Seattle on April 1, was held yesterday afternoon, the cortege leaving the Sands Funeral Chapel and proceeding to Christ Church Cathedral, where an impressive service was conducted by Rev. Dean C. S. Quainton at 2 o'clock. The hymn, "Rock of Ages," was sung. There were a large number of beautiful floral tributes. The following acted as pallbearers: John R. Kerr, W. J. Holman, H. E. Savage and C. G. Keen. Interment was made in Ross Bay Cemetery.

The death occurred on April 10 at the Jubilee Hospital of Ernest Douglas Anderson, the sixteen-year-old son of Mr. and Mrs. Andrew R. Anderson, of Saanich. He was born in Saanich, and is survived by his parents, three brothers, Rennie, Albert and Roy, all at home; one sister, Jean, in Fernie, B. C. The funeral service will be held Friday at 3.30, at the Sands Funeral Chapel. Interment will be made at St. Michael's Cemetery, Royal Oak.

There passed away at an early hour this morning at the Royal Jubilee Hospital, Henry F. Kolterman, aged 67 years. He was a native of England and a resident of Victoria for the past eight years, lately residing at 1013 McCaskill Street. He is survived by his widow and three sons. Funeral service will be held from the Thomson Funeral Home on Saturday afternoon at two o'clock. Rev. F. A. P. Chadwick will officiate.

The remains of the late Mrs. Eliza Reid, who passed away on Saturday,

COLLEGE PROBATIONERS SHOW LARGE DECLINE

The Christian Guardian contains a very interesting summary of ministers of the Metropolitan Church in 1921 as compared with 1914, the figures being as follows:—

	1914	1921
Ministers on circuit, including professors in Colleges, Evangelists and General Conference Officers—	1623	1719
Superannuated and Supernumerary Ministers	391	420
Left without a station	72	101
Probationers on Circuit	227	81
Probationers at College	521	195
Left without a Station	25	20
Total Ministers and Probationers	2869	2536

ANTI-CLOSED SUNDAY OBSERVANCE LEAGUE TO BE FOUNDED

Following the deputation that waited on the Attorney-General to-day, the heads of all organizations in Victoria have been invited to attend a conference in the Chamber of Commerce auditorium next Tuesday evening to further the organization of an Anti-Blue Sunday League to fight for the rights of the men who are carrying on business. The meeting will discuss plans for having a plebiscite taken, the Attorney-General and Police Commissioners having agreed that the views of the majority have not been heard.

The action of the City Council provides that a plebiscite may be held, when supported by a petition of 20 per cent. of the electorate in such important matters. This leads to the belief that such action would be agreeable to the authorities, according to a statement to The Times.

The Retail Merchants' Association issues a statement through H. S. Stevenson, Chairman, that in the event of the fiat being issued from the Attorney-General the association requests stores to close next Sunday and succeeding Sundays, until the subject has been settled.

Specially milled from selected locally grown oats.

The Literary Digest
FUNK & WAGNALLS COMPANY
PUBLISHERS

NEW YORK November 25, 1921.

Canadian Daily Newspapers Association,
902 Excelsior Life Building,
Toronto, Canada.

Dear Sirs:-

As we approach the end of the fifth year during which time we have continuously used the columns of the leading newspapers of Canada to advertise The Literary Digest to the Canadian public, we are pleased to say that the results of this publicity have been very satisfactory.

Of course, the "Digest" occupying as it does a unique position in the periodical world by presenting the concensus of public opinion throughout the world on all the important subjects that interest mankind, appeals only to those men and women of intelligence who would keep abreast of current thought and action. For this reason it is necessary that we select only newspapers of high quality to carry our announcements. The papers we are using in Canada measure up fully to the required standard.

If one would reach the better class of Canadian readers one must do so through the journals constituting the Canadian Daily Newspaper Association.

Very sincerely yours,
THE LITERARY DIGEST.

George A. Dawe
Advertising Manager.

What more striking tribute to the power of Daily Newspaper Advertising could be had than this letter from the publishers of a WEEKLY PERIODICAL, which has gained its circulation through the daily press. We repeat their comment, based upon five years' experience:

"If one would reach the better class of Canadian readers one must do so through the journals constituting the Canadian Daily Newspaper Association."

Issued by The Canadian Daily Newspapers Association, Head Office, Toronto.

CHINESE IMMIGRANTS ARE EXCLUDED BY DECISION OF COURT

Appeal Court Reverses Ruling in Wong Shee Case

Vancouver, April 12.—The most far-reaching judgment by the Court of Appeal at the present sitting was handed down yesterday when the Court by unanimous decision of all its members reversed the decision of Chief Justice Hunter in the Wong Shee case, holding that the amendment to the Court of Appeal Act passed by the Legislature in 1920 does not apply to Federal or criminal law.

The effect of the decision will be to immediately exclude about twenty Chinese immigrants seeking admission to Canada, and to make the Immigration Enquiry Board practically supreme in dealing with Chinese and other immigrants. Nearly a score of cases have been waiting the decision in the Wong Shee case.

Wong Shee is the Chinese wife of a Vancouver Chinese merchant. She claimed the right to enter Canada as being a member of the merchant class. The immigration authorities held that she was of the labor class, and excluded her. They were upheld by the Minister of Immigration, but on habeas corpus proceedings the woman was freed by Chief Justice Hunter, who held she was eligible to enter Canada.

The Court followed the law previously laid down in the Munshi Singh case holding it was unaffected by the 1920 amendment to the Court of Appeal Act.

Women in Poland were recently granted equal rights with men in sitting on juries. This privilege makes Poland the first country of Continental Europe to legalize women jurors.

You'll feel like a winner and you'll be a winner if you study and use the classified advertisements.

MAY BE CONTEST FOR CITY OF LONDON SEAT

London, April 12.—Trouble has arisen over the adoption of Edward Charles Grenfell, a partner in the financial firm of Morgan, Grenfell & Co., of London, as the prospective Conservative candidate for the London seat when Sir Arthur Balfour the present member, is raised to the peerage. This is the more noteworthy considering that election in this constituency is almost a cut and dried matter from the beginning, the financial interests selecting someone whose ability is assured, and who therefore, steps into the vacant place without further question.

Grenfell, of course, possesses the essential qualifications in a full measure, but there is a section of the electorate who would desire that the seat be offered at least to the Right Hon. Reginald McKenna, former Chancellor of the Exchequer. Further, Sir. T. V. Bowater, ex-Lord Mayor of London, paper manufacturer, announces that he may come forward as an Independent Conservative candidate.

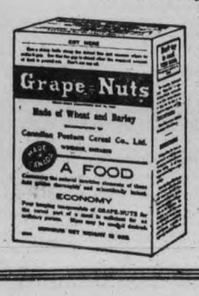

When Will There Be A Disarmament of Dining Tables?

Suppose everybody would recognize the fact that there's no gain but much loss in keeping up hostilities with the stomach!

Suppose the ancient aggravation of improper food on indignant digestive organs should be settled with guarantees of sensible diet and tranquil digestion!

The saving would be beyond all possibility of counting.

Yet millions go on declaring war on the stomach and accepting war in return—loading up on starchy, heavy, unbalanced and highly-seasoned food at breakfast or lunch—and wondering why comfort, happiness and efficiency are out of reach.

Grape-Nuts makes a friend of the taste and an ally of the stomach.

There's a charm and satisfaction to this delicious food which prompts appetite to say, "There's a meal!" and digestion to answer, "Thank goodness, here's peace at last!"

Grape-Nuts is the perfected nutriment of wheat and malted barley—sweet, crisp, and wonderfully nourishing. It digests quickly, and provides the necessary elements, including the vital mineral salts, for body, nerve and brain.

Order Grape-Nuts from your grocer today, and let a delighted taste pass a treaty of peace along to an enthusiastic digestion and assimilation.

Grape-Nuts—the Body Builder

WARM WELCOME TO HIGH COMMISSIONER

Many Notables at London Banquet to Hon. P. C. Larkin

London, April 12.—Hon. Peter C. Larkin, the new High Commissioner for Canada in London, was given a splendid reception at the Canada Club dinner here last night. The dinner had been arranged as an occasion for the High Commissioner to make his first public appearance in his official capacity, and it was a great success.

Sir Hamar Greenwood, Chief Secretary for Ireland, presided at the banquet. The Duke of York was one of the guests.

Duke of York.

The Duke of York, responding to the toast to the Royal Family, said:

"There are many aspects of my brother's work which I do not altogether envy, but some of his experiences I confess arouse in me deep emotion. I have in mind the remarkable visits he paid to the sister Dominions, particularly in Canada. I say particularly in Canada because Canada is the only Dominion I have so far had the good fortune to visit. My visit was made in 1913 under service discipline as a naval cadet.

"What I have seen of your great country fills me with a desire to see not only more of it, but all of it, at no distant date, and to know as intimately as possible the nations making up the comprehensive brotherhood of the British Empire."

Sir Hamar Greenwood.

Sir Hamar Greenwood, in proposing the health of Mr. Larkin, said:

"Mr. Larkin comes to London to speak for the Dominion of Canada in the councils of the British Commonwealth. Even in my time the position of High Commissioner every year advanced in importance and power. It always strikes me that too much importance is attached to the representatives of foreign countries, and too little to the representatives of the great Dominions. Mr. Larkin's presence here to-night makes me hope the time is not far distant when the Canada Club will welcome at their table the first High Commissioner of the Free State of Ireland. The British Government has made peace with Ireland; it is now for Irishmen to make peace in Ireland."

Rt. Hon. Edward Shortt, Home Secretary, supporting the toast in a general speech, admitted he had not visited any of the Dominions.

Hon. Mr. Larkin expressed his gratitude for the manner in which he had been received. The position of Canada after the war might well be envied by any other nation, Mr. Larkin said. Speaking of the suggested new Dominion of Canada office in London, the High Commissioner said he might even take temporary quarters that were more centrally situated than the present offices. He referred to Canada's position in the following words:

Relations.

"Canada's relations with Great Britain on the one hand, as the Motherland of a large proportion of Canada's people, and with the United States, friendly neighbors, on the other, has placed Canada in a position of peculiar influence and responsibility to interpret them to each other and link them together in brotherhood for peace and prosperity."

Referring to Sir Hamar Greenwood, Mr. Larkin said:

"May I say I look upon it as a striking illustration of the closeness of relationship which has grown up between the Mother Country and the Dominions that a Canadian without influence in high places should be holding an important portfolio in the Imperial Government. This reflection is a source of satisfaction to all our countrymen.

"No one but yourself, Mr. President, can realize the arduous nature of your office. I take the first opportunity of conveying to the Irish people the goodwill, not only of their countrymen and brethren in Canada, but of the whole Dominion, who are praying that Providence may soon lead them into the same happy condition that more than a million of their blood are enjoying in Canada."

MISSING BALLOT CASE IS HEARD

Vancouver, April 12.—"Campbell saw me and told me that he was organizing a party to go up on the steamer Britannia on election day to vote for the Conservative candidate, Mr. Clements, in the Comox-Alberni election. He told me there would be lots to eat and drink, and it would not cost anything for the trip."

This was the evidence given yesterday by Arthur Boyce in the County Criminal Court before Judge Cayley in the conspiracy charge against Graham Campbell, F. J. Gosby, J.P., and Woodford I. Bird, it is stated by Crown counsel, is to appear and give evidence for the crown this afternoon.

A leather bag, said to belong to Graham Campbell, containing bundles of Comox-Alberni ballots procured from the office of the returning officer, George Buscombe, and a list of names of Bowen Island voters, written in pencil on House of Commons stationery, figure as exhibits in the trial. The men at first elected to take trial in the assizes, but have re-elected to take trial before Judge Cayley.

PASSENGERS INJURED WHEN TRAIN DERAILED

Chicago, April 12.—Four or five passengers were injured, none seriously, when Eastbound train No. 20 of the Chicago and Northwestern Railroad was derailed yesterday afternoon one-half mile east of Watkins, Iowa. The train, known as the Chicago and Northwestern Continental Limited, was enroute from Los Angeles to Chicago and carried nine cars. According to reports received at the Chicago Northwestern offices here, the wreck was caused by a broken rail.

The engine and forward cars remained on the track but the four rear cars left the rails and were partly turned over.

People with something especially worth while to offer print the news in this paper. Don't fail to read the ads.

CATARRH OF THE STOMACH FOR EIGHT YEARS

The cause of this trouble is the fermentation of food in the stomach which generates a gas that is very frequently belched up. There is also a rumbling of the bowels and a discharge of gas therefrom, there is constant retching, and the meals are frequently vomited. There is a burning pain in the stomach, the appetite is fickle, the tongue coated, the breath bad, constipation is generally present and the sufferer becomes weak, nervous, depressed and exceedingly miserable.

The blame lies with a sluggish liver, as it holds back the bile which is so necessary to promote the movement of the bowels, and when the bile gets into the blood a badly disordered condition of the stomach, liver and bowels will surely follow.

Keep your liver active and you will always enjoy good health.

Mrs. Agnes Gallant, Reserve Mines N. S. writes:—"I had been a great sufferer for eight years, from catarrh of the stomach. I tried several so-called, catarrh remedies without relief until a friend advised me to try Milburn's Laxa-Liver Pills, which I did and four vials completely relieved me. That was six years ago, and I have had no return of my old trouble."

Price, 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Advt.)

STATE BRIBES WERE OFFERED

French Canadians Testify in Stillman Divorce Suit

Montreal, April 12.—Two French-Canadians testified yesterday in the trial of the Stillman divorce case that shortly before the suit was instituted by James A. Stillman, New York banker, they were offered $3,000 and $5,000, respectively, to testify that they witnessed misconduct between Mrs. Anne U. Stillman and Fred Beauvais, half-breed Indian guide, named as co-respondent.

The offers, they declared, were made by J. Albert Lafontaine, station agent at La Tuque, Que. The defence charges that Lafontaine acted as an agent for Mr. Stillman.

Armand Page, one of those who said he was approached by Lafontaine, declared that he spurned an offer of $3,000. His wife, Mary Page, who said she overheard the conversation either in June or July, 1920, corroborated the testimony. The Pages and Shef Simand, who was said to have reported that Lafontaine offered him $5,000 if he would testify against Mrs. Stillman and Beauvais, declared that they told Lafontaine they had never seen the banker's wife and the guide acting improperly.

Beauvais' father, a full blooded Indian, and his mother, who was born in Kentucky of an Irish father and an English mother, came to the defence of their son and Mrs. Stillman to-day. Their testimony was offered to contravert the statements of George Adams and Ferdinand Page, who previously had said that they looked through windows at the Stillman Summer lodge near Grande Anse, Que., and saw Mrs. Stillman and Beauvais in compromising positions.

These two witnesses previously testified they saw such misconduct every morning for 15 days during June and July, 1919.

Yesterday witnesses said Mrs. Stillman was at the lodge only three days during that period. They also testified that there were no curtains on the windows and no scaffolding at the front of the house. Adams and Ferdinand Page said they had stood upon the scaffolding and lifted the curtains in the guide's bedroom.

To reach Montreal, the Beauvais party toiled three days, breaking the ice which coated the rails of an abandoned railroad on which they drove their speed car to the line leading to this city. Their testimony regarding the curtains and the scaffolding was similar to that of Pierre Grenir and Raoual Dupere, carpenters, who also were summoned to the stand.

The fact that Mr. Stillman accompanied Mrs. Stillman on one of her vacations in the Quebec woods was recorded while Mrs. Beauvais was testifying. She recalled that she and her husband had gone to Grande Anse in October, 1917, and had visited Mr. and Mrs. Stillman.

Mrs. Beauvais was cross-examined for more than an hour by Colonel William Rand, of New York. She told him she had never talked with Fred concerning the charges against him and Mrs. Stillman. The cross-examination of her husband was postponed.

Armand Page and his wife testified, it was said, that their restaurant at La Tuque was the place where Lafontaine offered them money to support the banker's allegations. They said Lafontaine came in one night and asked them if Beauvais and Mrs. Stillman had ever stopped there. They answered they had done so three times. Then, they testified, Lafontaine inquired if the guide and Mrs. Stillman had remained over night on any of these occasions and they said that Mrs. Stillman had done so, but that Beauvais always had procured a room at a hotel.

SLOAN'S RELIEVES NEURALGIC ACHES

FOR forty years Sloan's Liniment has been the quickest relief for neuralgia, sciatica and rheumatism, tired muscles, lame backs, sprains and strains, aches and pains.

POLITICAL SITUATION IN MANITOBA IS NOW FULL OF UNCERTAINTY

Winnipeg, April 12.—The Manitoba political situation is full of uncertainty, but it is probable that a settled basis of leadership and responsibility will be reached before the provincial election in late June or early July.

The Norris Government, which secured power originally through a victory of the Liberal party, fought the 1920 election as the Norris party, without the use of the word "Liberal." There is a provincial Liberal organization which promises to be heard from in the present campaign, and it has been suggested that there is a movement on foot which seeks to have Premier Norris contest the election as the Liberal provincial leader.

Should this not be accomplished, there is always the possibility that the general situation will be complicated further by the nomination of Liberal candidates in opposition to the Norris administration, but as political observers claim that such a course would be to the advantage of the organized farmers, some way around it is likely to be found.

Mr. Norris's leadership is not disputed, and, while some people think that he will go to the Federal House if his government is defeated, there seems to be no doubt that he will lead his party personally in the present campaign.

The Independent Labor party to-night started the ball rolling in the nomination of candidates for the forthcoming provincial election by endorsing a slate of six cadidates to contest Winnipeg constituencies. They were: F. Dixon, Labor group leader in the present legislature; W. Ivens, S. Farmer, Mrs. Maud McCarthy, J. Simpkins and S. Cartwright.

TO EXAMINE INTO QUESTION OF RATES

Ottawa, April 12.—(Canadian Press) Touching on freight rates in the House yesterday, Hon. W. C. Kennedy announced that he proposed to ask the House at an early date to appoint a special commission to examine into the question of rates with power to summon the executives of the various railways. It would then be for the Commission and the House to take such action as might be considered necessary.

BELOW THE BELT.

Far be it from us to assume the role of advisor to the Conservative Party of this Province. If it desires to drop the pilot who has steered the Opposition ship through troublesome waters since the political hurricane of 1916 it is its own business. We are merely interested in the fate that may be in store for Mr. Bowser because the record of duels in which we have engaged him furnishes us with material for surprise that his services to the Party have brought such rewards as demands for political decapitation.

First of all the Young Conservatives of Vancouver decided to retain the pilot by a narrow margin of votes. Now the Opposition adherents at Kamloops want him to resign the leadership long enough before the forthcoming convention to permit of others to preen themselves in the political mirror. Surely these are blows below the belt. Have British Columbia Conservatives lost their sense of proportion entirely? In this all the reward for indefatigable industry — often misapplied, it is true—a thorough grasp of Provincial conditions, a political and parliamentary record which extends over two decades, a will and capacity to fight any issue to the last ditch?

One can only say that the position in which Mr. Bowser finds himself at this stage of his career is one in which politicians and statesmen in Opposition have found themselves before. Even Sir Wilfrid Laurier was criticized by the more impatient and restive members of his party prior to 1896 on the ground that his policies were not sufficiently aggressive. One of the groups in opposition in 1909 and 1910 called upon Sir Robert Borden to hand over the reins to a successor—and strangely enough two members of that group are now Conservative Senators from British Columbia—but neither Sir Wilfrid nor Sir Robert budged.

We do not know what Mr. Bowser will do under the circumstances that appear to exist at the present time. We are not in his confidence. All we can suggest to him is the fairly obvious fact that he is getting all the blame for delay in leading his followers back to the fleshpots. How he can change matters will have to be left to his own ingenuity.

A BIG SAVING.

Examination of the estimates of national expenditure for 1922-23, recently placed before Parliament by the Hon. W. S Fielding, Minister of Finance, shows that the Government has made an enormous saving to the country in comparison with the estimates voted for 1921-22. The amount for expenditures mainly arising from the war, including interest on public debt, pensions, soldiers' land settlement and soldiers' civil re-establishment is $28,875,552 less than was voted last year. The sum for railways—not including capital expenditures—is $77,476,913 less than the 1921 estimate, under that head, while the provision for capital railway expenditure shows a decrease of $10,412,826. The aggregate decrease under all heads is $138,452,219. The saving of more than $77,000,000 on railways is the outcome of the programme of co-ordinating the management of the various lines which now comprise the national system.

While the new Government's zeal for economy is an excellent indication in a general sense, it should not forget that bewhiskered adage, "Penny wise, pound foolish." For example, it certainly would not be good business or sound economy to stop work on the Esquimalt drydock—leaving a hole in the ground which would have cost the country $3,000,000, or about half the cost of the completed project.

DESTROYING MILLIONS.

"A tree will make a million matches; a match can kill a million trees."

This is one of the simple phrases employed by the Canadian Forestry Association to convey an idea to the public mind. It is intended to remind the careless individual that he may destroy millions of feet of valuable timber and involve the public treasury in large outlays by throwing a lighted match upon some inflammable underbrush. Heaps of statistics could be quoted to emphasize the many exhortations that are to be seen in the exhibition car which has been brought here by the Association. Its activities are centred upon a campaign of education among those who enjoy the great out of doors and do little to preserve the very things that contribute to their enjoyment. A visit to the car in the E. & N. yards is worth while from an educational standpoint. If it succeeds in driving home the full significance of the phrase quoted above it will have justified its mission.

A CONFERENCE?

Now that the prominent leaders of the opposing parties in Southern Ireland have accepted an invitation from the Lord Mayor of Dublin to meet for discussion of the political situation hope is revived that Irishmen will be able to make peace with one another. It does not mean that because Eamonn de Valera and Michael Collins might come to an agreement to end the ridiculous and serious situation of the moment there would be an immediate cessation of plot and counter plot. Matters have gone too far between Free Staters and "republican" elements to suppose that instructions from the leaders of either faction would bring them to a halt. But if the dominating influences in both camps would agree upon a common policy to restore order it would be a much simpler matter to deal with the radicals. In the meantime destruction of life and property is looked upon as a legitimate form of electioneering.

THE P. G. E.

Implementing the desire of the Government and the Legislature an expert engineer has been engaged to investigate the engineering features of the Pacific Great Eastern Railway and to report upon this phase of the system generally. Another expert will deal with existing and prospective traffic possibilities and submit his report. With this information—collected without regard for political considerations of any kind—the Legislature should be in a position to determine what shall be the policy of the future. Its present knowledge of this gigantic obligation is more or less bounded by an understanding of the extent of the liability itself and the annual drain which it imposes upon the Provincial Treasury. Lighter features of the undertaking are furnished by frequent political combats that require only a limited amount of engineering skill. But the people who pay the bills have reached the conclusion that it is time to look at this railway monstrosity from a cold business standpoint. On this account it may be taken for granted that the Government and the Legislature will accept the two reports as the judgment of practical experience. In any case the political obsequies of the P. G. E. are long overdue.

NOTE AND COMMENT

Eddie Hubbard made his two hundredth trip between here and Seattle yesterday. On his official business of carrying mail he has not had a single accident—a practical demonstration of commercial aviation in all weathers.

Mr. Lloyd George is having a very difficult job to avoid an open confession that the Genoa Conference cannot hope to accomplish all that it could accomplish if it were to accept the positive condition that economic reconstruction of Europe is not possible without an immediate overhauling of the questions of armaments and reparations.

Russia has provided the natives of Christopher Columbus's home town with the first sight of a real, live, bespatted and silk-hatted Bolshevik in the person of the leader of the Soviet delegation.

Supposing Mr. Bowser refuses to listen to the gathering volume of dissatisfaction that seems to be growing in the ranks of the Conservative Party of this Province, and chooses to go to the mat at the June Convention, will his supporters feel like turning out a fighter of that type?

Other People's Views

All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

TUBERCULOSIS.

To the Editor,—having regard to the doctors' report on tuberculosis contained in your issue of the 11th ulto, do you not think it would be well for the Government to let the public know what steps they intend taking, if any, to combat this disease and so allay the public's anxiety in this matter.

Perhaps Dr. MacLean will oblige, as I believe he carries the portfolio on health.

LAWFORD HUXTABLE.
Jubilee Hospital, April 10.

TAXING IMPROVEMENTS.

To the Editor,—I think the logical way of looking at this is: A owns a parcel of land of the same grade and quality. He sells or lets to C and B in equal proportions. C allows his part to remain as it is with probably the object of selling or subletting. B being an industrious man cultivates to make a living and improves the site, hundreds per cent. Why should B pay more taxes because of his energy than C, who is content to let his remain in a bad and unimproved condition? When the whole of Victoria's lots are covered will be soon enough to tax improvements.

WALTER J. DANDRIDGE.
Fell Street, Victoria.

A NEW NAME.

To the Editor,—It is time Victoria had its name changed to "Black Ball Island," as it is far enough away from the outside world. Still, our city fathers will soon have it carried off the map with all their new rules and regulations. I don't think we need a new cemetery, as it will be cheaper to flood us off the Island; then our worries will be finished. I have been here all my life and I never saw things so quiet except during the smallpox epidemic. There are a chosen few who are trying to kill our fine city who probably have made theirs in days gone by when Victoria was wide open. So why not isolate Victoria on Sundays and be done with it?

MRS. M. HURST.
830 Pandora Avenue, Victoria.

PSYCHOLOGY.

To the Editor:—In the press recently has appeared a report of the opinions of one of our city preachers, who, although admitting "that Christ exhibited a power in His works which transcends that of simple psychology," says in reference to "herd or mass suggestion," that "Christ followed the methods of modern healers in much of His healing work." As to substituting faith for fear, "Christ often healed by similar methods as adopted by chiropractor, English bonesetter, a pagan medicine man, and others. The preacher bases his remarks on a selected text of Scripture which reveals the human attitude, viz.: "Go thy way, thy faith hath made the whole," supplementing the quotation with the words: "If that 'isn't a sound psychological method, then there is none." But why laud that which is least, and leave the greatest unnoticed? That faith which made the man whole was not so much a matter of the man's psychology, in fact nothing in himself, but wholly in the infinite power and word of Him who stood before the man's sightless eyes. He whose omnipotent word quelled the tempest, raised the dead, whose very word was creative and caused this man to see. Is it compatible or seemly to link with the dignity and majesty of that name which is above every name, with that of a chiropractor, a bonesetter, and a pagan medicine man? Why does the pulpit pander to modern cults who are at heart enemies of the Cross of Christ? Those who are out of Christ, who know nothing of a personal Savior, have no pardon, no grace, no title to Heaven, they are so destitute of these things as if Christ had never died. And all the psychology in the world will avail naught to any unsaved confirmed church member or preacher who have not Christ.

SUBSCRIBER.

POOR ALPHONSE.

To the Editor,—I am what you call greatly astonish! For one good garcon in Winnipeg tell me that you had—what he call a—"live town," then he laugh—Alphonse wonder why—he know now—he laugh too. He also say that he has seen the drug-stores selling the excellent juice of the grape—and the hop—but he make one beeg mistake there too—for those men do not sell that poison—they leave that to the animals who cannot see, what I think you call the pig that is blind!

And the city alive? why some people in this city seem to be surprise that the great war is over in la belle France! ! ! ! Oh, these gros Anglais! ! ! !

And so I hear you are to make a grave-yard out of this beautiful city—by preventing the tired business and working man from getting his paper on the Sabbath . . . tiens! It shall not be in this "land of the brave and the free, non, non! !

They (the bourgois of this dead-alive city) also tell me that the Act of the Lord's Day ordains that no business is to be done on a Sunday . . why the minisister—does not he work on the Sunday? Do I hear someone say "that is for our spiritual good." Well, is not the newspaper, also, in a measure? Other countrys have try that same thing—but, helas, they have found it to be a failure. Are not the people of Victoria to profit by their experience! I do not suggest that the cinema should be open to the public . . . non, but if you say that a person shall not enter a theatre, why not be consistent and stop all band concerts, and churches, for some people seem to find the church service amusing, also. And the peoples of the other parts of Canada shall not say that we shall have no business on the Sabbath. It is not right! And are the religiously inclined to say that the non-religious shall not have the stores open to buy candy on the rest-day? Alphonse asks you! And for what are the tourists to do if they cannot buy their usual Sunday seegar? We will be the fools of the Dominion? Tourists will forsake this town forever and—zee beautiful girls will be of no avail—the tourists will no longer follow the birds—and alas, Alphonse will go back to his beautiful France.

ALPHONSE DE FROMAGE.
April 10, 1922.

ON A SUNDAY.

To the Editor,—As a disabled returned man I should like to ask Mayor Marchant if he would have been in favor of Sunday closing in the front line.

I got my disability, which is a permanent one, through fighting to save our country on a Sunday.

My all is now invested in a business which necessitates me opening seven days a week to make a living, yet our worthy Mayor insists that I close on the seventh day, which means another added to the already hundreds of unemployed.

Our next recruiting poster should read "Your country needs you six days a week, the seventh must be given in the services of Dr. Huestis of the Lord's Day Alliance."

W. P. KIBBLER.

PLAN IS TO LIMIT ARMAMENTS FOR DEFINITE PERIOD

(Continued from page 1.)

German government unceremoniously loaded him and his entire staff on a special train and shipped them back to Russia, allegiqg they were propagandists and not diplomats.

It also seems odd for M. Radovsky and Premier Bratiano of Roumania to be sitting together at a conference called in the interests of peace. Radovsky was an active Roumanian Socialist at the beginning of the world war and the Bucharest Government interned him. Now he is president of the Ukrainian republic, federated with Moscow.

Then there is the cordiality with which the British Minister, Mr. Lloyd George, greets Maxim Litvinoff. Their attitudes here do not in the least suggest the story of the time Litvinoff had in England before he became Tchitcherin's chief assitant in Moscow.

But in four years the Bolshevik have made more treaties than the other states have completed in the past century, so the professional diplomats have to admit the Russians are no novices and must be dealt with accordingly here.

Finanical Questions.

The report on financial questions, prepared by the Germans and presented by Dr. Rathenau to Premier Facta as chairman of the Conference, was transmitted to-day to Sir Robert Horne, Chancellor of the British Exchequer, and will be discussed at the afternoon meeting of the financial commission.

The report deals especially with a plan for the stabilization of exchange through an international loan and also outlines a proposal for universal monetary reform. The report considers the re-construction of Russia indispensable for the successful issue of any such reform.

Prayers were said in the churches of Genoa to-day for the success of the Conference. The worshippers gathered to offer petitions for a blessing on the deliberations of the meeting.

Russia.

George Tchitcherin, head of the Russian delegation, has asked Signor Schanzer, chairman of the principal sub-commission for exact interpretation of several points in the Allies' plan for the restoration of Russia. M. Tchitcherin desires especially an explanation of that part of the report dealing with the guarantees to be extended to foreigners in Russia, remarking that in other European countries foreigners are treated like citizens of the countries in which they reside.

The Russian delegates are carefully examining the recommendations but the document is so long and so involved that the soviets may ask for more time to consider it. They think it will be difficult to have ready a reply in detail for the next meeting of th sub-commission, which has been arranged for Friday.

As the report has not received the formal approval of the powers which convoked the Genoa Conference, it is held in some quarters to be merely the basis for the opening of negotiations. They declare it may be far from the minimum the Allies will accept from Russia in exchange for recognition.

Article Three of the report declares the soviet should assume responsibility for material damage suffered by foreigners in consequence of the acts of negligence of the soviet or its predecessors.

Organization of the economic commission of the Conference was effected to-day by the election of M. Colrat, French Under-Secretary of State, as president. The commission then took up the question of the formation of a sub-commission and the appointment of such a commission, composed of twelve members, was agreed to after considerable debate.

The discussion was opened by the Hungarian representative, who suggested the formation of four sub-commissions so that the problems regarding each of the four principal sections of Europe could be separately considered. Serbia and Holland opposed the Hungarian suggestion. Their opposition was regretted by Hungarians, especially that of Serbia, as the Hungarian delegate said the suggestion was made particularly in the interest of the Balkan States. After President Colrat had expressed the view that such action now would be inadvisable, however, Hungary did not press her suggestions.

Holland suggested the sub-commission be composed of thirteen delegates in order to give the smaller countries six representatives. The British delegates smilingly remarked that thirteen was an unlucky number and it was finally decided that the number by fixed at twelve.

The commission on transport also effected organization by election of Premier Theunys of Belgium as president. A sub-commission composed of twelve delegates was formed.

Saar Valley.

Genoa, April 12.—Conditions in the Saar Valley, control of which was awarded to France by the Treaty of Versailles, are to be called to the attention of the Economic Conference by a delegation composed of prominent financial and other residents of the Saar, says the newspaper Cattadino to-day. The French occupation the deputation will declare, has caused a grave situation. It also will present "numerous formidable accusations against the French troops."

ATTORNEY-GENERAL WILL ISSUE FIAT FOR PROSECUTION

(Continued from page 1.)

other store is prohibited from vending. Discrimination must be carefully avoided.

"In view of the fact that this issue is a new one and in view of the fact that my attitude with regard to the issuing of a fiat was uncertain in so far as the public is concerned, I do not propose to issue a fiat in the cases mentioned in the Chief's letter of April 11. That would hardly be fair.

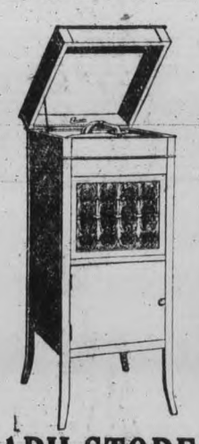

"The public will now understand clearly what my attitude is, and when applications are made in future they cannot say that they have been taken unawares."

The names submitted to the Attorney-General taken on Sunday are as follows: R. Buller, newsagent and tobaccionist, C. P. R. Wharf; F. Martin, cigar stand, Strathcona Hotel; Stephen Jones, cigar stand, Dominion Hotel; Henry H. Layarus, cigar stand, Empress Hotel; L. Alexis, confectioner and tobacconist, 859 Fort Street; J. F. NOVA SCOTIA HAS LOWEST PER CAPITA DEBT, SAYS MINISTER

Halifax, April 12.—In the Legislature yesterday, Hon. J. C. Torey, Minister of Finance in the Nova Scotia Government, presented the estimates for the coming year. Anticipated revenues, he said, were $4,993,077, the principal sources being mines, $732,000; corporations and public utilities, $541,350; motor vehicles, $404,000, and highways, $490,000. The Minister asked $4,935,128 for the various departments. He said that the province had since 1915 increased her debt less than any other province and that with the exception of Quebec she had now the lowest per capita debt of any province in Canada.

IN WOMAN'S DOMAIN

Frenchwoman Pleads for Understanding of France

Mrs. Zimmern and Miss Christabel Pankhurst Make Forceful Addresses Before Women's Canadian Club

"If there is a country in Europe which has a right to ask for peace, that country is France. . . . Let us stop criticizing each other; let us understand each other and refrain from hasty judgments. Let us not patronize other countries. It is only with infinite patience that we shall rebuild a world which has been torn to its foundations. Let us remember that the unity of the war must become the unity of peace."

In an impassioned address before the Women's Canadian Club yesterday afternoon Madame Zimmern, wife of Professor Zimmern and daughter of Pasteur Hirsch, of Poissy, France, made a moving appeal to the women of Canada to bring a sympathetic understanding to France's efforts to rehabilitate her people after the tremendous upheaval of the war.

The Real France.

After expressing her gratitude as a Frenchwoman to Canada for its part in the war, she spoke feelingly of "the France which is the real France and not the France which is so sadly caricatured in the press." One of the great truths arising out of the war was the common bond of sacrifice between the women of France and the women of the British Empire—a bond impervious to the attacks of politicians. The war had proved that Frenchwomen were not the frivolous, immoral creatures of fiction. They were perhaps a little too intelligent; they could not help looking ahead, and their attitude in the matter of German reparations and the questions to be discussed at Genoa must be judged in the light of the harrowing experiences France had passed through in the two great invasions in her history, said the speaker.

Secondary Education.

Touching upon the French woman, whom Mrs. Zimmern described as "very complex," she reminded her audience that while her countrywomen had not shown the same eagerness to acquire the franchise as had the British women, the women of France had wielded a powerful influence all through its history. She pointed with pride to the exemplary secondary education system of France, which specialized in the education of women. "Under this system all sorts of windows are opened on the paths of knowledge, so that a woman can choose her own particular vocation and concentrate her studies to that end," explained the speaker.

Mothers' Responsibilities.

As a result France has many highly educated women, who are thoroughly trained to exercise tact, judgment and foresight. Referring to the primary educational system in vogue in France, Mrs. Zimmern stated that the great advantage in this was that the mother supervised this personally. "The French mother opens the mind of her daughter to the great truths of life, and does not leave that unfolding to others," she said.

In conclusion she paid a tribute to the teaching profession whom she described as "the makers of the nation, whom we should help to uphold their dignity and their social status by adequate salaries." At the close of her address Mrs. Zimmern answered a number of questions from interested members of the audience, particularly with regard to co-education.

Miss Pankhurst Speaks.

Miss Christobel Pankhurst, the eminent English suffragette and elder daughter of Mrs. Pankhurst was introduced by Mrs. Jenkins and made a forceful and striking address. Paying a graceful tribute to Mrs. Zimmern as a representative of France, the speaker exclaimed passionately "If the half million men whom France lost in the war were alive to-day no one would dare to make such slanderous statements as to say France is mercenary. We, as women, I hope are made on more generous lines than some of these politicians—or I shall regret that I ever obtained the vote. . . . . My one regret is that Mrs. Zimmern could not speak for France at the Washington Conference and that she is not in Genoa now."

Political Exile.

Referring humorously to her two years' "political exile" in France before the war, Miss Pankhurst declared that in those months she came close to the heart of the real, common people of France and learned to love them for their sterling qualities and intense loyalty.

Anglo-American Friendship.

Briefly touching upon the relations of the various nations she said, "Britain is strong. She knows how to use her strength. We have one great characteristic in common with our neighbors on the other side of the line, lack of imagination. Anglo-American friendship is a splendid thing. But I am afraid of the temptation of power. If we unite and become invincible I am afraid that we shall be tempted to use that power to the detriment of France and the other smaller nations of Europe. And when that happens we shall fall."

In a passing reference to her share in the militant campaign for the franchise, Miss Pankhurst claimed, "We did not ask for the vote to make women like men, but that women might express their womanhood in any sphere open to men. The gain of the franchise should not mean the loss of our feminine qualities."

Movies and Comics.

The speaker deplored the prevalence of the comic supplements and the "movies" as a diet for children, declaring that it was not fair to the child to fill its mind with these unfair caricatures and misrepresentations of life.

In conclusion Miss Pankhurst expressed the opinion that the economic and social problems of the Empire would eventually right themselves, but that symptoms of very grave danger to the English-speaking democracies lay in the spiritual perils which had all through history faced super-prosperous races. Spiritual and religious problems merited the attention of every thinking man and woman she declared. Mrs. Spofford presided in the absence of the president, Mrs. Hyndman.

The lighter side of the entertainment was furnished by Mrs. R. G. Morrison, who sang a group of songs very charmingly. During the serving of tea in the ballroom, the Empress Hotel orchestra contributed selections.

MUSICAL CLUB CONCERT TO-NIGHT

Fine Programme for Evening Recital at Empress Hotel

Frank Arundel, a singer new to Victoria and possessor of a baritone of exceptionally fine quality, will appear on the Ladies' Musical programme at its recital at the Empress Hotel this evening, in place of Kenneth Angus, who is unable to appear.

The programme promises to be one of the most interesting of the season's series. It will feature modern and classical composers, and among those whose works will be represented is Manna Zucca, a Russian woman who at the early age of eight years played a Beethoven concerto with the New York Symphony orchestra, under the leadership of Walter Damrosch. She was a pupil of Lamberti, Godowski and Busoni, and her compositions breathe all the yearning and emotion of the Slav temperament.

Of especial interest also at the concert will be the first appearance on a public platform of Miss Margaret Campbell, a young student of exceptional ability and pupil of Mrs. Gertrude Huntley Green.

o o o

Miss Edna Humber, Rockland Avenue, was hostess at a bridge-party last evening when the following were present: Miss Mabel Eberts, Miss Doris McCarter of Vancouver, Miss Laura Eng, Major Hughes, Captain Thackray, Mr. Bradbrooke, and Mr. W. Wilson.

o o o

Councillor J. L. Brooks' home was the scene of a happy party, who met to congratulate Miss Emma Brooks on her birthday. The rooms were tastefully decorated with flowers while the centre of attraction was a huge birthday cake. An instrumental duet, "Ave Maria," from Cavalliera Rusticana, by Councillor Brooks and Mr. J. Haggart, elicited much applause. Miss A. Jeune and Miss M. Malcolm also assisted at the piano, while Mrs. F. Turgoose decided the fate of the forfeit victims in the games. Cards and music were indulged in. The serving of delicious refreshments terminating a most enjoyable evening. The following were among the guests present: Mr. C. A. Chesholm, Mr. Fred Tomlinson, Miss Ruth Tomlinson Miss Catherine Tomlinson, Miss Peggy Malcolm, Miss Myrtle Malcolm, Mr. Geo. Malcolm Mrs. Turgoose and family, Mr. A Kersey, Mr. and Mrs. Matthews, Miss Margaret and Master Frank Matthews (Victoria), Mr. A. Jeune Miss Eva Jeune, Miss A. Jeune, Mr. J. Haggart, Mr. W. McNally, Mr. D. Stewart, Miss Ruth Stewart, Miss Ursula Starling, J. Holden, P. Verdier, Mr. and Mrs. A. T. Pope, Master Jack and Walter Brooks, Misses Lillian and Emma Brooks.

PROTEST AGAINST DRYDOCK CESSATION

Esquimalt Women's Institute Send Strong Resolution to Ottawa

The Esquimalt Women's Institute held their general monthly meeting in the Parish Room, St. Paul's, last evening, Mrs. Ricketts, president, in the chair.

A resolution was passed by the members to adopt the standard by-laws as printed for the use of Women's Institutes, thus putting themselves in complete accord with their sister organizations.

The secretary was instructed to send the following resolution on the drydock to the delegation to Ottawa: "We, the Esquimalt Women's Institute, desire to express our strong protest against any intention of abandoning the drydock. Besides depriving men of work and injuring local business men, failure to complete this project will be a total waste of over two million dollars and will delay prosperity and industrial development on the Pacific coast of Canada."

Mrs. Campbell reported ten babies and four pre-school children at the last baby clinic, Dr. McCallum and Nurse Morrison being in attendance. She also gave details of help which had been made possible through its means to sub-normal children, and stated that the weighing basket, as supplied by the Red Cross workshop, is highly satisfactory.

Mrs. H. Clark, who so successfully convened the tea party given in honor of the first birthday of the institute, was very gracious in her appreciation of all assistance she had received, and asked the members to join with her in a special vote of thanks to Mrs. Ranns for her timely help on that occasion, when she so generously placed the Sailors' Club and her own services at the disposal of the Institute at such short notice. The vote of thanks was very heartily given by all present.

A most interesting demonstration was then given by Mr. Enwright in modern cookery, the demonstrator serving a delicious hot supper of meat, potatoes, pancakes and coffee prepared by the latest and most economical methods. A special prize of a beautiful aluminum casserole was carried off by Mrs. Gave, vice-president. In a word-making competition planned by Mr. Enwright the first prize was won by Mrs. McQuarrie, and Mrs. R. P. Matheson won the second prize.

WOMEN'S CONSERVATIVE CLUB HOSTESSES AT ENJOYABLE DANCE

A most successful dance was held at the Balmoral Hotel on Monday evening under the auspices of the Women's Progressive Conservative Club, the rooms being kindly lent by Miss Tully. The president, Mrs. W. Randall, received the guests, who numbered over one hundred. Findler's orchestra supplied a splendid programme of up-to-date music. Mrs. P. J. Sinnott was at the receipt of customs. A delicious buffet supper was served at 10.30, at which the following ladies had charge: Mrs. Brian Combe, convener, assisted by Mrs. Frank Marshall, Mrs. Webster, Mrs. Hurst, and Mrs. Willoughby.

The following were among the guests present:

Col. and Mrs. Davies, Mr. Monroe, Mrs. Boyd, Mrs. Marsh, Mrs. Riley, Mr. and Mrs. Webster, Mrs. P. R. Fleming, Capt. and Mrs. Frank Marshall, Major and Mrs. Sinclair, Mr. and Mrs. Lee, Mrs. A. W. Stokes, Mr. and Mrs. C. H. Harrison, Mr. and Mrs. Millman, Mrs. Dark, Mr. and Mrs. W. Broadhurst, Miss Wilkinson, Miss E. Wilkinson, Mr. Macdonald, Mrs. Keyes, Mr. Tibbits, Mrs. Richards, Mrs. Watson, Mr. Corrie, Mr. and Mrs. Riley, Mr. and Mrs. Hook, Mr. Pollard, Mr. C. A. Maxam, Miss Flint., Mrs. Crozier, Mrs. Richmond, Mrs. Fairey, Mr. and Mrs. W. Randall, Mr. G. Ingledew, Mr. and Mrs. N. R. Hill, Mrs. Swatman (Ontario), Mrs. A. Stringer (Vancouver), Mr. J. N. Fuller, Mr. and Mrs. M. Doane, Mrs. Conacher, Mr. A. Chapman (Vancouver), Mr. Roberts, Mr. and Mrs. Findler, Mr. and Mrs. E. A. Robbins, Mr. and Mrs. Barrow, Mr. and Mrs. Willoughby, Mr. and Mrs. Bossie, Mrs. Blashfield, Mr. R. Blashfield, jr., Mr. Young, Miss Kathleen Webster, Mr. and Mrs. Brian Combe, Mrs. Sinnott, Mr. P. J. Sinnott, jr., Mr. and Mrs. C. McAllister, Mr. and Mrs. W. McAllister, and many others.

The next dance will be held at the Vogue cafe early in May, due notice will be announced through the press.

No Appetite

Nervous exhaustion leads to distaste for food. The nerves of the stomach are weak, digestion fails and you become generally upset and out of sorts.

The secret of complete restoration is in getting the nervous system fully built up.

Mrs. R. Cheney, 208 Richmond St., Chatham, Ont., writes:

"I was troubled with indigestion, which caused me many sleepless nights. I would be in terrible distress at times, and would get no relief for two or three hours. For sixteen months I ate nothing but Shredded Wheat biscuits, as I dare not eat anything else. I did not know what to do, as I had tried so many different remedies, as well as doctors' medicines, without gaining permanent relief. Finally I got some of Dr. Chase's Nerve Food, and while on the second box noticed that I was improving. I continued the treatment until I am now fully restored, and have returned to my regular diet. My husband has also taken Dr. Chase's Nerve Food with splendid results, so we are glad to recommend it to others."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

PAINTS, GLASS, DECORATORS

LADY DOUGLAS CHAPTER

To Change Meeting Day to First Wednesday in Month.

The regular meeting of the Lady Douglas Chapter, I. O. D. E., was held at headquarters yesterday afternoon Mrs. R. B. McMicking, the regent, occupied the chair. There was a large attendance and four new members welcomed.

Mrs. J. D. Gordon was the delegate appointed to represent the Chapter at the Provincial annual meeting at New Westminster and was also the Councillor nominated for the National annual meeting at Vancouver.

Mrs. R. F. Green's generous offer to place her home at the disposal of the Chapter for a bridge-tea was gratefully accepted, arrangements for the same to be made on her return from Ottawa. The decoration of the soldier's graves at Easter was kindly undertaken by Mrs. Edwards, Mrs Nickerson and Mrs. R. L. Philips.

It was decided, in future to hold the regular meetings of the Chapter on the first Wednesday of the month as the present meeting-day often conflicts with the meetings of the Women's Canadian Club.

YATES STREET

THE LOVE PETAL

Another Big, Gripping Story by the Authoress of "A Gamble In Beauty," Which Recently Created Such a Sensation

By NANCIBELLE HALE

Pinnell and Neata went out, glad to be again in the fresh air. Sonia had a depressing effect upon them both.

"Do you think she allows any one to know her real self, Emory?"

"I am one of the few brilliant men who acknowledge they know nothing about the workings of the female mind," modestly admitted Pinnell. "But real or unreal, we have had a taste of the Village. We'll continue on our way and see what else we can discover.

When they arrived at "The Pepper Pot, Emory insisted on going in to dine. Passing behind the low black iron grating which served for a fence they descended a few steps, fashioned of bricks placed together long ago to form a symmetrical pattern Some of the bricks had loosened the fraction of an inch, and through the tiny apertures courageous blades of grass had made an effort to grow.

The restaurant was the result of converting the lower floor of a house built by one of the first Van Rensselaers, the thick wads of which still looked as though they would withstand the assaults of many years to come.

"Did you ever see anything so ghostlike?" asked Neata as they hesitated at the opening of the long hall. She pointed to a huge candle, tall as a man and six inches in diameter. It shed a wierd, unearthly gleam, casting diabolical shadows on the walls, as the wind blew the flame awry. To the body of the candle clung the drippings of years. The once white wax had gathered dust until now it was a sickly gray.

"How many, please?"

Emory and Neata turned from their watching of the mystic light. A handsome, well-groomed man, wearing white trousers, and a heavy white knitted sweater, looking most unlike a restaurant keeper, had asked them the question. Assuming that, despite his appearance, he was the proprietor of the place, Emory answered:

"Two, if you please."

"There are seats in the front room near the window, and also along the cushions in the rear," offered the courteous blond host.

Neata stood in the doorway a moment to decide which table she preferred. The rooms were separated only by wooden pillars. Both rooms were small and plainly furnished. There was no light save that of candles, smaller than that in the hall but of the same style, with their dusty drippings of many moons forming patterns resembling growing coral.

In the front room was a player-piano, which a small, dark man, with an artisitic profile, was idly strumming, all the while holding a lighted cigarette in his thin fingers.

Neata, with Emory closely following, walked to the back room, in which were long tables of red wood Each had a seating capacity for six persons and the tables were arranged so that one side of each faced the wall, to which cushioned seats had been attached. Into these Neata and her escort slipped. They leaned back comfortably, watching the other guests and admiring the drawings on the kalsomined walls. Here they saw the pictured face of a model who nursed her artist lover back to life when he had attempted suicide because of poverty. . . Now she was growing old as the mother of his children and his paintings were known throughout the land.

Other faces were sketched there—some of those who had travelled the paths of fame and fortune; others who had died fighting the battle of lost hope. Some were gay and some sad, and all showed that they were students in the great school of life.

"Will you have the chicken or the roast dinner?" asked a pleasant voiced waitress—a girl of laughing blue eyes and raven black hair, a pretty Irish maiden, who took delight in bringing the guests deliciously cooked, steaming hot dishes.

Neata, fearful of violating the code of ethics of the Village, did not attempt to order anything other than that mentioned by the waitress. So she murmured "chicken," and Pinnell nodded his head affably.

Soon, however, they were to discover that they had been more fortunate in the choosing of their waitress than had their neighbors at the next table where sat a comely maid in a fawn colored suit, who was ill at ease because of the persistent manner in which the man accompanying her was urging her to comply with his wishes.

"I believe he is trying to persuade her to marry him," whispered Neata. "He was talking in such a loud tone I could not help hearing. He told her he was widely travelled; could afford to do anything he liked, and on and on, raving arrogantly about his ability to gain his point. She seems not to like him—poor dear, I wonder why she came with him."

"You're a darling, Neata—bothering your head about that strange girl. I imagine you're all wrong. He seems old enough to be her father."

"What difference does that make? The older men are, the younger they want their wives to be, I have observed.

"What a wise child! Better think about your food, which is now arriving."

Good food it was—wonderfully seasoned—soup, macaroni, chicken, peas potatoes, salad, pie and coffee—a meal fit for a king—or a farm hand. Neata could not possibly eat it all.

As she toyed with course after course her gaze returned again and again to the couple at the neighboring table. They had finished their macaroni when their waitress, a big girl with tousled yellow hair, came up and, putting her hand familiarly on the man's shoulder, said with almost insolent assurance:

"You won't mind, I'm sure, if I wait to bring the rest of your dinner. I want to dance to this music."

Before the guest could answer she had dashed into the front room and grasping one of the men who stood near the piano around the neck, danced gaily about the cleared space in the centre of the room.

Half a dozen men and women gathered about the piano, singing lustily. Some of the diners hummed the tune harmoniously; others paid no attention to the confusing sound.

While the music still continued the waitress with the mussy hair broke away from her partner and ran to the door to welcome a cadaverous man, who stooped comically to prevent his head touching the ceiling—a thin creature measuring all of 6 feet 4 inches in height with black hair, which straggled over his forehead and hung in wisps over his eyes—a man who passed under the sobriquet of "Tiny Tim."

He was clothed in baggy trousers and a loose jacket of black velvet. His sport shirt was open at the neck the band tucked in to form a "V." On his arm he carried a willow basket in which were tiny packets.

SLEET AT HOME, PLAY GOLF HERE

Alberta Politicians, on Holiday, Like City Courses

While the telegraph wires which remain in use are bringing news of sleet and blizzards in the Prairies, Premier Greenfield, of Alberta, and the Hon. J. B. Brownlee, the Attorney-General, are able to talk to their friends of the way their golf game is improving on the Oak Bay and Colwood links.

They are staying at the Oak Bay Hotel, and will be here for the remainder of the week. About the only business they have undertaken here is to have an interview with Premier Oliver.

"Your golf courses are delightful, and I have done little else than enjoy the game since I have been here," said Premier Greenfield. "We are here purely on a holiday, and our visit has absolutely no political significance. We have just finished our annual legislative session, which was one which was strenuous in spots."

FOR CHILDREN

THE SANDMAN STORY FOR TO-NIGHT

BLUSTERING WIND'S VISIT.

Old Blustering Wind had come down from his home somewhere away up north, he had just awakened to the fact that he had not let any one know he was about and it made him very angry to think the snowflakes and Jack Frost had so far that Winter had all the story to themselves.

"Huh," he growled, " will show folks that it is I that am to be feared and not that snipper-snapper fellow Jack Frost, or those little feathery snow flakes either, I will just show folks. I'll show them who is who in the winter time.

So down he blustered along roads across fields and through the woods, scattering dry twigs which he snapped from the branches as he went along.

"Ah, here is a fine place to work and show my power," said Blustering Wind as he came to a little white house with its door not quite tightly fastened.

"Think I can't get in I expect," he grumbled, "just because they have locked the door, but I will show them they can't lock me out. I am a strong fellow and I should like to see what is in that barn very much.

It happened that the snow flakes were falling thick and fast just as Blustering Wind flew around the corner of the barn and his growling voice frightened the poor little flakes so that they all huddled together.

Blustering Wind flew around the corner of the barn.

Blustering Wind howled with delight when he saw their fright and he whistled and blew shrill and growly sounds to scare them the more, and all the time the snow was piling high in front of the barn door just where Blustering Wind expected to get in.

By and by he grew tired of frightening the poor little snowflakes, and he remembered he wanted to get in the barn, but to his surprise and anger he found the way blocked, for the little flakes had drifted high about the door and not even he could move them.

He whirled and blustered around and then all at once he spied the house. "Ah, I'd rather get inside and see what is going on in there, for there folks live, and I will show them what I can do."

But though he blustered and he blew, the best he could do was to rattle the shutters, for the doors were fastened quite tight and the windows too.

Bustering Wind grew curious, he forgot to make a loud noise, for he wanted to know what was inside the house more than anything else now. so he crept around the side of the house where the shutters were open a little, and tried to peek in, but the shades were drawn and not a thing could he see.

He flew to the door and tried to turn the knob, and then he whined in a complaining tone, "Why don't you let me in, I want to see what is inside this little white house?"

The door shook with laughter "You cannot enter here," it replied, "I am guarding this place."

Then he flew to the shutters again, but no longer was he Blustering Wind, he was whispering softly to the shutters and asking questions about the things inside the little white house.

And what the shutters told Blustering Wind that night kept him quiet until it was light and he had to scamper off home.

So when you hear Blustering Wind outside your home trying to get in that he will soon change his tune and begin to whisper, for he is only bold when he thinks he can frighten anyone as he did the little snowflakes.

To keep appearances up to New York business standards, a girl must spend at least $250 a year on clothes

WHAT THE CLUBS ARE DOING

Vancouver Rotary.

R. M. Millar has been elected president of the Vancouver Rotary Club by acclamation following the withdrawal of the only other nominee for the opst, Rev. G. O. Fallis. Election of other officers will take place at the next regular luncheon. The following have been nominated: Secretary, D. A. Hamilton, F. E. Payson and J. G. Todhunter; treasurer, Wm. R. Carmichael, Edward Lipsett and C. T. McHattie; sergeant-at-arms, S. Griffis, G. O. Madigan and J. D. McMartin; directors (seven to be elected), W. Agnew, T. Byrnes, Langtry Bell, J. H. Boothe, W. A. Cantelon, G. E. Chaffey, N. G. Cull, H. J. Duker, R. P. Dunne, R. D. Dinning, Morgan Eastman, G. O. Fallis, J. W. Gehrke, D. Hockin, G. R. Hackett, P. L. Lyford, J. W. Nunn, O. A. Olson, G. S. Pettapiece, A. C. Stewart and W. C. Shelly.

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable.

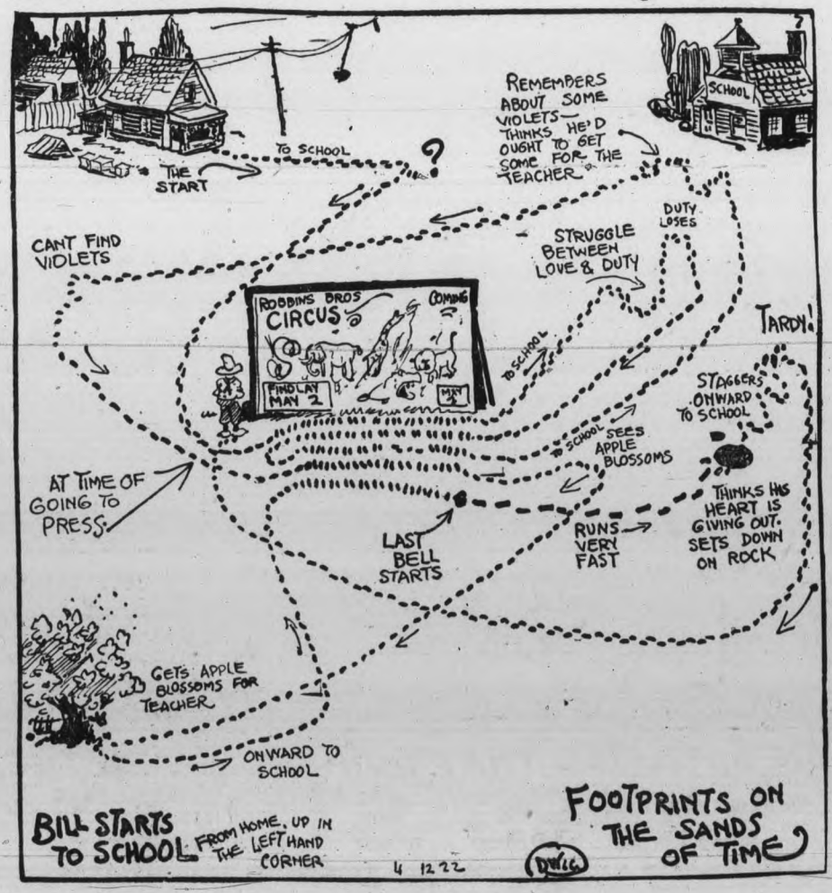

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist. (Advt.)

BILL WOULD GIVE REBATE ON TAXES FOR FREIGHTS PAID

Measure Suggested in United States to Popularize American Shipping

Washington, April 12.—Incentive would be given importers and exporters, through passage of the administration merchant marine Bill, to have their goods carried in American vessels with the result that ship owners would be assured full cargoes, Norman P. Beecher, counsel for the shipping board, declared at to-day's session of the joint congressional hearings on the measure.

One section of the Bill would permit any person to deduct from his income taxes five per cent of the amount of ocean freight money paid by him during the year for the transportation of goods between the United States and foreign countries in American bottoms.

While no direct benefit would accrue to the shipowners under this provision, Mr. Beecher said, it was hoped by proponents of the legislation that the section would prove of more benefit to the owner than the receipt of an equal amount of money.

"If the American shipowner can be assured of full cargoes, his problem is largely solved," the witness said. "Whatever may be the ultimate effect of this provision, its tendency certainly will be in this direction."

ARRIVES TO FIND FORTUNE SMILING

American Merchant Lands to Find Oil Well Producing

Completing a tour of the Orient on business and pleasure bent an American merchant with wide interests in the Orient, a passenger on the Pine Tree State, was greeted on arrival here yesterday with a telegram acquainting him of the fact that he was well on the way to another million. It transpired that the merchant had left Seattle with a large interest in an oil well in the Southern States, and returned to find that the well had "come in."

Thus he was in possession of stock that had grown overnight from the ten cent class to hundreds of dollars a share. Having completed a tour of the Orient, with little business resulting, and meeting with the usual lot of the traveler who is requested to "Pay, Pay, Pay," the merchant was overjoyed to return to his native land with such welcome.

SETTLEMENT REACHED WITH AUSTRALIAN SEAMEN'S UNIONS

London, April 12.—(Canadian Press Cable)—It is announced that a satisfactory understanding has been reached between the management of the Commonwealth Government's steamships and the Australian seamen's union whereby a preference is to be granted to members of the Australian seamen's union.

ALASKAN VESSELS.

Seattle, April 12.—Carrying 1,200 tons of cannery supplies for the West Coast of Prince of Wales Island, and for Chichagoff, the Alaska Steamship Company's freighter, Redondo, Captain E. E. Crockett, sailed for the North late to-day. The steamer Jefferson will sail for Southeastern Alaska to-morrow.

HALIBUT CRAFT RETURNS.

Seattle, April 12.—First of the big halibut schooners to arrive home from the Gulf of Alaska this season, the Altem, Captain Jacob Bassi, made port late yesterday with 60,000 pounds of halibut. She fished on the Portlock banks, 100 miles off the Western Alaska coast.

ADMIRAL LINE ADJUSTS ROUTES

Service to Alaska Tightened Up by Additions

The addition of vessels to the Admiral line fleet has made a change in services possible, it is stated.

The steamships President and Ruth Alexander will leave Seattle 11 a. m., on alternate Fridays instead of Saturdays as heretofore, running through to San Diego via San Francisco and Wilmington. These vessels formerly turned around at Wilmington.

The Admiral Farragut recently completely overhauled will be placed in the Columbia River-California service operating opposite the Senator and replacing the Admiral Evans, which will be operated opposite the Admiral Watson in the Southwestern Alaska service.

The Admiral Rodman, which has been operated in the Portland, Coos Bay, Eureka, San Francisco route will be withdrawn from this run and operated in the Southeastern Alaska service in conjunction with the Queen and Spokane. This puts one additional vessel on each of the Alaska routes, making a total of three vessels, the Queen, Spokane and Admiral Rodman on the Southeastern route and two vessels, the Admiral Watson and Admiral Evans on the Southwestern route.

Because of the more urgent need for the Admiral Rodman to intensify the company's Alaska service, the service formerly maintained between Portland and San Francisco via Coos Bay and Eureka will be discontinued.

The new Friday sailing schedule of the President and Ruth Alexander will become effective with the sailing of the President on April 27, while the Rodman and Evans will make their initial trips in the Alaska service May 1 and 2 respectively.

The Schley and Dewey will continue in the Puget Sound-California service sailing from Seattle on alternative Tuesdays and going as far South as Wilmington.

CHANGE METHOD OF FUMIGATING SHIPS

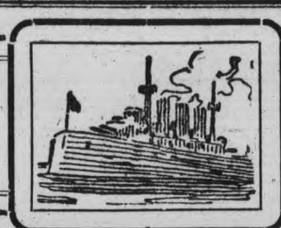

San Francisco, April 12.—The Pacific Mail liner Empire State today was the first steamer to be fumigated under the sulphur process since the government ordered the discontinuance of the cyanide process. The cyanide process was discarded because lingering cynadic fumes caused the death of two men on the steamer Tahiti here several days ago.

Two more shipping board vessels of the "535" classification will be assigned to the Pacific Mail Steamship Company, making a total of five and this class plying on this line from San Francisco to the Orient. The additional vessels will be dispatched to this port as soon as the liners Buckeye State and Hawkeye State have been reconditioned and turned over to the United States line.

Starboard Engine Went Dead After Arrival at Kobe; Four-day Stay

Clearing from Yokohama on April 2, the Admiral liner Pine Tree State, Captain M. M. Jenson, tied up at the Outer Wharf here just before five o'clock last evening, being delayed at the station for a period. Captain Jenson reported a good passage, with some heavy weather. Ship's officers told of the failure of the starboard engine on the outbound run.

Before making Kobe, trouble had been noted in one of the turbines, and after the ship cleared from Kobe and was forty-five miles out in the channel the starboard engine failed entirely. The Pine Tree State put about at once, and limped back to Kobe. A stay of four days was made at Kobe, where temporary repairs were effected and the Admiral liner cleared again. On the run home the starboard engine gave more trouble and it was with reduced power that the present voyage was completed.

On arrival at Seattle the Pine Tree State will have an engine-room overhaul.

The officers of the Pine Tree State indignantly denied any suggestion of attempting to race the C. P. O. S. Empress of Asia, which they said was in a faster class, besides the starboard engine was not up to scratch, and a race would have been futile in any event. The Empress of Asia, clearing one day ahead of the Pine Tree State from Yokohama on the run made a fast trip, arriving here on Sunday last, one hour and some minutes short of the record held by the Empress of Russia for the trans-Pacific crossing.

Between 5,000 and 6,000 tons of general cargo came on the Pine Tree State for Sound ports, with a light shipment for local discharge. Three hatches were worked here, the Admiral liner clearing at midnight for Seattle.

The Admiral liner had a good passenger list, with 121 in the cabin class and as many again in the steerage. Some thirty Chinese were debarked here, most of whom are for Vancouver and Mainland points. The cabin list was composed mainly of residents for Far Eastern points on vacations in the United States and Canada.

DRIFT OF ICE MAKE CHANGE IN ATLANTIC COURSE

Washington, April 12.—Steamship traffice in the North Atlantic will be moved sixty miles south of the present double steamship lane through the ice danger zone of the Grand Banks under advisory instructions sent out by the hydrographic office. The eastbound traffice to Europe made the change, effective last Saturday. The westbound lane will be moved April 15. The season when the bergs break loose and sometimes force their way into the ordinary lanes of steamship travel, is near at hand and the hydrographic office welcomed the change.

The coast guard cutter Tampa, on international ice patrol duty off the Grand Banks, reported the presence of one berg in the vicinity of the steamship lanes within the last ten days. That berg apparently broke up and disappeared.

The berg which sank the Titanic made its appearance in the steamship tracks on April 12, the disaster occurring during the night.

Reported Aground at Ahukini, Kania Is.

THE MALAHAT

This schooner is one of six craft built here in 1915 by the Cameron-Genoa Shipbuilders, Ltd., for B. C. interests. Six other craft of the same type were built at the Wallace yards, Vancouver, at the same time. On the present run the schooner Malahat had a cargo of coal from Newcastle, N. S. W.

HUBBARD COMPLETES TWO HUNDRED MAIL FLIGHTS TO CITY

Aerial Mail Service Not Yet Broken Down on Mail Run

As the Admiral Liner Pine Tree State was docking yesterday afternoon, Eddie Hubbard, the Victoria-Seattle aerial mail pilot brought his air carrier down into the waters of the Inner Harbor on his two hundredth trip in the aerial mail service. Hubbard landed with out delay and went on board the Pine Tree State, received his twelve bags of mail and cleared ten minutes later on the completion of his second century run.

The Pine Tree State brought 1,200 bags of mail in all, the aerial postman taking the cream of the business correspondence for a fast return to Seattle. Since he has been operating in this capacity Hubbard has made an average of ten trips and over a month, carrying in the neighborhood of 110,000 letters in the month. His service, in the two years of operation has not yet broken down on a mail run.

Seattle, April 12.—Captain Roald Amundsen's exploration ship Maud, was brought to drydock at Winslow to-day and tied up at the Spokane Street dock, where she will be outfitted for her trip into the Arctic.

NOTICE TO MARINERS

Mariners are hereby notified that owing to the Canadian Bridge Company making an extension to their crane, the Western passage of the Johnson Street Bridge, Victoria Harbor, B.C., will be closed to navigation on Saturday morning, April 15 from 8 a.m. to 12 noon.

CODFISHERS READY.

Seattle, April 12. — The codfish schooners Charles R. Wilson, John A., and Esther, owned by the Pacific Coast Codfish Company, and the Fannie Dutard, owned by E. L. Mathieson, of Anacortes, are outfitting here for Northern cruises.

ADMIRAL LINE COMPLETES YEAR IN TRANS-PACIFIC

Five Large Liners Operated in Regular Service Between Seattle and Orient

Arriving yesterday from the Orient the Pine Tree State completed one year of operation for the U. S. Shipping Board craft operated by the Admiral Line in the trans-Pacific passenger and freight routes. The service was inaugurated by the Wenatchee on April 9 of last year, five ships operating in this service from Seattle, by way of Victoria to the Orient.

The Wenatchee was joined by the Bay State, Pine Tree State, Silver State, and the Keystone State, all of the same class and built for the U. S. Shipping Board. After some minor mishaps in engine room equipment the service rapidly became standardized and is now making a regular ten-day run across the Pacific.

Commencing with relatively light cargoes and passenger lists, the State liners soon proved to be popular, and the Pine Tree State yesterday returned with general freights, and a good passenger list. The Admiral Line craft are seventeen and a half knots, and make the voyage in the neighborhood of ten days flat.

Luxury Afloat

Once a trying ordeal, the journey now across the Atlantic is a brief experience of floating luxury—three days on one of the most wonderful rivers in the world; and four on the ocean.

The Cunard-Canadian Steamships are amongst the best equipped in the world—state-rooms de luxe, containing one, two, three and four berths and large wardrobes—some rooms fitted with rectangular windows instead of portholes—electric lights and running water.

The dining rooms, lounges, writing, music, reading and smoking rooms are beautiful, spacious, and sumptuously furnished.

NEWS IN BRIEF

To Check Nuisance.—Acting Mayor Harvey to-day issued instructions to impound dogs loose in Beacon Hill, and to impound a cow pasturing on park lands.

Road Race.—The prizes for the Great War Veterans' Association road race to be held on Friday will be on view in Plimley & Ritchie's window on View Street.

Central W. C. T. U.—A meeting of the Central W. C. T. U. will be held to-morrow afternoon at 3 o'clock at the Y. W. C. A. Arrangements will be made for the annual meeting.

Juvenile Foresters' Dance.—Courts Canada and Excelsior Juvenile Foresters will hold a masquerade dance to-morrow night, when special music will be provided for the children.

Illustrated Lecture.—At the Centennial Methodist Sunday School on Friday at 7.30 Rev. Dr. Saunby will give an illustrated lecture on the subject "Love Stronger Than Death." The proceeds will be devoted to mission work.

Veterans of France—The regular monthly meeting of the Veterans of France Association will be held to-morrow night in the club quarters, corner of Courtney and Douglas Streets. The meeting will commence at 8 o'clock.

W. A. to G. W. V. A.—The Women's Auxiliary to the Great War Veterans' Association will meet to-night instead of Friday night. The meeting will be held in the G. W. V. A. quarters on Bastion Street, commencing at 7.30 o'clock.

Amalgamated Veterans—A meeting of the executive council of the Amalgamated Veterans' Association will be held to-night, in the club premises, at 7.15 o'clock. This gathering will be followed by a general meeting of the organization at 8 o'clock.

To Choose Delegates—A meeting of the Saanich-Oak Bay Liberal Association will be held to-night in the Victoria Liberal Rooms, Government Street, at 8 o'clock, for the purpose of selecting candidates for the Liberal convention at Nelson, and for the transaction of other business.

To Talk on Wallpaper.—At the regular meeting of the Island Arts and Crafts Society on Thursday evening at 8.15, H. A. Beck of Manchester, England, will give an illustrated lecture on "Wallpaper—its design and manufacture."

Silver Tea.—The Ladies' Aid of the Gorge Presbyterian Church will hold a silver tea at the home of Mrs. Eaket, 2833 Colquitz Avenue, on Friday commencing at 3, and concluding at 6 o'clock. Cakes and candies will be on sale during the afternoon.

Lantern Lecture.—Rev. William F. Schmidt, field missionary for Oregon and Washington states, and British Columbia, will give a lecture at the regular mid-week lantern lecture at the St. Paul's Lutheran Church to-night, commencing at 7.30.

Elk Lake Service.—Commencing on Easter Sunday, afternoon service and Sunday school will be held in the Elk Lake Schoolhouse at 3 o'clock. Rev. F. Hardy, B. A., will take the service, and at its close the Sunday School will be organized. Much interest is being taken in the event, and a large attendance is expected next Sunday.

Army and Navy Veterans.—Dominion President Major Crehan and Provincial President Major Marsden will arrive in the city to-morrow, and will attend the general monthly meeting of the Army and Navy Veterans at 8 o'clock. The Provincial Command will hold its session at 11 o'clock in the morning.

Saanich Liberals to Meet.—A meeting of the Saanich and Oak Bay Liberal Associations will be held this evening at 8 o'clock at the Victoria Liberal Rooms, Government Street, when the business will include the appointment of delegates to attend the big Liberal convention to be held at Nelson in June.

To Speak On Persia.—To-night in St. Andrew's lecture hall Rev. E. O. Eshoo, a native of Persia, who has been a missionary to his own people for twenty-five years, will tell a fascinating story of his own and his people's experiences in their flight before the Turks and Kurds during the Great War. All are cordially invited to be present.

Magazine Published.—The April number of the Public Schools Magazine has been published, and introduces the first of the series of Spring numbers. A special feature has been made of sport, while some interesting articles on "What I Would Do With $100," have been written by pupils of the schools.

Easter Bazaar.—Final arrangements have been completed by the Good Cheer Club of Colfax Rebekah Lodge, No. 1, I. O. O. F., for their Easter bazaar, which will be held in the I. O. O. F. Hall, Douglas Street, on Wednesday afternoon next from 3 to 6. There will be apron, fancy-work, home cooking, cut flowers and plants, novelty and candy stalls, also a spinning jenny for the children. Afternoon tea will be served, and a musical programme given by the following artists: Mesdames Edmonds, R. W. Whidden, E. Yeo and W. D. Todd.

Motorists Fined.—E. H. Russell and James Hunter were each fined $10 in the City Police Court this morning for exceeding the speed limit in a motor car. W. T. Williams and Elmer Charlton was fined $3 each for failing to have a light on their bicycles. H. Kent was fined $5 for operating a motor car minus a light and Mar Quong for turning his car in the middle of a block was assessed $5. Chung Boo was fined $10 for being in possession of a sword.

James Bay Musicale—There was a good attendance at the musical evening given under the auspices of the Young People's Society of the James Bay Methodist Church last night. The programme included songs by Miss Neville, Miss Harris, Miss Street, Miss Holt and H. Steenson; violin solos and a duet by Mr. Gilbert Mr. Nelson Griffin and Mrs. Brinton. Miss Marsh gave two clever recitations.

Was Fined.—J. H. Barker was fined $25 on a charge of assault, in the police court to-day, following a dispute with George Woo, a Chinaman at the Cameron mills. R. C. Lowe defended. The case occupied considerable time.

St. Jude's Social Guild.—The weekly meeting of St. Jude's Social Guild, Obed Avenue, will be held at the home of Mrs. F. W. Ball, 2820 Holland Road, on Thursday, April 13, at 2.30 p. m.

Arion Club Concert.—The second concert of the thirtieth season of the well-known Arion male voice Club has been arranged to take place on Thursday, April 27 at the Empress Ballroom. An exceptionally attractive programme has been prepared by the members, and the club will be assisted by the Symphony Orchestra and by Mr. Gideon Hicks. A limited number of tickets will be on sale at Kent's Phonograph store, so those desirous of attending should make early application.

Victoria Review.—Victoria Review No. 1 Woman's Benefit Association of the Maccabees held their regular meeting in the K. of C. Hall on Tuesday evening last, Mrs Wall presiding. There was a good attendance of members, besides visitors from sister reviews. Applications for membership were received and arrangements made to hold a military 500 at the home of Mrs. Skalland, 920 Yates Street, April 19. Another of their popular dances was also arranged for, to be held in the K. of C. Hall, 902 Government Street, April 25. Hunt's Orchestra will furnish the music.

Police Suspect Gangs.—Breaking a rear window thieves ransacked the grocery store of A. W. Whittingham, 143 Menzies Street, late Monday evening, securing $225 in cash. The major portion of the money was found in a drawer on the premises, while the till was also rifled. Cheques to the total value of $15 were secured in addition. Tobacco and other stores to a value of $10 were taken by thieves from the premises of Mr. Leacock, 2005 Cook Street, during the week end, the police say. Entrance was gained by prying off a board that had been nailed over a broken window. The large number of small burglaries in the past few months have led the police to the conclusion that an organized gang is at work, as well as several other operators who work single-handed.

Sues B. C. Electric.—Before His Honor Judge Lampman in the County Court to-day George Mellor commenced suit against the B. C. Electric Railway Company, claiming damages of $107 and special damages of $500, to the extent of $607, for the accident in which his motor car was struck, it is alleged, by a south-bound street car on Cook Street. A. Aikman appears for the plaintiff, with H. B. Robertson, K.C., for the defendant. On January 7 this year plaintiff was driving his car on Fairfield Road approaching Cook Street. While crossing Cook Street the motor vehicle was struck by the street car, being badly wrecked, it is alleged. Plaintiff paid $107 for repairs to the motor car, it is stated, and charges the defendant company with negligence. The action is continuing.

ROTARIANS HEAR INTERNATIONAL ROTARY OFFICERS

Crawford C. McCullough, President of International Rotary, stayed over in Victoria last night and addressed members of the Victoria Rotary Club at a dinner in the Dominion Hotel. He explained how the International Rotary organization carried on its work and spoke of the rapid growth of Rotary all over the world. Chessley Perry, International Rotary Secretary, who accompanied Mr. McCullough told the Rotarians about the details of the international officers' work. The two Rotary heads left for Eastern Canada after the meeting.

INSTITUTE ADVISORY BOARD IN SESSION

Many Women's Institutes Favor Provincial Federation

The Advisory Board of the Women's Institutes of British Columbia met this morning at the Parliament Buildings, Mrs. George G. Henderson, of Duncan, being elected to the chair. Dr. Warnock, Superintendent of Institutes attended the meeting.

The scheme for Provincial federation was reviewed and the members announced that a majority of the Institutes were in favor of the plan. On the motion of Mrs. McGregor seconded by Mrs. Lyne, the Board in session went on record in favor of the federation and will again submit the same for discussion at the various conferences. Other business included the consideration of the working policies for standing committees on mental hygiene and local industries; the appointment of Provincial standing committees, programmes for the district conferences, and the status of Advisory Board members.

MANSON SWORN IN AS LABOR MINISTER

The Hon. A. M. Manson, Attorney-General, was sworn in to-day before Lieutenant-Governor Nichol as Minister of Labor for British Columbia.

At the same time, Premier Oliver, who has held the portfolio since the resignation of J. W. de B. Farris as Attorney-General and Minister of Labor, relinquished it. The Premier has been holding the portfolio since Mr. Manson was sworn in as Attorney-General, because of the proposal that the Labor Department be handed over to the Hon. William Sloan, Minister of Mines, in order to relieve the Attorney-General of part of his burden.

Mr. Manson left this afternoon for Prince Rupert to move his home to this city. He expects to return here in about ten days.

PREMIER GOES AWAY

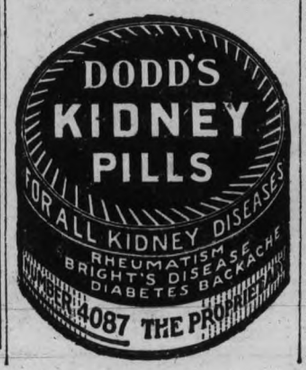

Premier Oliver left this afternoon for Vancouver. He will speak to-night to the Richmond Liberals. Before returning to Victoria he will take up Pacific Great Eastern Railway matters with A. B. Buckworth, General Manager of the line.

The Premier is expected back before the holiday.

POLICE BOARD DOES NOT HEED COUNCIL PROTEST

Go Ahead With Closed Sunday Plan; No Plebiscite

Commissioners Feel They Have Completed Their Task

The City Police Commission has no intention of heeding the City Council's request that it delay its Sunday closing plans until the Federal Government can consider amendments to the Lord's Day Act, it was learned to-day. As far as the Police Commission is concerned the lid will be applied next Sunday. The Police Commissioners, it was made clear at the City Hall, feel that they have done their duty and now it only remains for the Attorney-General to allow prosecutions of store owners who keep their establishments open on the Sabbath.

Mayor Marchant, Chairman of the Police Commission, is in Vancouver. Police Commissioner J. C. North is opposed to the whole Sunday closing scheme and Police Commissioner W. E. Staneland feels that he has completed his work now that the Attorney General has allowed prosecutions and the police have been instructed to enforce the Act. The Police Commission, in fact, has finished its portion of the Sunday-closing effort.

Wants No Plebiscite.

It was explained to-day that the Police Commission is opposed to a plebiscite on the closed Sunday question because it believes that the electors would vote for Sunday observance and then it would be necessary to enforce the Lord's Day Act to the limit thus stopping the operation of taxis, sight-seeing busses and other transportation facilities. Now the Commissioners can interpret the clauses of the Act dealing with transportation liberally but if a formal verdict was voiced by the electors this would not be possible, it is asserted.

The Police Commissioners are delighted with the manner in which the Chinese merchants of the city closed their stores last Sunday. Only one Chinese store was open last Sunday it was stated to-day. Many more stores opened last Sunday than on the preceding Sunday because of the uncertainty about the Police Commission's plans. The closed Sunday will do much to block the continued spread of Chinese stores in various parts of the city, the Police Commissioners believe.

MANNERS TO BE BROUGHT NORTH

Alleged Adventurer to Go to Trial on April 19

The case of Guy Manners, writer and poet, and now alleged to have obtained $1,500 from the family of Miss Nettie Hammond, 1009 Summit Avenue North, Seattle, after he had become engaged to Miss Hammond, is due for trial soon. A United States grand jury will deal with the matter on April 19, it was stated at the Federal Building, Seattle, yesterday.

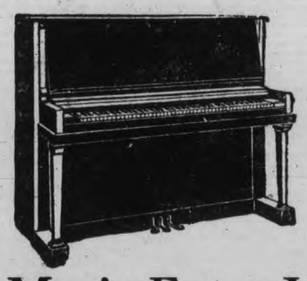

Manners was taken before a United States commissioner at New Orleans and bail of $1,000 set to hold him. He posted that. A complaint has been filed before a United States commissioner in Seattle and a warrant issued, a certified copy of which has been forwarded. Manners will be taken before a federal judge in the Southern city and an order of removal to the Washington jurisdiction asked. Bail will be set and if Manners can furnish it he will be allowed to come to Seattle. Otherwise an officer from Seattle will bring him from New Orleans.

RETAIL CLERKS' VIEW.

At the regular meeting of the Retail Clerks' Association held on Tuesday, the question of Sunday closing came up for discussion. The opinion was unanimous that from the association viewpoint stores should be closed. The following resolution was framed and passed:

"That whereas legitimate business is being injured by the sale of restricted goods on Sunday by those stores, including drug stores, now allowed to keep open, and whereas we consider this a menace to the Sunday holiday, this association endorses the action of the Police Commission in endeavoring to secure the enforcement of the law closing all stores on Sunday."

Is Now a Healthy Boy
"From a puny, delicate child, my little Johnny has become a strong sturdy boy."
One mother writes:—"If you had seen my little Johnny four months ago and you were to see him to-day, you would never believe that he is the same boy. Then he weighed only 49 pounds. To-day he weighs 90 pounds, almost double what he weighed four months ago. His trouble first started with a cold, which we never noticed because he was strong and like all boys of his age occasionally caught cold. After a while we began to notice that his cough, instead of getting better, was getting worse, that he was looking pale and losing weight. He seemed to be tired all the time, had no energy to do anything. Before he caught this cold he had no trouble with his lessons and remained at the head of his class without much study. But we began to notice a change. He didn't seem to care whether he knew his lessons or not and nothing seemed to interest him. He coughed so much and so hard at times that his face would become purple and we thought he would surely burst a blood vessel. Medicines and cough mixtures didn't do him any good. Finally, in desperation and as a last resort, we tried Carnol. In a short time his cough had almost disappeared. His appetite was returning and he was beginning to take an interest in his studies. And, thanks to Carnol, he has become as strong and healthy as he has ever been."
Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it has'nt done you any good, return the empty bottle and he will refund your money. —128

UNEMPLOYED START FOR THE PRAIRIES

First Contingent on Way to Farm Fields to Seek Work

The first contingent of unemployed will leave Victoria for the Prairies to-day, it was announced at the City Hall at noon after arrangements for sending men East had been completed. One hundred men will be sent from Victoria to points in Saskatchewan immediately, it was explained, orders for this number having been received here by the Labor Bureau. The men who will leave to-night and to-morrow will go to Swift Current and Moose Jaw. It is expected that other places will send out definite orders for men within the next few days.

Under the present arrangements men who wish to go to the Prairies must secure certificates from the Labor Bureau stating that they are fitted for farm work. By presenting these certificates at the City Hall the men can secure vouchers for which the Canadian Pacific Railway will supply them with transportation to Prairie points. The men agree to repay this money to the City next Fall. A similar system was put into effect last year, but only a small fraction of men repaid the money extended to them. This year it is hoped that the workers will be able to earn more money as they will be on the ground at the start of the farming season, and will remain until the end of the Fall harvest.

ISLAND'S NATURAL RESOURCES VALUED

Iron Deposits Important Factor in Shipbuilding

"There will never be a successful, permanent steel shipbuilding industry on the Pacific Coast until the raw materials necessary to their construction is mined right here on the coast.

"The most important feature of Vancouver Island to-day is your iron ore, and when it comes to establishing shipyards in Victoria, Vancouver or Seattle, they will have to depend on the iron ore of Vancouver Island."

The above significant statements were made at to-day's joint luncheon of the Chamber of Commerce Tourist Group and Publicity Bureau by M. J. Carrigan, director of the Seattle Chamber of Commerce, who has been intimately acquainted for some years with the mineral deposits on Vancouver Island.

LUMBER SHINGLES
We have a small quantity of off-made Flooring and V-Joint in long and short lengths which we must move at once to make room in our sheds to take care of our cedar operations.
We can save you money. Your inspection invited.
We are now sawing our own Cedar Shingles; they are green and well manufactured from live cedar timber.

at the Theatre

CAPITOL

Theodore Von Eltz, leading man with Bebe Daniels in "The Speed Girl," now showing at the Capitol Theatre, didn't come accidently by that well-set-up look in his uniform. But you're wrong if you think he was a German officer!

Mr. Von Eltz attended an officer's training camp and got into the war early, leaving a promising stage career to serve America. He saw service abroad, came back unharmed, and when discharged went almost directly to California to take up work in pictures.

Pretty Lucille Carlisle, Larry Semon's leading woman powdered her face, touched up her features with lip stick and eyebrow pencil and handed her make-up box to Larry Semon All of this was done while the camera clicked and scenes were shot for "The Show," which will be shown at the Capitol Theatre all week.

But the camera kept right on clicking while Larry did the most unheard of thing, which frightened Lucille and almost spoiled one of the funniest scenes that the comedy king had ever made. Fortunately the charming leading woman was out of camera range, and her colored maid who stood beside Larry was so busy watching Lucille that she did not spoil the scene.

The thing that Larry did was to pick up the lip stick, smell it and then eat it as though it were candy. Before Lucille could expostulate the comedian had devoured the eyebrow pencil, power puff and a pound box of powder. She stood gasping for breath. The colored maid sensed the situation and turned upon Larry when he sneezed and covered the maid with white powder.

Although the members of Larry's unit are used to having tricks played upon them the maid was not prepared for this scene, and she became angry. Her gestures and expostulations make one of the funniest scenes in "The Show."

AMUSEMENTS TO-DAY

Capitol—"The Speed Girl."
Dominion—"The Green Temptation."
Variety—"The Thief."
Royal—"A Connecticut Yankee."
Pantages—"Peggy's Follies."
Princess—"The Match Maker."

DOMINION

Betty Compson leads a dual life in her latest Paramount picture, "The Green Temptation," which will be the feature at the Dominion Theatre all this week. As Genelle, she is an Apache dancer and gem thief in the underworld of Paris, and as Coralyn a dancer of the Parisian high-class theatres. Later, she enters the war as a Red Cross nurse, assuming the name of Joan Parker, and during the conflict comes her regeneration. Thus she plays, as it were, three different characterizations, which afford her wonderful opportunities of dramatic portrayal. To sustain these roles competently was no small task, but the star accomplished it with skill Mahlon Hamilton heads a strong supporting cast.

VARIETY

Popular Pearl White will appear again at the Variety Theatre in the big William Fox production, "The Thief," based on Henri Bernstein's greatest play.

Miss White has added to her fame since she joined the William Fox forces, and abandoned her serial career. Her dramatic features have been picked with care. These new pictures have in them real Pearl White thrills, that are just as enjoyable—and sometimes as breath taking—as the "continued-next-week" serials.

"The Thief" is full of mystery. Until the end of the play no one can tell who the culprit is.

It is understood that William Fox disregarded the expense element in his aim to give Miss White the best picture she has yet made. The scenario was written by Max Marcin and Paul H. Sloane, and Charles Giblyn directed the picture.

AT ROYAL ALL WEEK

ROYAL VICTORIA

Mark Twain's "A Connecticut Yankee in King Arthur's Court" will be the attraction again to-day at the Royal Victoria Theatre.

This picture will please any audience, especially those who have read Mark Twain's famous story — and who has not? For the many, many incongruities — when, for instance, "The Yankee," surrounded by armored Knights and ladies, costumed in the period of King Arthur's court talks about Yale locks, "tin-Lizzies" and time clocks—there is always a hearty laugh. Great care has been taken in staging the production, and the minutest details have been followed. The action never lags, and the fun is fast and furious. There is not the least doubt that in "A Connecticut Yankee at King Arthur's Court" the Fox Film Corporation have a great box office attraction that will appeal to exhibitors all over the country.

Harry C. Myers as "The Yankee" is screamingly funny. He does not overact the part. Every one in the cast is uniformly good. Seldom has a cast of players been assembled that just suits, as this one does each respective part.

Rheumatism Had Me In Its Grip for 14 Years, But the Relief

TANLAC

gave me is simply wonderful, writes Mrs. Margaret Gummells, 118 Agricola St., Halifax. Tanlac by building up the entire body enables it to throw off the poisons that accumulate in the system causing rheumatism and many other diseases. Get a bottle today at any good druggist.

SEVEN CHARACTERS IN U.B.C. PLAY

"Mr. Pim Passes By" to Be Produced Shortly

The Victoria public will heartily welcome early next month the production of "Mr. Pim Passes By," by the Players' Club of the University of British Columbia, under Kiwanis Club auspices.

The Players produced this attractive play first in New Westminster early last month, and since then have played in other cities, with great success.

The Columbian, New Westminster, made the following statement about the players on the occasion of its production:

The Characters.

"There are just seven players in the cast, and they are all good. Jack V. Clyne, in the character of the country gentlemen, has a lot of work to do, but does it very creditably. Perhaps he might be a trifle more explosive at times, or rather his explosives might be made a trifle more devastating, but that is a matter of individual taste. As Brian Strange, a modern painter verging on the Futurist mode, very young, ingenuous and of course in love, Wells W. Coats puts on a very nice piece of work. But better than either, perhaps, is Neil McCallum, in the part of Carraway Pim, an aged gentleman with an untrustworthy memory in the matter of names. His work could be fairly described as flawless; he goes to just the right length, approaching senility but never reaching it.

"Sharing the principal honors with the men are two of the ladies, Miss Betty Somerset in the character of Olivia Marden, and Miss Georgia Mackinnon, as Dinah. Both are delightful, although how different. Of the two, however, Miss Somerset has by far the more difficult role. Formerly the wife of a shady company promoter who ends his career in an Australian prison, and now married into the county family, she has to express a wide variety of emotions as the plot unfolds. She does this so well that one could hardly suggest the slightest improvement. Dinah has a less complex task. In fact, one could imagine that she is on the stage simply her own young self, which is a very charming self, one can quite safely assert.

"As Lady Marden, sixty-five years of age but still almost unpleasantly vigorous, one can only say of Miss Kirsteen Leveson, by way of criticism, that she certainly does not look her age by two score years at least. But perhaps it is too much to expect that she should entirely submerge her looks in a too realistic presentation of the sere and yellow leaf. And the crisp way in which she spoke her lines was entirely satisfactory.

"Miss Dorothy Holmes, in the minor role of a maid, fitted nicely into the action of the piece."

SUBMIT FORMULA TO YOUR DOCTOR

There's No Substitute for Grip-Fix; It Relieves Colds and Checks Influenza

Ask your family physician what he recommends for a cold. He will tell you that most doctors use the same standard formula that serves to reduce fever and the inflammation that goes with this disagreeable ailment. He will perhaps tell you that this formula contains all or some of the following drugs: Phenacetin, Quinine, Salol, Caffein Citrate, Cascara and Camphor Monobromate. Then show him a box of Grip-Fix capsules with the formula plainly printed on the label. Ask him what he thinks of it.

He will tell you what he thinks of it.

He will tell you that Grip-Fix is a reliable, honest remedy and in ordinary cases should knock a cold in one night. That's what your own doctor will tell you. Ask him and see.

Grip-Fix is prepared from the prescription of a seasoned medical practitioner. It has been working wonders in the treatment of colds for years. No one needs to have a cold long. Just walk into any drug store, ask for "Grip-Fix" and you can say good-bye to your cold. Grip-Fix sells at 35 cents a box. On sale at all drug stores. Vancouver Drug Co., Ltd., special agents. (Advt.)

PRINCESS

Tonight the Stock company at the Princess Theatre will start its week's engagement with the first performance in this city of Dan Sully's celebrated play entitled, "The Match Maker." Mr. Sully, who was an able exponent of Irish character parts, starred in the "Match Maker" up to the time of his death. Previous to that time he starred in "The Rosary," and those who have seen both plays declare that the "Match Maker" is far more enjoyable. Harry Leyland made quite a reputation for himself in this city with the Page Players in his portrayal of the priest in the "Rosary," and will have a companion role in Father Daly in the "Match Maker." The part is brimful of Irish wit and humor, and is never of a preaching nature in any way. It shows the struggles of a pastor in the frontier country to get along, and in a broad-minded manner brings the word of God to the lawless element that always prevails in that kind of settlement The "Match Maker" is far from being a one-part play. Each member of this popular company has a part in which they will appear with credit. The love interest is in the hands of Violet Beltz and Jack Phipps, while Lily Dooley and Earl Moore have two very funny comedy lovers to play. Vivian Moore and William Campbell will do a pair of elderly comedy people in love with each other, while Arthur Elton and Howard Foster will handle the villians which the play has in abundance Musical numbers have been provided and will be offered during the action of the play. All special scenery has been provided, and some of the sets will be sure to be warmly praised A special matinee will be given on Saturday for the children to whom this play will appeal.

TEA GROWING VERY EXPENSIVE

The very high wages that have to be paid to workers on the tea plantations in India and Ceylon, due to social and political unrest, has caused the price of tea to rise consistently in the primary markets and in London. This influence is now being felt farther along the line and it is to be expected that the price of tea will increase to the consumer in the near future.

Classified advertising gets action and plenty of it.

WARD ONE AND ESQUIMALT LIBERALS AT SOCIAL FUNCTION

Ward One Liberals proved excellent hosts last evening when a large number of members of the ward and of the Esquimalt Liberal Association gathered in the Liberal Club, and engaged in a friendly game of Five Hundred, followed by dancing.

The affair began at 8 o'clock and for nearly four hours everyone present thoroughly enjoyed themselves Miss M. Harper and J. Pilgrim succeeded in winning first prizes in the Five Hundred, while the consolation prizes went to Mrs. Hasenfratz and Mr. Beaton. Fifteen tables were engaged, while there were a number looking on.

When the dancing commenced more guests began to arrive and the large auditorium was crowded. Messrs Findler and Locke provided the music, and some good old time dances were tripped off as well as the newer variety.

The ladies of Ward One had the refreshment arrangements in hand and the whole affair was one of the most successful entertainments held in the Liberal Club.

ACIDS IN STOMACH MAKE FOOD SOUR

CAUSE INDIGESTION

"Experience has taught me that most people who complain of stomach trouble and indigestion possess stomachs that are perfectly healthy and normal," says a well known authority. The real trouble, which causes all the sourness, gas and pain, is excessive acid in the stomach. This acid irritates the delicate stomach lining, sours and ferments the food before the point of digestion is reached.

Artificial digestents are not needed in such cases. They give only temproary relief, do not correct the cause and often do great harm. A better plan, if you suffer after eating, is to drink a glass of hot Magnesia water made from a teaspoonful or four tablets of pure Bisurated Magnesia, which can be obtained from any reliable druggist. This instantly neutralizes the acid, sweetens the stomach, and your meal digests naturally without pain. Try this for a few weeks and see if your stomach does not feel one hundred per cent. better. SUGAR AND COTTON ON MANDATE ISLANDS

Civil Administration for Japanese Pacific Group

The naval administration of Pacific islands mandated to Japan at the Paris Peace conference was replaced by the civil administration this month, according to exchanges to hand on the Pine Tree State. Toshiro Tezuka has been named governor of the islands. The administration will cost about Y5,000,000 a year.

Besides the 50,000 natives of these islands it is said that they now have also about 2,800 Japanese and between 30 and 40 Chinese and Westerners among the populations. The Japanese are largely engaged in raising sugar and cotton.

The WEATHER

Daily Bulletin Furnished by the Victoria Meteorological Department.

Meteorological Office, Victoria B.C., 5 a.m. April 12.—The barometer is rising over Northern B.C. and colder weather is becoming general on the Pacific slope. Frosts have extended from the lower mainland to Kootenay, and snow is falling in Alberta.

Reports

Victoria—Barometer, 29.34; temperature, maximum yesterday, 47, minimum, 36; winds, 3 miles N. rain, .03 inch; weather, cloudy.

Vancouver—Barometer, 29.86; temperature, maximum yesterday, 50, minimum, 32; winds, 4 miles E.; weather, clear.

Kamloops—Barometer, 29.76; temperature, maximum yesterday, 50, minimum, 26; calm; weather, fair.

Barkerville—Barometer, 29.78; temperature, maximum yesterday, 36, minimum 14; calm; snow, 1 inch; weather, clear.

Prince Rupert—Barometer, 29.94; temperature, maximum yesterday, 44, minimum, 28; calm; weather, fair.

Tatoosh—Barometer, 29.82; temperature, maximum yesterday, 44, minimum, 38; winds, 6 miles N.E.; rain, .02 inch; weather, clear.

Continuing Our Special Easter Selling of New Capes, Coats, Suits and Dresses

The values are simply remarkable. A special purchase makes it possible for us to offer hundreds of Spring garments in all the newest models at prices far below what merchandise of such style and quality would justify. Every woman who has still to buy her new Spring apparel should take advantage now of these wonderful offerings.

New Coats, Capes and Wraps From $27.50 to $69.50

Truly artistic and becoming are the Capes included in this offering. For motoring, traveling, for shopping or sports wear these capes are equally appropriate. They are fashioned from fabrics characteristically Springlike, as are also the many varieties in Wraps and Coats. Velour, Bolivia, Marvella, Veldetta and Tweeds are only a few of the new materials introducing new shades in brown, deer, date, navy and tweed mixtures. Included too are some very handsome garments in black. Prices, **$27.50, $37.50, $45.00, $49.00, $55.00** and **$69.50**

New Polo Cloth Coats for Easter Wear, Specially Priced at $25.00

In fine quality fawn polo cloth, in sport styles; trench and pleated backs, belted, raglan and set-in sleeves; novelty pockets, half lined with silk. Sizes 16 to 40. These coats are suitable for golfing, boating and sports outing. Special at, each $25.00
—Second Floor

Very Special Offering of Afternoon Dresses $49.50, $59.50, $65.00 and $79.50

Including Dinner Gowns, Afternoon Frocks and Street Dresses; all new, all charming for Easter selling. Every gown is a model of high order; Canton crepe, crepe de chine, silk, taffeta; and tailleurs of woolen tricotine and Poiret twill. Sizes from 34 to 44. Prices, **$49.50, $59.50, $65.00** and **$79.50**
—Second Floor

Smart Spring Suits in Four Groups $29.50 $35.00 $39.50 $45.00

Fine navy and tan Poiret twill and tricotines; beautiful new suits that reveal a world of fashionable notes in embellishments; superior tailoring, silk lined; plain tailored and fancy models in diverse assortments. New sleeves, detail collars and fine hand tailoring tell the story of their remarkable values; in every detail quality has been the aim and reward. Women's and misses' decided styles, types and sizes. **$29.50, $35.00, $39.50** and **$45.00**

New Snowflake Tweed and Home Spun Suits From $45.00 to $59.50

Beyond a doubt quite the smartest style, that has won the favor of Milady for almost every occasion; business, sport, street or general wear. These suits are distinguished by careful man tailoring, excellent finish and novel style touches that set them apart from the ordinary. The jackets are of attractive styles, box coats, semi-finished, slashed sides; regulation or deep notch collars. The colors include pastel shades for Spring as well as the snappy mixed group. Prices, from **$45.00** to **$59.50**

The TIMES LATEST NEWS of SPORT

Major League Clubs Begin Grind To-day

Record Crowds Expected to Attend Opening Games in Eight Cities—Weather Man to Be Kind to Some Places—Johnny Rawlings Will Open With New York

New York, April 12.—Warm weather but overcast skies ushered in the baseball season for 1922 here to-day. Weather forecasts, however, brought cheering assurances to the fans of New York and Brooklyn that the elements would not mar the big day of the year for those who went to the Polo Grounds to see the National League teams of the two boroughs begin hostilities.

Douglas or Nehf were the pitchers considered as most likely to start for the Giants, while Reuther, whose work has shown remarkable form, was looked upon as the hurler for Brooklyn.

New York was without the services of Frisch, second-baseman, who was sent home from the South with an infected foot, but his place was taken by Rawlings, who played a star game in the world's series last Fall. Brooklyn presented her strongest line-up. High, the New Dodger shorstop, and Deberry, a catcher new to the Brooklyn fans, were the strange faces in the Dodgers' camp.

Yankees Open in Washington.

The New York Yankees were in Washington to open the American season. Babe Ruth went to the capital city with his team mates, but has no hope of getting into the game, as the sentence of suspension passed on him by Judge Landis was holding firm. The pitching selections for the opening clash were Mogridge for Washington and Hoyt for New York, with Gharrity for the Senators and Schang for New York behind the bat.

Boston and Philadelphia were also ready for to-day's opening. The National League season was to be opened in Philadelphia by the Boston Braves, while the Athletics were in Boston to meet the Red Sox, chilly winds, it was reported, making the opening a difficult proposition for the warm weather ball players. Quinn was slated to start in the box for the Red Sox with Chaplin catching. For the Athletics either Harris or Rommel will pitch with Perkins the receiver.

Club officials expected record crowds to be on hand.

Advance sales in all cities have been heavy. Only fair weather is needed to bring out the bleacherites.

Browns Meet White Sox.

Chicago Americans will start the season at Chicago with the St. Louis Browns as their opponents. Faber for the White Sox and Shocker for the Browns have been selected as the opposing pitchers.

The other American League games of the Western end will be played at Cleveland with Detroit as the visiting team. The latter probably will start off without Manager Cobb, who suffered an injury in an exhibition game. Manager Speaker's battery selections for the opening have been announced as Coveleskie and Nunamaker, while Detroit will probably use Oldham and Bassler.

Cubs Tackle Reds.

The National League schedule for the Western end of the circuit brings together Chicago and Cincinnati at the latter's home grounds and Pittsburgh and St. Louis in the latter's park.

Manager Killifer is expected to make a strong bid for victory by sending Grover Alexander against Cincinnati. Charlie Hartnett, a recruit catcher, whose work in the practice games has been praised highly, will catch. In the Reds' box will be, according to present indications, Rixey and Wingo will be behind the plate.

There was some uncertainty at St. Louis regarding battery selections. Either Sherdell or Haines will appear on the mound for the Cardinals and Clemons will do the catching. The mound assignment of Pittsburgh may go either to Cooper, Adams or Glabner with Gooch catching.

Appropriate ceremonies for opening day have been arranged in all of the cities.

Labor to Boycott Baseball

Chicago, April 12.—Emmett T. Flood, Chicago, representative of the American Federation of Labor, yesterday announced a complete boycott of professional baseball on the part of the unions he represents. The boycott will continue, Mr. Flood said, as long as former Judge K. M. Landis continues as baseball commissioner.

Mr. Flood charged that Judge Landis, who acted as arbiter in the Chicago building trades dispute and handed down a wage decision, permitted himself to be used as a "tool of big business" in its efforts to disrupt building trade unions.

"It will be cheaper in the long run," he said, "for the magnates of baseball to pay Landis his $50,000 a year for the six years remaining and dismiss him than thus to antagonize organized labor."

MARTIN BEAT LYNCH; CROWD BOOS VERDICT

Boston, April 12.—Terry Martin, of Providence, was awarded the decision over Joe Lynch, of New York, former bantamweight champion, after their 10-round bout here to-night. The crowd booed the decision. Jimmy White, of New York, was awarded the decision over Mike Paulson, of St. Paul, at the end of their 10-round engagement. They are welterweights.

WILL PLAY IN FIRST GAME WITH NEW YORK

JOHNNY RAWLINGS

Fate has again played into the former Victoria infielder's hands. He was due to sit on the bench this season, but when injury overtook Frank Frisch, the Fordham Flash, who is billed for second base, John had to be called on to fill the bill. Rawlings was the hero of the world's series last year. He started the sensational play which saved the series for the Giants. With one out in the ninth inning, Frank Baker hit a scorcher which seemed to be billed for the outfield. Rawlings made a dive, speared the ball and tossed it to first for an out. Long George Kelly whipped the ball to Frisch at third for a double.

ENGLISH LACROSSE TEAM LOSES AGAIN

Baltimore, Md., April 12.—For the second time within four days the Oxford-Cambridge lacrosse team met defeat at the hands of a United States combination, when the team of the Mount Washington club beat them by 7 to 2.

TOMMIES OPEN UP INDOOR BASEBALL

Plenty of Fans Attended the Opening Game in Garrison League Yesterday

Work Point Barracks is now wrapped up in a new sport. Yesterday afternoon the Garrison Indoor Baseball League staged its opening game with appropriate ceremonies.

The Garrison is developing a lot of good athletes. The Tommies have just finished their football league and are now away to a good start with their indoor baseball affair. Their games are always keenly contested and usually draw about 200 Tommies who nearly raise the roof with their rooting.

Brig.-Gen. Ross, D.O.C., shot the first ball across the plate yesterday. He gave the ball a wicked twist but Major Eaton received it well behind the bat. Col. Greer swung at the first pitched ball and missed it.

Pats Beat Gunners.

With the opening ceremonies completed the two competing teams, the R. C. G. A. and the P. P. C. L. I. No. 2, took the floor and Lieut. Francis, the "umps" called "play ball."

The R. C. G. A. were first to bat and the game was speedily in full swing. At the end of the fifth inning the Princess Pats were leading their opponents by 3 runs, the score at this period being 10 to in their favor. From then on the R. C. G. A. started to play a much tighter game and were successful in holding their opponents scoreless for three innings while they managed to get 8 runs themselves. This made the score 15 to 10 in favor of the R. C. G. A. In the last inning the Princess Pates secured two more runs, while holding their opponents scoreless, this bringing the final score to 15 to 12 in favor of the artillerymen. About 200 spectators watched the game and excitement was strong all through. The batteries were Davies and Pauline for the R. C. G. A. and Bishop and Hall for the Princess Pats. The game between the Departmental Corps and the Princess Pats No. 2 team was not played.

To-morrow the Machine Gunners "A" team meets the Sergeants' Mess and the Machine Gunners "B" team plays the Officers.

Seventy-Five Trout Hooked at Cowichan in One Day by Party

Seventy-five Rainbow trout in one day!

Sounds like a good fish story and it is, a real honest-to-goodness one vouched for by "Dad" Janes, the noted Cowichan Lake resident.

Three fishermen headed by "Shorty" Graham, the prominent Nanaimo Waltonian, paid a visit to the Lake and on April 6 they hooked seventy-five beauties, which scaled 150 pounds. Each fisherman bagged his limit. They say that the fish were biting with a vengeance and that their reels got hot from rotating so much.

"Dad" Janes reports that the fishing at the Lake is good at present.

Ruth's Sentence Begins to Hurt With Game To-day

New York, April 12.—(By the Associated Press)—To-day George Herman Ruth becomes a "sadder and wiser man."

The home run king cannot play for thirty-eight days because he defied Kenesaw Mountain Landis, high commissioner of baseball, and went barnstorming in exhibition baseball.

While hundreds of thousands of fans in the eight American League cities are marking one day off their calendars to-day the misbehaving Babe, notwithstanding long, gruelling training in the South, will be seated in the grandstand of the park at Washington, looking on, listening to the blare of the opening day—"sadder—wiser."

For thirty-eight days Ruth will loaf while the public impatiently stamps its wearied feet and Colonels Huston and Ruppert, owners of the New York Yanks, pay the heavy hitter his regular stipend, reliably reported to be $75,000 a year.

Just On Hand, That's All.

Babe went through all the calisthenics of training, including baseball practise, country hotels and slow trains with his teammates, came to New York with them and will be on hand when they open in the capital. But other than being "on hand" he will be of little assistance.

During the period of his "jugging" Ruth will be missed by Washington, Boston and New York fans, particularly by the congressmen, and the Yanks make two trips to the capital before Ruth's "time is up." It will be May 27 before the official family can see Ruth in Washington.

Ruth will don a Yankee uniform May 20 at his Polo Grounds home and be permitted to stay on the playing field to his hearts content, and if he is in condition, Huggins will stick him into the batting order for his 1922 debut. It may be that he will not be in condition.

Huggins's Great Worry.

"Thats what is worrying me," Manager Huggins said to-day.

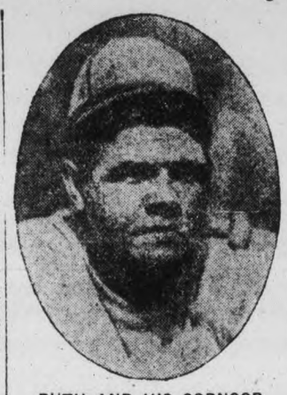

Ruth is universally acknowledged to be the greatest figure in baseball to-day. He is paid the highest salary of any athlete in the history of competition, is the most powerful magnet at the turnstiles, and, judging by the photographs of him that deck the streets, flash across the movie screen and appear regularly in the sporting pages, he is the most popular.

The sultan of swat has had a career that is especially appealing to small boys who smoke "corn silk" found in hay mows and play "old cat."

As a youth he was mischievous but good natured, so the brothers at St. Mary's Industrial School at Baltimore say. He first played with the school team. He was a liability with the St. Joseph's College team, knocking so many balls to oblivion that his playing became costly. Jack Dunn, owner of the Baltimore Orioles, gave him a chance, and then shunted him to Providence.

Boston, of the American League, espied him there—and he was a pitcher then—and finally sold him to New York. He brought $150,000, a mark not surpassed before or since.

His record salary came to him at Hot Springs, Ark., March 6, when he dickered with Colonel Huston until both reached a "last stand." Ruth won—a five-year contract.

RUTH AND HIS CORNCOB.

BASKETBALL

The triple header in the City and District basketball tournament to-night will commence at 8 o'clock with the Huskies vs. Crusaders game, followed directly by the Jordan River clan mixing with the Y. M. C. A. business men. The last game of the evening will take place at 10 o'clock, when the First Presbyterians meet the St. Andrew's. This will be the concluding games of the first round. The tickets have been selling rapidly and a record attendance is expected.

HELLO! WHAT NEXT? READY TO FIGHT OR WRESTLE IN WATER

Princeton, N.J., April 12.—The question as to whether Jack Dempsey or "Strangler" Lewis could win a match with each using his own particular style of battling, received a new turn today when Frank J. Sullivan, coach of the Princeton swimming and polo teams, declared nonchalantly that Bob Tait, captain of the Tire polo sextet, could defeat either of them in a bout in the water.

"Tait can clean up Jack Dempsey or anybody else in the water," said Sullivan. "As for Lewis, the only thing in which he could beat Tait would be floating. The water would prevent Dempsey's blows from being effective, and as water polo is a combination of wrestling and swimming, Lewis would not last long."

GERALD PATTERSON TO ACCOMPANY "AUZZIES"

Sydney, N.S.W., April 12.—The Australian Davis Cup team, consisting of Gerald L. Patterson, J. O. Anderson, O. H. Wood and J. B. Hawkes, was selected yesterday.

C.P.R. Bowling

In a match played last night the general office staff defeated the E. and N. shops by 53 pins. J. Renfrew bowled high score for the general staff with 147, and W. Wallace for the E. and N. with 187.

WEISSMULLER HAS WONDERFUL FORM

"Human Hydroplane" Has Big Hands and Feet; New Form of Training

New York, April 12.—The extraordinary swimming form displayed by Johnny Weissmuller of the Illinois A. C., who has been shattering records every time he enters the water, is what enables him to do what no other living swimmer has done in the past.

Much of his form, according to his coach, Bill Bacharach of the Illinois A. C., was acquired by his tireless work of practising in the water. When Bacharach first took hold of the young Chicagoan he set him to work pushing a water polo ball around for weeks to perfect his six-beat kick. After he had corrected his kick he put him on an inflated pneumatic tire to get the proper arch in his back which can be noticed so distinctly when he is splashing his way through the water in his record-breaking swims. This early training has not only made him the fastest short distance swimmer the world has ever seen, but also the most graceful swimmer in action, according to the foremost coaches.

Big Hands and Feet.

Much of his record-breaking also can be directly attributed to his large hands and feet. He swims high in the water. There is less roll to his body, perhaps, than any competitive swimmer. His legs are driven up and down and very close together in a one-two-three rhythm to each arm drive. His kick back and forward about the approximate distance of nine inches and his wonderful arched back helps him plane over the water instead of swimming through it.

When he is swimming his fastest his head is held high out of the water and his arms work in perfect rhythm with his six-beat kick.

This is one of the reasons for Weissmuller's great record-breaking swimming. There is perfect coordination between his hands and feet and his arms would impress one as moving very slow for fast swimming; yet that is the way he swims his "hundreds" in .53 with obviously no effort.

COMBINATION LEAGUE ISSUES CHALLENGE; WHAT WILL HAPPEN?

The Combination Football League has issued a challange to the Island League for a match between teams representative of the two leagues, to be played at the Royal Athletic Park on Saturday at 3 p.m. If the challenge is accepted, the team to represent the Combination League will be as follows: Shrimpton; Burton and Rickinson; Roe, Connell and Edwards; Cummings (Garrison), Bloom, Smith, Speak and Waddington; reserve, T. Watt.

Few Local Golfers To Seek B. C. Title

Neither A. V. Price, Last Year's Champion, Nor A. V. Macan, Runner-up, Will Go to Vancouver for Tournament This Week-end — "Big" Wilson and Six Others Going

Victoria will have an exceedingly small representation at the British Columbia amateur golf championship which is to be staged at the Vancouver Golf and Country Club, Berquitlam, commencing on Good Friday.

There will be just over a half a dozen local golfers in the qualifying round. It was expected that more players would have made the trip but many of them have found it impossible to get away for the four days.

Neither A. V. Price, the present holder of the title, nor A. V. Macan, the runner-up last year, will make the trip across the Gulf. Last year the finals narrowed down to those two players and they had a gruelling struggle over the links before Price was finally crowned with the laurels.

With Price and Macan both being absent Victoria's chances of securing the title once again have narrowed down that much. Both are very steady players in championship matches.

Wilson Going Over.

The Capital's big bet, however, is going to pack his clubs to the Mainland. Biggerstaffe Wilson, who is now looked upon as one of the best golfers in this city, is greatly feared by the Mainlanders. "Big" went to St. Louis last year and played in the U. S. amateur championship and also in the team matches, West vs. Middle West vs. East.

A. T. Goward, who is playing a very keen game at present, will also play in the B. C. tournament. He should go a long way towards winning the title.

Frank Thomas, Art Beasley, Harry Hodges, Jack Rithet and Jack Hargreaves are also going over to try their luck. They are all playing a very sound game at present, getting plenty of length on their drives, approaching well, and deadly with their putting irons.

Vancouver, April 12. — Between twenty-five and thirty of British Columbia's leading golfers are expected to compete in the B. C. championship tournament on Friday, Saturday, Sunday and Monday next at the Burquitlam course.

The Bostock Cup, emblematic of the championship, which goes to the winner, was donated as far back as 1895 by Senator Bostock to amateur golfers of the province.

Owing to the fact that for many years Victoria was the only place where there was an 18-hole course the event was held annually on the Island. In 1918 it was arranged to play the contest alternately in Victoria and Vancouver and the following Spring the Shaughnessy course was the scene of the game. Last year the event was held at Colwood. On that occasion a more elaborate programme than usual was gone in for and various flights were run.

Only Sixteen Qualify.

This year it was decided by the various clubs to make the maximum club handicap 12 for those wishing to enter and to limit those who qualified to 16 instead of 32. This would provide an opportunity to introduce the team game for which suitable prizes had been offered by the Gutta Percha and Rubber Company, Limited. The details of the programme will be: Friday, April 14, two qualifying rounds of 18 holes, lowest 16 to qualify; Saturday forenoon, first round B. C. championship 18 holes; Saturday afternoon, final for Gutta Percha Rubber Co.'s cup; Sunday morning, second round of B. C. championship 18 hole; Sunday afternoon, third round semi-final B. C. championship 18 hole; Monday, final B. C. championship 36 holes.

The method of play for the team championship will be that any club in B. C. which has qualified representatives at the championship, can nominate four players before the commencement of the qualifying round. The two clubs having the lowest total aggregate for the 36 holes, will play off by four ball, four-some play on Saturday afternoon two of each club playing against each other. The game will be carried to the 18th green and the club having the best result over all will take possession of the cup for one year.

Keen Contest.

This contest will provide keen competition, for all three local clubs will be represented by their best players and there is every prospect of one and perhaps two Victoria clubs putting their teams forward. While it is difficult to prophecy the outcome of such a game, as four players have to be taken into account in each case, it is felt that local clubs should have a good chance. The Burnaby players have the advantage of local knowledge and this is no small item at this time of year over the course. Jericho and Shaughnessy will not be far behind, if any. The former club will have the aid of Gelletly, who, although originally a Burnaby player, gave the Jericho club his services last season in order to provide greater competition in the inter-club games. This club will be stronger this year than they have ever been and nothing could be more satisfactory in the interests of local golf.

Course Is Fast.

Victoria players are an unknown quantity, although their players are all qualified golfers in every sense of the word, they may find trouble in getting acclimatized to the course which is so different to their own.

When all is said and done it should be a keen contest and given good weather an enjoyable one. The Burnaby course is fast recovering from the worst Winter it has ever experienced. The greens are keen and call for great care being shown, while the fairways are in good condition. Coupled with the fact that two qualifying rounds of 18 holes are always a trying ordeal is the additional factor that owing to the backward Spring, players have not had the usual amount of practice, so that scoring on the opening day is not looked for. The troubles that await the sliced or pulled ball are well known to those who have played the course.

LAST YEAR'S WINNER WILL ENTER AGAIN

JIMMY BUCKETT

of the Crusaders, who won the ten-mile road race last Good Friday, is going to join in the canter on Friday. He will find considerable competition this year, the G. W. V. A. is arranging the race.

PARLOR DOG SHOW SET FOR APRIL 22

Many Valuable Dogs Will Be Entered in Show to Be Held at Lorraine Hall

Whether the dog has a pedigree or not, people who wish to enter their pup or dog in the forthcoming dog show may do so for a small entrance fee, and will find out whether or not they have a valuable dog after it has been judged by J. J. Jackson, of New Westminster, who has been chosen to judge at the show.

The exhibition will take place on April 22 at 7 o'clock, at the Lorraine Hall, and a large number of entries is anticipated, as Victoria has a fine reputation for having good dogs. Dr. Garesche is president and Bert Pritchett secretary of the association and full particulars on the coming affair can be had from these officers.

At the last meeting of the Victoria City Kennel Club, which is conducting the show, it was reported that many new dogs had been brought to the city among them a choicely-bred Scottie imported by J. Graham. This dog has since had a nice litter which is of great value.

The selling of pups were also reported and it was shown that many fanciers have been attracted by Victoria's excellent display of dogs.

Winners in the Parlor show will be presented with silk ribbons and three cups will go to the best three pups while another three cups will be for competition in the dog class. In the latter event the dog must be over 12 months old. Every assistance possible will be given the novices entering dogs for the first time and a welcome is extended to all those wishing to be members of the club.

Mrs. McVicar will attend the wants of lady exhibitors and a splendid silver cup has been donated by Mrs. Young for the best English bull pup entered in the show. Entries will be taken from 6 to 7 on the night of the show at the Lorrraine Hall, where the exhibit is being held.

VICTORIA CRICKET CLUB HOLDS MEETING

At an executive meeting of the Victoria Cricket Club held last evening the following new vice-presidents were added to the list of the club's officers: Hon. Dr. Sutherland, Hon. A. M. Manson, Col. Wimsby, Hon. E. D. Barrow, Hon. Wm. Sloan and Hon. Dr. MacLean.

The offer received from the Army and Navy C.C. to share the Jubilee Hospital ground with Victoria was accepted. Appreciation was expressed of the consent of the directors of the Jubilee Hospital to allow the use of the ground on more favorable terms, and it was decided to go ahead with the work of improving the pavilion, which will be repainted and repaired.

It was decided that, as an admission fee is to be charged to all games this season, ladies will be admitted to honorary membership in the club for a subscription of $1.00, which will entitle them to admission to all matches.

It was learned with satisfaction that Captain Sheppard, of Cowichan, is coming down to live in Victoria and will be available to play for the club.

SCHOOL LACROSSE TEAMS ORGANIZING

Getting Ready for Opening of League After Easter Holidays

Organization of the school lacrosse teams is now proceeding with considerable success. All the schools which have been admitted to the league are anxious to get their organization completed before breaking up for the Easter holidays. Immediately after the scholars return to school the league will get under way and there will be much excitement over the opening games.

Last night the Sir James Douglas School, Moss Street, organized. Harry "Tuddy" Sargison, formerly a star lacrosse player, spoke to the boys and gave a short outline of the rules of the game, the way to handle a stick and various points of the game.

The boys decided to turn out for their first real practice on Good Friday morning. Boss Johnson is going to take the boys in hand during the practice.

The other schools are all practicing in the afternoons and are planning work-outs during the holidays. Coaches are being obtained and all the teams will receive the best instruction.

COAST LEAGUE BALL

Oakland, Cal., April 12.—Oakland inaugurated the first season the club has attempted to play all its home games in its own park by a 7 to 2 victory over San Francisco before a crowd of 11,000, which braved a chill wind. Seven Seal errors were largely responsible for the Oaks' victory, Kamm, Ellison and Kilduff each having a pair. But one Oak run was earned. Krause flung a good game, but Alton, a former Oak, was freely nicked by his old team mates. Brown, of Oakland, first man up in the home team's half of the first, slammed a home run over the deep left field fence.

	R.	H.	E.
San Francisco	2	8	7
Oakland	7	12	3

Batteries—Alton and Agnew; Krause and Koehler.

Vean Gregg Beaten

Sacramento, Cal., April 12.—Paul Fittery, in rare form yesterday, was invincible. Vean Gregg was not so good. Sacramento therefore kept up her winning streak, and clustering clouts off Gregg in the first, third and eighth periods, sent five markers across the pentagon. The lone counter the Seattle crew presented for collection came in the sixth, when Adams poled one far over the left barrier. Aside from this circuit clout, the Siwashes were able but once to get a man farther than first base off Fittery. Colonel Pick, Les Sheehan and Fred Moliwitz were yesterday's heavy offenders within the local hit and run column, the latter pair driving in four of the five runs counted.

	R.	H.	E.
Seattle	1	4	2
Sacramento	5	8	0

Batteries—Gregg and Adams; Fittery and Stanage.

Angels Won Long One

Los Angeles, Cal., April 12.—Los Angeles took a hard fought thirteen inning game from Vernon yesterday, 4 to 2. Crandall and Dell, opposing boxmen, pitched high class ball, but Dell was taken out in the twelfth to make way for a pinch hitter, and the Angels got to Doyle, his successor in the next frame for a double, a single two sacrifice hits and a base on balls, giving them two runs and the game.

At Vernon.	R.	H.	E.
Los Angeles	4	11	2
Vernon	2	8	1

Batteries—Crandall and Daly; Dell, Doyle and Hannah.

At Salt Lake — Portland-Salt Lake, rain.

CRIQUI WINS QUICKLY

Paris, April 12.—Eugene Criqui, the French featherweight champion, last night knocked out Ben Callicot in the third round of a scheduled twenty-round bout.

We Repair Tennis Racquets, Cricket Bats, Fishing Rods

We challenge comparison of our workmanship and the prices we charge. Speed is also a feature of our service—leave your racquet, cricket bat, lacrosse stick or fishing rod with us in the morning and it will be ready for you in the evening.

All repairs are done in our own workshop and are fully guaranteed.

Co-ordinate Management of Government Railways

Hon. W. C. Kennedy, Minister of Railways, Makes Announcement; New Management Will Automatically Abolish C. N. R. and C. G. T. Boards.

Ottawa, April 12.—The Canadian National lines and the Grand Trunk Railway are to be placed under the co-ordinate management of a board of directors, it was stated by Hon. W. C. Kennedy, Minister of Railways, in his first railway budget, presented to the House of Commons yesterday. The new management will automatically abolish the present Canadian Northern Railway Board and the Canadian Grand Trunk Board.

Three other announcements of prime importance were made by Mr. Kennedy, namely:

1. That the new Board will be asked to advise on division of the huge mileage of the National system into units, each with its own headquarters and under the direction of a general manager, who will be subject to the general lines of policy laid down by the Board at general headquarters.

2. That the House is to be asked, in view of the fact that suspension of the Crow's Nest Pass agreement terminates on July 6, to appoint a special committee, to study freight rates, with power to summon the executives of the various railways. It will then be for the committee and the House to take such action as may be deemed advisable.

3. That the work of co-ordination would be supplemented by an investigation of the financial affairs and business methods generally of the railways passing under the control of the new Board.

One remark of Mr. Kennedy's was applauded on all sides of the House—that the total amount to be voted for railways in the fiscal year which has just opened is $97,220,000, compared with $179,065,760 voted in the year previous. This includes both Grand Trunk and Canadian National lines.

Improvements.

Ottawa, April 12. — (Canadian Press)—In the two months ended December 31 last, although this was a period of depression in trade with decreased tonnage, less travel and with reduced rates when contrasted with the previous year, the nationally-owned railways were able, largely owing to drastic curtailment of expenditures, to make an improved showing over 1920. This information was given to the House yesterday afternoon by Hon. C. W. Kennedy, Minister of Railways and Canals.

The total deficit for 1921 amounted to $56,673,934, as against $67,505,059 for the previous year.

As the Government owned railways are still being operated in two groups by separate boards, though with such co-ordination of operation as had been possible, it was necessary, said Mr. Kennedy, to again make separate statements concerning the operations of the Canadian National and Grand Trunk Combination. These roads comprised approximately 52 per cent of the railway mileage in Canada and in 1921 their percentage of gross earnings was 54.22 per cent. Applying these percentages to gross earnings of the transcontinental lines, the Nationally-owned railways had increased their proportion of the available railway business and improved their position as carriers during the year to the extent of about $8,500,000.

The operated mileage of Canadian National Lines on December 31, 1921 was 17,338 miles. During 1921, 173 miles of new line were turned over to the operating department for permanent operation and an additional 65 miles were turned over for the operation on behalf of the construction department.

The total increase in fixed charges, both Canadian Northern and Grand Trunk Pacific from $33,194,243.96 in 1920, to $40,777,915 in 1921, reflected the increased interest charges during the year. After the total charges were taken into account, the total deficit for 1921 would be about $56,653,934 as against $67,505,059 for the previous year and which was erroneously stated at the time to be $70,331,734.

During 1921, advances to the National railways by the Government amounted to $51,785,522.65. Total advances to the Canadian Northern Railway Company to December 31, 1921, were $231,088,248.88, and the Grand Trunk Pacific Railway $82,480,303.66.

Wages and fuel still remained the principal charge on railway revenues.

Total Pay Roll.

The total pay roll last year was $88,755,060.

The National Railways bought 3,544,200 tons of coal at a cost of $21,391,215. When operating revenues amounting to $125,691,455, and wages and fuel require $103,642,575, the balance, roughly $23,000,000, is, of course, insufficient to meet other operating charges totalling $39,000,000, Mr. Kennedy pointed out. For this reason the operating ratio in 1921 was 112.7, as compared with 129.32 in 1920. In 1921, the distribution of the operating ratio was: Wages, 65.03; locomotive fuel, 160,88; and other expenses, 30.79. In 1920, wages took 78.61 cents of every revenue dollar.

Operating costs were high in January and February due to the higher wage scale which was adopted in September, 1920, retroactive to May 1, the result of the Chicago award. When traffic commenced to fall away, forces were reduced, and by the end of April the staff showed a reduction from 60,500 in 1920 to 51,000 in 1921. This staff reduction ran nearly 10,000 below 1920, through the months of May, June and July, averaged about 6,000 less in August, September and October, and about 5,000 less in the last two months of the year.

Reduction of Expenses.

The reduction of operating expenses by $20,000,000 was a welcome change, as in recent years it had been all the other way. Operating expenses of 1920 increased by more than $37,000,000 over 1919, those of 1919 increased by $27,000,000 over 1918.

Total pay roll, including betterments, was $88,755,060 as against $105,169,808 in 1920, a decrease of $16,354,748. The reductions in number of employees and of the rates of pay from July 16, 1921, was estimated to account for $12,175,000 of this, and the balance was betterment.

The average railroad wage grew from $713,000 in 1915 to $1,633.00 in 1920. Last year the average wage was $1,471.33, but the comparison was of little use.

Mr. Kennedy said that at the present time negotiations are under way looking to a modification of some of the working conditions that the railways feel to be difficult of application, resulting in excessive wages in some classes and the placing of expenses on the railways which are claimed to be unduly burdensome.

"It is recognized," he said, "that railway wages must provide for a proper standard of living, but they should have reasonable relation to the importance and value of the work performed, and to wages generally. The management inform me that the labor situation has greatly improved; that the spirit of railway labor is better than it was; that labor has become more efficient and is doing more and better work. I am glad to give expression to the views of the management in that regard."

"No work was done on eastern lines in the construction of new branches during 1921," said Mr. Kennedy. "All such work during the year was confined to western lines. A number of branch lines and extensions were under way prior to the war, on which work was suspended, and the Government has since provided the National Railway management with money to go ahead with certain of the lines along which settlers were in a bad way for railway facilities.

Construction Curtailed.

"The construction and betterment programme for 1922 is necessarily curtailed. There is in the West alone construction projected which would entail an expenditure of $25,000,000 to bring it to completion. In view of the financial condition of the country and the impending general reorganization of National Railway directorate and management, it is felt to be better to confine construction and betterments for the present to the minimum and leave the new board to advise as to what is essential or necessary in the matter of extensions. Briefly, this year it is proposed to finish active lines, up to the point to which track has been laid, at an estimated expenditure of $1,286,164, with ballast, fence, telegraph line and buildings, but to make no extensions to any of them beyond the point where track is already laid. Details of this work will be given in connection with the estimates."

SOOKE IS WORKING ACTIVELY FOR FERRY

Various Questions Taken Up by the Development Association

Sooke, April 12.—The regular monthly meeting of the Sooke Harbor Development Association was held Monday night.

The President, John A. Murray J.P., called the meeting to order shortly after 8 o'clock stating that since last they met a letter had been received from the Secretary of the East Sooke Farmer's Institute—Lady Emily Walker—asking just how the question of the proposed ferry service between East Sooke and this side of the Inlet stood. Major Campbell of the Public Works Department, had been down since and had made a careful examination of the approaches on either side of the harbor and found that the expense to be incurred as far as the approaches were concerned will be comparatively small. Major Campbell had met Lady Emily Walker and Mr. Alexander Gillespie on the East Sooke side and had arranged to prepare a plan of the site and he would then take up the matter with the Department of Public Works Nothing further had been heard to date.

Rail Service.

Since their last monthly meeting their Secretary had attended the Better Roads Delegation which waited upon Dr. Sutherland and on behalf of the Sooke Harbor Development Association had called the Minister's attention to the heavy traffic over the Sooke main road and how the road became badly cut up every Winter thereby during the wet weather and had made the suggestion on their behalf that much of this heavy traffic could be relieved from the Provincial road by the operation of the Canadian National Railway and the long completed road of this railway being utilized and asked that the Provincial Government in view of this fact would bring all possible pressure to bear upon the Diminion Government for an adequate service to Sooke Harbor.

The minutes of the last monthly meeting were then read and upon motion of Mr. John Phillips, seconded by Mr. Hewer, were adopted.

The chairman then called upon Lady Emily Walker to speak with regard to the request made to their association by the East Sooke Farmers' Institute. Lady Emily pointed out what a boon the ferry connection would be to the farmers and settlers upon the East Sooke side, for it would open up to them a market for their stock and produce in the Sooke district which at present was an impossibility owing to the great distance around the Inlet by road. She explained how she had on behalf of their Association written to the Victoria Chamber of Commerce, to the Franco-Canadian Co. (upon whose sub-division the approach on the Sooke side is) and also the Victoria Automobile Association as the ferry connection would provide motorists with one of the most beautiful short drives, from and to Victoria, to be found. She had also written to their member, R. H. Pooley. Lady Emily stated that the weather alone had prevented quite a large number of residents upon the East Sooke side being present at the meeting as all were most anxious about this matter which was so important to them and she hoped that the Sooke Harbor Development Association would do all that was possible to co-operate to get this ferry established.

Resolution.

The following resolution was then proposed by Captain John A. I French, seconded by Alex. Campbell: "That this Association does strongly approve of the energetic steps taken by the East Sooke Farmers' Institute to gain the support of the adjacent districts in securing a ferry service between East Sooke and the Saseenos Road to the Sooke Main Road. And further we trust that the steps already taken by us will satisfy the members of the East Sooke Farmers' Institute that we are doing all in our power to attain this end." Upon this being put to the meeting by the chairman it was unanimously carried.

It was then moved by Lady Emily Walker and seconded by Capt. J. A. I French that the Sooke Harbor Development Association communicate with Mr. Quelch, the owner of the property on the East Sooke side requesting his permission in the interests of the whole Sooke Harbor District for the East Sooke road approach at the extreme Western boundary of his land a distance of but 80 yards from the main East Sooke road (Carried.)

One or two other important matters were dealt with and then on motion of R. Seymour, seconded by E. Throup, the meeting adjourned.

Vimy Remembered.

The anniversary of the great fight for Vimy Ridge, where the Canadians covered themselves with glory and won for the Allied forces one of the greatest strongholds of the Germans in the war, was not forgotten by the people of Sooke, for on Sunday last the simple yet impressive cenotaph which stands at the village cross roads was decked with Spring flowers and the Union Jack floated at half-mast from the flag pole within this memorial enclosure in front of the silenced trench mortar which speaks louder than any words of the victory won and the great sacrifice made by those lads from Sooke who gave their all, and whose names appear upon the tablet of bronze.

Band Concert.

The coming open-air band concert by the brass band of the Victoria Boys' Naval Brigade has every indication of being very widely supported, as it well deserves, being in aid of such work as the Navy League of Canada is doing. W. M. Walker, the secretary of the Kiwanis Club of Victoria, has written saying that he is giving this event as much publicity as possible. Admiral Sir Edmund and Lady Pears have every hope of being present. The president of the Victoria branch of the Navy League, Major W. H. Langley, has intimated that he and Mrs. Langley will be coming, whilst many other invitations have been extended.

The beautiful grounds on the top of the knoll, whereon the Sooke Harbor Hotel is built, which overlook the Sooke River, make an ideal spot for such an event, and it should be possible for everyone to enjoy the music given by this twenty-five-piece band, under Bandmaster Rumsby's able direction. It is hoped that the weather conditions may be as ideal as the spot which has been chosen. Should by any chance unfavorable conditions prevail for an open air concert, Major Nicholson has kindly consented to loan the spacious hall and covered veranda of the hotel building.

In view of the anniversaries of St. George's Day and the naval victory at Zeebruge, a short memorial service is being arranged for prior to the band concert at the Sooke Cenotaph. It is hoped that a large crowd may gather around this sacred spot when the brass band of the Victoria Boys' Naval Brigade will lead the singing.

HOW CHINAMAN WAS KILLED AT SHAWNIGAN LAKE

Rev. and Mrs. E. S. Hunt Are Leaving for England

(Times Correspondence).

Shawnigan Lake, April 11.—A fatal accident occured at the Shawnigan Lake Lumber Co's Mill on Monday morning. A Chinaman named Joe Chuk, was struck in the chest by a piece of cedar, and died about an hour afterwards. According to eye-witnesses a piece of cedar siding was being run through the edger when, for some unknown reason, it flew from the saw with terrific force, catching the Chinaman square on the chest, knocking him unconscious. He was taken to the first-aid room, and given first-aid. When he gained consciousness for a few minutes, and complained to a fellow Chinaman of a severe pain in his back. He died shortly afterwards. The coroner at Duncan was notified, but was unable to attend. Dr. Hart, of Victoria, responded, and an inquest was held in the afternoon.

James Finlay, A. A. Dougan A Goodfellow, Geo. Kingsley, and B. Lovell acted as Jurymen, with James Finlay as Foreman. On viewing the body no marks were discovered. Death evidently being caused by internal injuries around the region of the heart. J. Rathbone and A. Dyson eyewitnesses of the distressing event, gave evidence of the purely accidental character of the sad affair and the jury brought in a verdict of accidental death, attaching no blame to anyone. The mill closed down for the day after the accident occurred.

About fifty ladies and engtlemen friends of Rev. E. S. Hunt and Mrs. Hunt, gathered at the home of Mrs. Watson Clark to say farewell to Mr. and Mrs. Hunt, who leave for England on Wednesday. During the evening Col. E. Vardley Wilmot presented Rev. E. S. Hunt a set of military hair brushes. In doing so he voiced the feeling of the gathering by referring to the high esteem in which Mr. and Mrs. Hunt was held in the community. Mr. Hunt served during the Great War as a combatant, and spent many weary months in hospital as a result. While at Shawnigan he has been associated as Master at the Preparatory School, and is now leaving for a summer term at Monkton Coombe Senior School, near Bath. It is the ultimate intention of Mr. Hunt to return and conduct a higher branch of education in the school here. Mr. Hunt, in replying, stated his sojourn at Shawnigan had been very pleasant. His health had greatly benefitted, and he felt the severest regrets at going away, which, however, was tempered by the thought of his probable return, when he would be able to add a little in assisting the rising generation to become great Canadians. During the evening Mrs. Furborge presented Mrs. Hunt with a beautiful basket of spring flowers. Mrs. Bastion and Mrs. Worledge rendered several songs in beautiful voice.

Mr. S. J. Heald conveyed to Mr Hunt the regret of the members of the Athletic Club at his going away. Mr. Hunt, a skilled oarsman himself, gave valuable advice to the lapstreak crews, and Mr. Geo. Kingsley attributed his victory with the single sculls to the coaching he received from Mr. Hunt. Miss Annie Clark served a delightful supper The gathering broke up singing "They are Jolly good fellows," and "Auld Lang Syne."

Fishing in the lake continues good. Mr. W. E. Ditchburn was top liner again this week. He caught a wonderful basket of beauties around McClurg's bay and the west arm. Seyeral good catches have been made in the evening off the landing at Kingsley Bros.

James Paterson, purchasing agent for the Government, has disposed of his fine summer home on the lake shore, together with considerable acreage.

Mr. Mason Hurley has purchased the Dundas cottage and an acre of land overlooking the lake on Halhead Road. Several other pieces of land have changed hands lately.

MAN FALLS OVERBOARD.

(Times Correspondence.)

Ladysmith, April 10.—While loading coal at the wharf of the Canadian Collieries (Dunsmuir), Limited a sailor named Alec Poulson, of the Tug Equator and Barge Arthur It seems that while working around the scow he missed his footing and fell into the water.

Had it not been for the quick action of Captain Davidson, who threw him a line, it might have been fatal for the unfortunate man.

Mr. Glen, local paymaster of the Canadian Collieries (Dunsmuir), Limited, has commenced clearing operations on his acre tract of land at Blaineys. It is Mr. Glen's intention to erect a residence on this land as soon as the clearing is completed. This parcel of land is one of the finest locations in this district.

Eskimo women are expert sewers, and their waterproof seams are said to be the only real waterproof sewing in the world.

Is there any other use to which you can put the cost of a classified ad that will bring such excellent result?

Back of every Eddy match!

On Canada's first birthday, Eddy's were already 16 years old. When the last spike was driven on the Canadian Pacific Railway in 1886, Eddy's had passed their 35th milestone. When Ottawa was still Bytown—seven years before it became Canada's capital—Eddy's were making matches for Canada's total population of 1,850,000 people.

Deep-rooted in Canadian soil before Confederation, Eddy's are more Canadian than the Dominion. The business romance of this great pioneer industry is the history of Upper and Lower Canada for three-quarters of a century—since 1851!

Eddy's have seen the number of match consumers grow from less than 1,850,000 to 9,000,000.

In the great Eddy family of 2,500 loyal Canadian workers are found many who have seen service for over 40 years—from father to son and daughter.

And never a strike since 1851!

With a payroll of over $2,500,000 a year, the gigantic Eddy plant spreading over 75 acres is now producing 120,000,000 matches a day of superlative quality—equal to 5,143 miles of matches end to end.

This long-continued supremacy is the result of unfaltering adherence to the Eddy ideal—*the most for the money.*

"Eddy's" is the Canadian word for matches!

EDDY FACTS

Eddy matches are packed and counted under Government supervision
—in 35 styles of various lengths to suit every individual requirement.
—with various colored heads.
—in washed air.
—from selected, clean, straight grained Canadian white pine, kiln-dried.
—to stand every strain of striking on any surface.
—carefully inspected before being packed.
—every process for making boxes, packing board and printing is done by Eddy's.
—Eddy's was the first word for matches in 1851.
—Eddy's is the last word in 1922!

EDDY'S MATCHES

A Life for A Dollar

NEVER was human life so cheap as it can be bought today in the famine districts of Russia.

$1 will save a child's life by providing food for a month.
$10 will save ten children from starvation.
$500 will establish a kitchen and feed 100 children until the next harvest.

Will you save a life with a dollar?

Could any other dollar you have—or ever hope to have—bring such soul-satisfying returns?

Wouldn't you sleep better—feel better—be better—if you knew that a dollar of yours saved a child's life?

Only—anything you do to save the children of Russia in their desperate fight against death from starvation, must be done **at once.** Won't you send the dollar NOW? A child's life depends on it.

Cheques and money orders may be forwarded through your bank or local committee or sent direct to Sir George Burn, Treasurer, Save the Children Fund, Elgin Bldg., Ottawa.

BRITISH TRADE FIGURES.

London, April 12.—Following are the Board of Trade figures for the month of March: Total imports, £87,870,000; exports of British products, £64,580,000; re-exports, £10,150,000; total exports, £74,730,000; excess of imports, £13,140,000.

COMMISSION IS NAMED BY SMUTS

Will Investigate Events Prior to Martial Law in Africa

London, April 12.—(Canadian Press Cable)—A Reuter dispatch from Capetown, South Africa, states that Premier Smuts announced in the Legislature yesterday the appointment of Sir Thomas Graham, judge, as president of the eastern division of the Supreme Court of South Africa, and Sir J. H. Lange, judge of the Supreme Court, South Africa, as a commission to inquire into the events preceding the declaration of martial law during the recent disturbances in the land district.

The commission is also to inquire into the question of whether the declaration of martial law was justified or not, and whether or not the Government forces committed irregularities during the attempted disorders. The terms of the reference to the events in connection with the uprising also include an investigation into the conduct of the natives during the troublous period.

EXCHANGE SITUATION

New York, April 12.—(Canadian Press)—In a review of the exchange situation printed to-day, the Wall Street Journal says:

"Strength in Canadian funds has resulted from a small increase in bills in this market. Canadian exchange has been so quiet recently that the discount rate is subject to fluctuations on influences which ordinarily would have no effect. Decision of the province of Ontario to float a rather large loan, probably accounts in some measure for the decreased offerings and heavier inquiries."

Advertisements are a big and fruitful source of news.

BANKERS' TRUST COMPANY

The offices of the Bankers Trust Company have been moved to the offices of The Royal Trust Company, Belmont House, Victoria.

Are You a Born Advertiser?

Certain merchants get a reputation for being born advertisers.

They may have earned the reputation. They were not born that way. Their particular genius has lain in the fact that, having marvelous faith in the power of Daily Newspaper Advertising, they went ahead with it regardless of immediate results.

They had courage. And the courageous advertiser gets the greatest rewards.

There are those whose temperament is not suited to Napoleonic tactics. Neither will their product or pocketbook permit them to use these tactics even if they were so inclined.

Daily Newspaper Advertising is as another brain to the sales force of these men. It is the one medium from which they get quick and accurate returns; and are so able to repeat their advertisements as often as conditions warrant, and the treasury justifies.

This is particularly true at this time of the year when the season, the weather, the change of fashion, the state of public mind and attitude of competitors, all combine to affect daily sales.

The born advertiser is not necessarily the large space advertiser nor does he have to have more than one thing to advertise.

If he is quick to seize every incident in his daily life and capitalize it in his next day's advertising—the public will soon pay him that tribute of admiration expressed in the words "a born advertiser."

Issued by The Canadian Daily Newspapers Association, Head Office, Toronto

WILL DOUBLE SIZE OF OIL PLANT HERE

Shell Company to Install Three New Oil Tanks on Reserve

The Shell Oil Company, which established a big oil distribution station on the Reserve here some time ago, has decided to double its present plant by the installation of three more oil tanks, Acting Mayor John Harvey, chairman of the Civic Industrial Committee, announced today. Work on the installation of the new oil tanks started yesterday after the City Council had given its formal consent to the scheme Monday night.

The three new tanks are being manufactured by the firm of Yarrows, Ltd., here, so that Victoria labor is benefiting by the Shell Oil Company's extension plans.

Officials of the company have informed Alderman Harvey that they consider the oil distribution station here the most satisfactory in their whole organization. Further extensions will be made to the plant later after the present improvement plans have been completed, the Alderman has been informed. The company opened its station here after negotiations with the Civic Industrial Committee.

COMMERCIAL ALLIANCE IS REPORTED BETWEEN GERMANY AND FRANCE

Leeds, Eng., April 12.—The Yorkshire Evening News yesterday published particulars of a commercial alliance which it says has been concluded between Germany and France.

The newspaper says it is understood a leading French dye company has made arrangements with the German dye trust under which the Germans agree to give France all the technical assistance in their power, to disclose the secrets of their laboratories and tell how they are carried out, furnish copies of plant designs and send trained German chemists into French factories to superintend the secret processes in actual manufacturing operations. The French have undertaken, says The News, that their output of dyestuffs shall be confined to the demands of France and her colonies and they consent to hand over to the Germans fifty per cent. of their profits.

LIKELY CHALLENGER IN SCHOONER RACE WAS SENT AGROUND

Gloucester, Mass., April 12.—The fishing schooner Henry Ford, launched at Essex yesterday as a prospective challenger for the North Atlantic fishermen's racing cup, was in danger of being a wreck to-day. She went on a mud bank soon after she was launched and was pounded by heavy seas.

Making use of the classified ads is like falling in with a friend.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, April 12.—The wheat market continued exceedingly dull but firm again to-day and prices ranged fractionally higher till near the close, when a decline was recorded.

May closed ⅜c lower and July ½c down.

Foreign cables were reported to be giving very little encouragement, while private cables continue to show more or less indifference.

All cash markets were unchanged, with the brokers continuing to mark time. Trading in both wheat and coarse grains was exceedingly light, with spreads unchanged.

Inspections totalled 201 cars, of which 104 cars were wheat.

TEA PRICES STRONG

Pekoes Being Well Bought Ahead; Pingsueys Being Investigated by Government.

New York, April 12.—In the tea market in the last month Japans have shown continued strength, the lowest priced teas being at present about 36 cents. Formosas have remained unchanged, according to the monthly tea report of Carter, Macy & Co., Inc.

Owing to the low freight rates by way of the Panama Canal, an unusually large proportion of greens have come to New York. Recent arrivals of pingsueys have been "held up" a long time by the Government, pending chemical analysis, and in the trade there is a feeling that there may be rejections. The possibility of this has given a strong tone to the market and stimulated some buying.

The market in Ceylon rules strong. London reports also show a strong market. Naturally, their conditions are reflected in our own market.

We had thought, the report continues, that there might be a little easing off in the Java market, but such has not been the case. In Java the supply is not equal to the demand, and in some cases thirty to forty days have elapsed before cable orders could be shipped. In our own market, pekoe souchongs are bringinb 19 cents. A considerable business has been done in both pekoes and orange pekoes, based on types. As these teas cannot arrive for several months, it shows the buyers' confidence in the market. The teas show excellent quality in camparison with Ceylons and Indias.

STEVENS WOULD PUT UP IMMIGRATION BARS

Vancouver Member Urges Policy of Restricted Immigration

Kingston, Ont., April 12.—Speaking before the Canadian Club here last night, Hon. H. H. Stevens, M. P., Vancouver, made a strong appeal for a policy of restricted immigration.

"We want an increase in population," he said, "but we must shut the bars against all races and types that can not be assimilated by us. By assimilation I mean marriage. We can take British who want to go on the land and the Danes, Swedes and Norwegians, all of whom make ideal citizens. But we can not admit people from Central and Southern Europe and Asia."

Mr. Stevens urged that Canada could not withstand a great immigration movement from China, Japan and India. The white race would eventually become swallowed up if no effective laws were enforced against Oriental immigrants.

MOTHER HAD GREAT PRESENCE OF MIND

Oakville, Ont., April 12.—Blown by a gust of wind on to a railway track, a carriage containing two-year-old Dorothy Strome, was smashed by a fast freight train an instant after the child's mother had grabbed her from the carriage. The mother had left the carriage a moment while mailing a letter.

BUTTER SHORTAGE IS PREVALENT

Stunted Supplies from Antipodes, and Rumor from East, Causes Precarious State

All prices were firm on the retail market to-day, but changes are expected in the future in the price of butter. The expected strengthening up in the egg prices has been abandoned, as weather conditions favor a steady price.

With the arrival of the Makura in Vancouver 5,000 cases of butter were unloaded. The news of the Alberta consignment of butter which was supposedly rolling west has been suddenly changed to be only a rumor and from information received from leading retail stores this morning it is thought that relief from this section of the country cannot be expected for some ten days or two weeks. Extremely cold weather has brought about this change in the east while expected supplies from across the line will not be relied upon owing to weather conditions also. A scarcity is noted throughout the entire butter section, but prices remained stationary to-day.

Egg quotations are still holding out at the same figure. Retailers had expected an advance on account of the Easter season demand, but the weather is breaking up in Victoria and vicinity and this will greatly relieve the expected advance. The Easter demand is not so great as was expected it was announced this morning, but if the demand rushes in the day before the holiday, the prices are expected to advance rapidly. An easing up in smoked meats can be looked for, it was stated on inquiry. Quotations on hogs are expected to receive a jolt, and this will effect the smoked meats to some extent, bringing a lower quotation than the present one. The quotations are as follows:

Vegetables.	
Sweet Potatoes, 2 lbs.	.25
Cauliflower .25 to	.40
Parsnips, 9 lbs. for	.25
Ashcroft Potatoes, sack	2.10
Hothouse Rhubarb, per bunch	.25
Carrots, 8 lbs. for	.25

COUGHLANS DEFEND THEIR WAGE SCALE

Compares Favorably With Union Wages; Mayor Sees Plant

Vancouver, April 12.—While in the city, Mayor Marchant, of Victoria, took advantage of the opportunity to inspect the plant of J. Coughlan & Sons, Ltd., which concern is seeking the contract for the completion of the Johnson Street bridge at Victoria. He was also escorted through the freight steamer City of Victoria, which entered False Creek earlier in the day.

Victoria dispatches stated that Mayor Marchant had been informed by Alderman Woodward that the Coughlan firm was not paying the union scale of wages and on this ground opposed the awarding of the contract to the local concern.

Interviewed on this matter, Charles Coughlan said this morning that while it was quite true that his firm was operating on an "open shop" basis, the wages paid compared very favorably with the union scale. He also pointed out that there is a clause in the contract which made it obligatory that the union scale of wages should be paid. It was not necessary to operate on a closed shop basis to pay the union scale, he pointed out.

BUY LONG TERM BONDS NOW

History will fail to repeat itself if the standard interest rate is not greatly reduced long before many of the bond issues now available at an interest rate of approximately six per cent., or better, become due. When interest rates decline, high interest bearing securities of long maturity naturally enhance in value.

We can place your funds in a wide variety of the highest class securities, offering all the possibilities of favorable changes in money conditions of the future.

Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, etc., 1½c per word per insertion. Contract rates on application.

No advertisement for less than 15c. Minimum number of words, 10.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.

Advertisers who so desire may have replies addressed to a box at The Times office and forwarded to their private address. A charge of 10c is made for this service.

Birth Notices, $1.00 per insertion. Marriage, Card of Thanks and In Memoriam, $1.50 per insertion. Death and Funeral Notices, $1.50 for one insertion, $2.50 for two insertions.

BIRTHS, MARRIAGES AND DEATHS

BORN

SANDS—On the 12th, at the residence, 2424 Quadra Street, to Mr. and Mrs. Mason C. Sands, a daughter.

DIED

ANDERSON—On April 10, at the Jubilee Hospital, Ernest Douglas Anderson, of Saanich; aged 15 years; born in this city. Deceased is survived by his parents, one sister teaching at Fernie, B.C., and three brothers at home.

The funeral will take place from Sands Funeral Parlors at 3.30 Friday, interment being made at Royal Oak.

HARKER—On the 12th inst., at the family residence, 1165 Chapman Street, William Waggott Harker, aged fifty-nine years; for many years in charge of cycle department, Plimley & Ritchie, Ltd. He is survived by his wife and two sons, William and James, and one daughter, Elsie.

The remains are reposing at the Thomson Funeral Home, and will be removed on Friday, April 14, at 12.30 to the Fairfield Methodist Church, where service will be held at 2 o'clock. Rev. S. Cook will officiate. Interment will be in Ross Bay Cemetery. Friends kindly accept this intimation.

IRVINE—At the Jubilee Hospital on April 10, William Irvine, in the age of seventy years and seven months.

The body will lay at the B.C. Funeral Parlors until 1 o'clock, Thursday, April 13, then will be removed to the St. Luke's Church, Cedar Hill, where services and interment will take place at 2.30. The Rev. Mr. Carroll will officiate.

KOLTERMAN—On the 11th inst., at the Royal Jubilee Hospital, Henry F. Kolterman, aged sixty-seven years; a native of England and a resident of Victoria for the past eight years. Late residence, 1013 McCaskill Street. He is survived by his widow and three sons.

Funeral service will be held from the Thomson Funeral Home on Saturday afternoon at 2 o'clock, Rev. F. A. P. Chadwick officiating. Interment will be in Ross Bay Cemetery.

IN MEMORIAM

In loving memory of William Edgar Bayliss, died April 12, 1921. Gone but not forgotten.

Inserted by Mother, Brothers and Sisters.

Do it The Times Want Ad. Way.

IF YOU ARE LOOKING FOR A HOME

"JUST A LITTLE DIFFERENT"

HERE ARE TWO YOU CAN'T BEAT FOR ATTRACTIVENESS AND VALUE.

LARGE living room (18.6 x 14 ft.), two cosy bedrooms, Dutch kitchen, scullery, fully equipped bathroom and large sunroom, make up one of the most charming and attractive little bungalows in the city. The living room has a six-foot pressed brick fireplace, handsome built-in buffet, leaded glass windows, oil painted walls and ceiling, etc. The bedrooms are beautifully papered and tinted and contain clothes closets. All kinds of labor saving devices in the kitchen, which is finished in several coats of white enamel. Scullery with stationary wash tubs. Well laid floors, all highly polished. Large, well built garage for two cars. Cement sidewalks and runway to garage. Picturesque lawn and garden. This is really a lovely little home and guaranteed to be in perfect condition. A look at this property will convince that it is one of the best buys on the market at

$3,150, ON SUITABLE TERMS.

FOR $4,200, on terms, we can offer one of the choicest sea view properties of its class in the city to-day. The house consists of a very large living room with large open fireplace, exceptionally large plate glass windows with a wonderful view of the sea and mountains. A cheery dining room, panelled and beamed and finished in imitation leather burlap. Spacious hall and a most comfortable little den, nicely panelled and with large open fireplace. Fine big kitchen, with a fully equipped pass pantry. The downstairs portion of the house (with exception of the kitchen) has well laid HARDWOOD FLOORS. The upstairs consists of three good bedrooms, with clothes closets. One bedroom leads onto small balcony. There is a full sized cement basement, extra toilet in the basement, and there is an almost NEW hot air furnace, stationary tubs, etc. Nice, clear, level lot, facing southwest, and without a doubt in one of the choicest residential parts of the city. We know you cannot beat this wherever you go.

PRICE ONLY $4,200.

Cemetery Site Wanted

The Board of Cemetery Trustees of Greater Victoria invites offers of from 30 to 80 acres of land suitable for a cemetery site. When considering offers the Board will give preference to a site

(a) With sandy subsoil.
(b) With accessibility to good road.
(c) Within reasonable distance of water supply.
(d) With features that will lend to its beautification.

The Board will require 30 days' option and the right to enter upon any land offered, for the purpose of making necessary tests of the nature of the soil.

All offers to be submitted in writing enclosed in a sealed envelope marked "Offer of Cemetery Site" and addressed to "Board of Cemetery Trustees of Greater Victoria, City Hall, Victoria," and delivered not later than 10 a.m. on April 18, 1922.

By order of the Board.

SPEAKS ABLY ON POLITICAL AND ECONOMIC EUROPE

Professor Zimmern Says War Brought Democracy

Optimistic Regarding Conditions Generally

Deals With Wide Variety of Subjects

Dealing in a most comprehensive and interesting manner with the economic and political situation in the European nations following the Great War, holding that there was good ground for taking an optimist view of things, and averring that the smaller nations of Europe had been freed by the war of the despotic rule of the autocracy and henceforth would enjoy the privileges of democratic government recognized by the great powers, Professor Alfred Eckhart Zimmern addressed an audience at the Chamber of Commerce last night that packed the auditorium.

The speaker paid a high tribute to the men who had fought for democracy, and, due to their presence, it was evident that there is a spiritual force at work which will lead to better things.

Ten years from now Europe will be ruled by this class of men, cleaner, better-spirited, and, in the true sense of the word, of a more pacific spirit.

"We have with us now a generation young enough to be vigorous and active in purpose and old enough in experience to know what most men know, only when near the close of life, that will lead the world to peace and all the finer arts of civilization," the Professor said.

James H. Beatty, President of the Chamber of Commerce, introduced the speaker, who, in opening, expressed his pleasure at being once again on Canadian soil. Professor Zimmern spoke for two hours, and was repeatedly applauded. He showed great intellectual attainments, making it possible to answer briefly and intelligently queries on numerous and diversified topics.

The Washington Conference.

Referring to the results of the Washington conference, Professor Zimmern expressed approval of the Four-Power Pact, which, he explained, was much more satisfactory than the Anglo-Japanese Alliance.

"We have got on a much more business-like basis as a result of the Washington Conference. It succeeded wherever it kept within the agenda, but failed whenever it went outside of it. It succeeded in touching the Far East, but failed in dealing with Europe," said the speaker, who went on to explain that it was impossible to deal with the affairs and the effect they might have on nations that were not represented.

France in Mediterranean.

The speaker defended France's attitude on the naval policy, and remarked that there were many matters in the Mediterranean vitally affecting France's interests, which that nation alone could deal with. "The difference between disarmament and necessary national protection is a matter that must be fully understood," he said.

Speaking of the situation in Europe, Professor Zimmern said that there was a great deal of pessimism about Europe, particularly in the United States. He had read a great many books which gave the erroneous impression that Europe was breaking up in desperation. "There are two schools in Europe—the Optimists and the Pessimists. I am in the Optimist class.

"It is a long way to go, and uphill, to get back to where we were in 1913, but the main thing in Europe is that we won the war. We destroyed Prussian militarism and removed one of the great causes of trouble and unrest. The progressive forces in Europe were in the minority, but that has been ended. Europe, from Ireland to the Eastern frontiers of Poland, has been made democratic, and the right system has been established.

Peaceful Frontiers.

"You need no longer a balance of power. For the first time in history it is possible for the political life of Europe to develop in the same way that it does in this western hemisphere. There is no reason now why we should not have the peaceful frontiers in Europe that exist between Canada and the United States, though we cannot expect this condition to come all at once.

"The system of co-operation as against the system of competition is coming."

"Few people is this country realize what a tremendous economic strain the war inflicted on Europe. We had to surround Europe, hem it in and cut it off from the rest of the world. The seige meant that we prevented the industrial people of Europe from getting the raw materials necessary to manufacture," said the speaker.

"The blockade was more decisive in its slow, remorseless working than any military operation, and it is something that Great Britain may well be proud of. You could never starve them out, but you could deprive them of the raw materials to manufacture. That is what has put Europe in such bad shape.

Government's Coerced.

"When the war ended many of the troops were demobilized in countries that could not support them, and this almost led to Bolshevik rule throughout Europe. The outbursts following the war were due to the blockade and in desperation the governments had to hand out large doles to these men, which had a very bad effect on their financial system," said Professor Zimmern.

"The countries began to get into difficulties and they inflated their currency to look after the unemployed. Only through the operation of private capital were these countries able to get started.

"Up to 1919 conditions in these countries were terrible, and in Great Britain they were good. By 1920 investors found that it was a good proposition to put money into industries in Austria and other countries, so that in the last eighteen months the tables have been turned, and instead of the unemployment being in the former enemy countries it is now in Great Britain."

Another View of Genoa.

"Why? Because the men went to work in these foreign countries at much less wages, and they began to undersell us. The consequence is that unemployment in these countries is now almost nil, while in our countries it is extremely aggravated. It is not so long ago that money was being raised in Great Britain for relief in Austria, while now the relief is needed at home," continued the speaker, who went on to say that one of the real purposes of the Genoa Conference is not to solve the problem of foreign countries, but "to solve the problem of Great Britain's unemployment and to hasten the day when the Poles, the Germans, Austrians and others will buy from us."

However, when an Englishman finds himself up against a problem he always "fights his way through," said the Professor.

Wealthy Peasants.

The blockade enormously improved the position of the producer in the blockaded countries, the speaker continued. Prices went up and the farmers became rich at the expense of the towns. They paid off their mortgages and improved their condition, and became important factors in the affairs of Europe. This occurred while the town workers were talking about coming into their own and 'painting the town red.'

"You are going to witness the development of a big co-operation movement, a movement that springs from the soil. The Roman Catholic Church is taking up this co-operative movement, and teaching the illiterate peasants regarding it. It is a progressive movement that is working slowly as there are not enough schools, and the people are ignorant but we will realize this force in another ten or fifteen years.

"We will not hear so much about class struggle now in Europe." The Socialistic movement, for instance, has received its death blow. Foreign capital is being used to develop industries and employer and employee are working together and co-operating to see that the foreigner does not get too much out of them," said the speaker.

Do Not Want New Map.

Referring to the mental attitude of the Germans following the war, Professor Zimmern humorously remarked that while traveling through America he always knew where there were lots of Germans because one could never get a new map of Europe showing that country as newly constituted. "The Germans absolutely refuse to look at the new map," he said.

Soul Without Body.

Summarizing possibilities in the various countries in Central Europe, Professor Zimmern said that Poland is bound to become a very important country in Europe. For 150 years it has been divided between three different governments. It was aptly described by Lord Acton as "A Soul Without a Body." But Poland has been reconstituted, and is now pulling very well together. It appointed a very strong Finance Minister with almost despotic powers, and he is now collecting taxes, a very difficult thing to do in newly constituted countries with newly constituted governments. What makes the exchange system so unsatisfactory is the difficulty of new governments collecting taxes, said the Professor.

"Czecko-Slovakia," south of Poland, has chosen as its president a man of very great ability, and this country also will be heard from.

The Beautiful Tyrol.

South again is Austria, a country that suffered very much after the signing of the Armistice, but is now rapidly recovering. In the western portion of Austria lies a wonderful scenic country adjoining Switzerland. On account of the exchange situation, and the fact that just as beautiful mountains and waterfalls may be found in Austria, tourists are flocking into Austria by the thousands, while there are two thousand hotels in Switzerland that are empty. As Austria finds the exchange improving she will get back her prosperity.

Menace of Hungary.

"East of Austria lies Hungary, a very resentful country and one of the danger spots in Europe. They are a very proud, Imperial race, in the bad sense of the word. They have four Alsace-Lorraines which they claim they are going to get back. The Peace Conference disarmed them, but their neighbors feel nervous about them.

"Roumania has much improved its land system by peasant proprietorship.

"Jugo Slavia is a country in which the Serbs predominate. This country lost about one-third of its male population, it suffered two terrible invasions, a ghastly retreat, the indignity of being in foreign possession and a terrible epidemic. The people are very proud and vigorous, however, and they have set to work in a most wonderful way to rehabilitate themselves.

"The Little Entente."

"These countries have already begun to crystalize into what might be known as 'The Little Entente.' They They have formed what might be regarded as a Monroe Doctrine for that part of the country. In the past they have been dictated to too much by Paris and London but in future though there is a very great sympathetic feeling between the policies of these countries these small countries will have more to say about their own affairs," the speaker said.

Regarding the League of Nations, Professor Zimmern said: "We were all led to expect too much from it. We are now in danger of thinking too little of it. It has become an extremely important element in the life of Europe, and it is indeed a fine thing to have a world court to which contentious matters may be referred.

"There are many questions which must be settled by each country itself. For instance, such questions as Canada's immigration policy could not be referred to such a Court.

"A most important part of the League you do not hear about is its administrative side," said the speaker, who went on to explain the ramifications of the administration, referring to the multifarious treaty obligations and other matters that had to be watched over by representatives of the various nations.

"The Peace Conference is a mere piece of machinery and cannot be expected to do all the spiritual things some of the clergy preached to their people about. Nevertheless, it can do a great deal, and we are in danger of ignoring the value of the machinery that has been set to work, Professor Zimmern said.

Empire Will Prevail.

"The real forces are working in a deeper region," said Professor Zimmern, speaking of the predominating part the British Empire would continue to play in world affairs. "I am optimistic for the Empire for the same reason that I am optimistic for Canada, by reason of the wonderful experience we have been through. More particularly after crossing the border from the other side where they were not so long in the war and have not suffered so much, do we feel that in Canada we are in a country that has suffered, and where there are men who have lived, not for months, but for years in the face of danger, placing them on a higher level, where they can see the big values in life.

In response to his invitation to do so, the audience fired a volley of questions at the speaker, which he answered promptly and fully. During the discussion which followed the address Professor Zimmern remarked that King Constantine of Greece, through pride and arrogance, had been responsible for prolonging the war by three years. "Great Britain would not have been so generous with Greece in the matter of Constantine, had it not been that the British troops had been demobilized," he said.

A hearty vote of thanks was extended to the speaker.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and a weakness and at times was obliged to stay off my feet. I doctored with our family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may publish this letter if you wish."—Mrs. M. SHERMAN, Route 2, Lake, Mich.

There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing its merit.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Compound?

JAPANESE SQUARES IN HEAVY DEMAND

Deflation of Prices in Island Empire Slow

Japanese timber merchants continue to have a steady demand for "squares," such as have been extensively cut in the Pacific Northwest, according to H. A. Hawthorne, a Seattle lumberman who arrived here on the Pine Tree State yesterday afternoon.

Mr. Hawthorne stated that the fundamental principle behind Japanese trade at the present time, and one which vitally effected the extension of timber business with this Coast, was the deflation of prices in Japan. Speculation had been rife during the war, and for the two years following the Armistice. Long after the Western nations had commenced to deflate prices, the Japanese had continued to hold them high, as a consequence of which the time had come now when re-adjustment was forced on the buying public. In consequence there was a distince decline in the purchasing power of the merchant class, and that in his opinion, would influence the demand for fir and cedar on this Coast.

Mr. Hawthorne believes, however from his tour in Japan that there is a good field for business in Pacific Northwest timber.

Fine French Kid Gloves Price $1.95

Gordon's Limited
739 Yates Street Phone 5510

Baldwin's Beehive Wools have arrived.

Two Special Values —in— Spring Coats

You'll marvel at the fine quality and the dashing styles of these Coats we are offering at **$16.50** and **....$19.50**

At $16.50—Several different and highly attractive styles are included in this range; they are made from velour and polo cloth in popular colors; sizes 16 to 40.

At $19.50—The Coats at this price will prove an interesting treat to many. They're developed from good quality wool coatings, velour and polo cloth, in wanted styles and colors.

Continuing To-day
The Pre-Easter Special in Women's Suits at $17.95
Values $25.00 to $37.50

These Suits are in many smart styles and are wonderful values. They are made from fine wool serge and poplin in semi-tailored styles, neatly trimmed and well lined; colors navy, brown and black; sizes for women and misses.

Smart Easter Gloves

Select your Easter Gloves from such well-known makes as Kayser, Perrin's and Trefousse. Stocked in all popular styles and new colors.

Silk and Chamoisette Gloves, in two dome style. Price, **$1.00** to **$2.25**

Silk and Chamoisette Gloves, in sacque wrist and novelty styles. Priced at **$1.50** to **$3.25**

Smart Vest and Collar to Match, in sponge cloth, heavy linen and tinted organdie, featuring the modish Paisley borders. Price, **$2.50** to **$3.75**

Bramley Collars, in a big range of Spring colors. Price **95¢** to ..**$1.50**

REALTY MEN FIRE HOT SHOT AT CLOSED SUNDAYS

Lack of Quorum of Realty Board Could Not Restrain Criticism

To show that the most prominent realty men of Victoria are emphatically opposed to stricter enforcement of the Lord's Day Act than has been customary in the past, a gathering of members of the profession took a most unusual course last night at the Pemberton Building Boardroom.

After waiting patiently and in vain for the arrival of one more member of the Real Estate Board of Victoria, necessary to form the quorum legalizing procedure in the name of that body, the nine members decided to get action, and as an unorganized body of real estate men passed the following resolution with prolonged applause.

"Whereas, it is the opinion of this gathering of real estate men of Victoria that there is no cause of complaint as to the manner in which the Lord's Day Act is observed in the City of Victoria;

"Therefore, be it resolved that this meeting is opposed to a stricter application of the Lord's Day Act that at present obtains."

The resolution was introduced by Alfred Carmichael after installing Beaumont Boggs in the chair. He pointed out that "On Sundays one could fire a cannon down Government Street without hitting a soul, and I cannot see what betterment can be secured by stricter enforcement."

In seconding the resolution A. R. Wolfenden said: "It is absurd that such measures should be forced upon the people. Tenants are trying to pay their rent, and property owners are trying to pay their taxes. To enforce such a measure, with one of the Commissioners posing as a business man, is ridiculous."

Fred Landsberg recalled, "In 1884, when I first came to Victoria, the stores used to open on Sunday mornings, the saloons never shut at all, and there were no out of works, no arrears of taxes.

"The Friendly Help did not exist, neither did the I. O. D. E. or a score of other organizations giving certain officious women prominency and easy positions.

"On the other hand there were no little girls selling papers on the streets and everyone had plenty to eat."

ASK BANK FOR FURTHER LOAN TO RUN CITY

Need Money Until Taxes Collected; Seek Sinking Fund Solution

Believing that they have at least started the task of house cleaning the City's finances, and have laid down sound financial policies for this year, the civic authorities are about to appeal to the City's bank for a further advance of money to carry the civic services on until the annual taxes are collected in the Fall, it was made known at the City Hall to-day. The bank previously cut the city's annual loan from $750,000 to $500,000, but the City Council is hopeful now that $250,000 more will be advanced. It will be pointed out to the bank that the Council is exercising rigid economy and, moreover, has prepared to eliminate deficits in its current financing and to make up the deficits of past years.

A More Difficult Task.

Having firmly fixed the blame for sinking fund diversions upon City officials, the Council found itself today faced with a much more difficult task—how to make up the huge deficits in the Local Improvement Sinking Fund. This problem will be taken up by the Finance Committee in co-operation with City finance officials and the City Auditor, at its next meeting, it was announced at the City Hall to-day.

The plan of the 1921 City Council was to refund the Local Improvement bonds when they fell due next year. This would mean the floatation of a huge re-funding loan and some of the present aldermen are not very much impressed with the scheme. Certainly they do not consider themselves in any way bound by the policy of the former Council.

The Council intends to fix its new sinking fund policy before it closes its annual budget and fixes the annual tax rate shortly. As the rate must be fixed within a few weeks now the Council will have to hurry its decision on sinking funds.

At the University of Nebraska seven mothers are regularly enrolled as students in the same schools as their daughters.

Always The Best

DON'T NEGLECT BRONCHITIS

The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid wheezing, and a feeling of tightness through the chest.

There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

In

DR. WOOD'S NORWAY PINE SYRUP

you will find a remedy that will stimulate the weakened bronchial organs, subdue the inflammation, soothe the irritated parts, loosen the phlegm and mucous, and help nature to easily dislodge the morbid accumulation.

Mr. John H. Root, 40 Maple Ave., Hamilton, Ont., writes:—"I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning to get afraid of other developments. I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Wood's Norway Pine Syrup, so I got a bottle, and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since, and good results followed."

Be sure and get "Dr. Wood's" when you ask for it; price, 35c. and 60c. a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

BENGOUGH IS NOTED ORATOR AND ARTIST

Will Visit City on Monday; Welcomed at Kamloops

J. W. Bengough, who is to make two appearances in this city at the Metropolitan Church, on Easter Monday, one in the afternoon and one in the evening, received a rousing welcome on his arrival in Kamloops. The Kamloops Standard-Sentinel thus describes his appearance at the Rotary luncheon:

"A small, white-haired, fresh-complexioned, morning-coated man smilingly walked down to his chair, the while members and their friends clapped vigorously. It was J. W Bengough, cartoonist extraordinary and humorist unusual.

Mr. Bengough is extremely vigorous. He might have been hungry but he put aside his soup and called for a blackboard, which was immediately forthcoming. How he managed it was mysterious, but in the most natural way in the world he was soon shooting sarcastic barbs at Canada's system of taxation, at the same time drawing amusing pictures.

Robinson Crusoe.

Mr. Robinson Crusoe showed mighty poor judgment in choosing that island of his, said the speaker. He should have selected Manhattan and when he declaimed "I am monarch of all I survey" he would have been legally right, for that was the law, what a man was the first to strike was his, and to his heirs and assigns forever. In a highly humorous parody, based on the footprint incident. Mr. Bengough showed Crusoe as welcoming it feverishly because it heralded the coming of mankind, who would pay rents to him in perpetuity.

Drawing the two ovals, the lecturer described one as representing the wealth of the community—the commonwealth—and the other what an individual gained by his own production. In the former he placed land values, franchise values, natural resources. "Render unto Caesar the things that are Caesar's" meant "Render unto the community what belongs to it," for the people represented the only Caesar the Canadians know.

Marked by Iniquity.

Government taxation of what a man produced was marked by iniquity, going as it did into the public till, to the advantage of private interests and speculators.

Drawing a diagram, which might be representative of an office building, Mr. Bengough illustrated his point with the cartoon of a crank asking the owner of the premises to permit taxation of each person entering, on every parcel going out, on mail, on everything, even to the letting of a contract to a firm running the elevator, which would make passengers pay toll. That "multiple taxation," as opposed to single tax, was crazy, surely, yet that was the system under which the people were paying.

Community Way Right.

Why couldn't the single tax system of the office building, which was really a community in horizontal, be applied to the state, which was run in a higgledy-piggledy fashion?

Mr. Bengough gave his wide and boyish smile, and recommended the whole problem, with his best compliments, to Rotarians, who were the very fellows to take it up and give it intelligent attention.

BREEDERS DISCUSS ARRANGEMENTS FOR COMING SHOW

In an endeavor to make the coming Fall show of rabbits a success the Victoria and District Rabbit Breeders' Association met last night at the Y. M. C. A. to discuss the arrangements for the coming event. This was the regular monthly meeting.

Members of the association intend to make this show a bigger success than ever, and on account of the cramped condition of last year's show owing to the large number of entries, they have secured a larger building in which to display the rabbits. The old poultry building will be used for the purpose this year. The entries have been so numerous of recent years that the show has completely outgrown the old building. Open judging for educational purposes will be an innovation to the coming event, the reasons for the decision being pointed out after the judging.

It was decided last night by the members to secure the services of Judge H. K. Carter for the Fall show. Mr. Carter has donated, in addition to the regular prizes, ten pretty ribbons. M. Brinkman, president of the Association, occupied the chair, and there was a large attendance. Many new members were enrolled.
